§ 10.01 TITLE OF CODE.

All ordinances of a permanent and general nature of the town, as revised, codified, rearranged, renumbered, and consolidated into component codes, titles, chapters, and sections, shall be known and designated as the “Spencer Code,” for which designation “Code of Ordinances,” “Codified Ordinances,” or “Code” may be substituted. Code title, chapter, and section headings do not constitute any part of the law as contained in the code.

§ 10.02 INTERPRETATION.

Unless otherwise provided herein, or by law or implication required, the same rules of construction, definition, and application shall govern the interpretation of this code as those governing the interpretation of state law.

Spencer - General Provisions

§ 10.03 APPLICATION TO FUTURE ORDINANCES.

All provisions of Title I compatible with future legislation shall apply to ordinances hereafter adopted amending or supplementing this code unless otherwise specifically provided.

§ 10.04 CONSTRUCTION OF CODE.

(A) This code is a codification of previously existing laws, amendments thereto, and newly enacted laws. Any previously existing law or amendment thereto reenacted by this code shall continue in operation and effect, as if it had not been repealed by this code. All rules and regulations adopted under laws reenacted in this code shall remain in full force and effect unless repealed or amended subsequent to the enactment of this code.

(B) Any appropriation repealed and reenacted by this code is continued only for the period designated in the original enactment of that appropriation.

(C) The numerical order and position of sections in this code does not resolve a conflict between 2 or more sections.

(D) Any irreconcilable conflict between sections shall be resolved by reference to the dates that the sections were originally enacted. The section most recently enacted supersedes any conflicting section or division.

(E) All references within a section of this code to any section of previously existing laws refer to the numbers in the original enactment.

(F) (1) The numerical designations and descriptive headings assigned to the various titles, chapters, subchapters, or sections of this code, as originally enacted or as added by amendment, are not law, and may be altered by the compilers of this or any subsequent codification, in any official publication, to more clearly indicate its content. These descriptive headings are for organizational purposes only and do not affect the meaning, application, or construction of the law they precede.

(2) Each note following a section of this code is for reference purposes only and is not a part of the section.

(G) All references to any section of this code refer to all subsequent amendments to that section, unless otherwise provided.

(I.C. 1-1-1-5)

§ 10.05 RULES OF INTERPRETATION; DEFINITIONS.

(A) *Rules of interpretation.* This code shall be construed by the following rules unless the construction is plainly repugnant to the legislative intent or context of the provision.

General Provisions

(1) Words and phrases shall be taken in their plain, ordinary, and usual sense. Technical words and phrases having a peculiar and appropriate meaning in law shall be understood according to their technical import.

(2) Words imputing joint authority to 3 or more persons shall be construed as imputing authority to a majority of the persons, unless otherwise declared in the section giving the authority.

(3) Where a section requires an act to be done which, by law, an agent or deputy may perform in addition to the principal, the performance of the act by an authorized deputy or agent is valid.

(4) Words denoting the masculine gender shall be deemed to include the feminine and neuter genders; words in the singular shall include the plural, and words in the plural shall include the singular; the use of a verb in the present tense shall include the future, if applicable.

(B) *Definitions.* For the purpose of this code of ordinances, the following definitions shall apply unless the context clearly indicates or requires a different meaning.

CLERK-TREASURER. The Clerk-Treasurer of the Town Council.

COUNCIL. The Town Council.

COUNTY. Owen County, Indiana.

HIGHWAY. Includes bridges, roads, and streets, unless otherwise expressly provided.

MONTH. One calendar month.

PERSON. Extends to and includes person, persons, firm, corporation, copartnership, trustee, lessee, receiver, and bodies politic. Whenever used in any clause prescribing and imposing a penalty, the terms **PERSON** or **WHOEVER** as applied to any unincorporated entity shall mean the partners or members thereof, and as applied to corporations, the officers or agents thereof.

PRECEDING and **FOLLOWING.** When referring to sections or divisions in this code, refer to the sections or divisions next following or next preceding that in which the words occur, unless some other section is designated.

TOWNSHIP. The township or townships in which the town is located.

WRITTEN and **IN WRITING.** Include printing, lithographing, or other modes of representing words and letters. Where the written signature of a person is required, the terms mean the proper handwriting of the person, or the person's mark.

Spencer - General Provisions

YEAR. One calendar year, unless otherwise expressly provided.
(I.C. 1-1-4-5)

§ 10.06 SEVERABILITY.

(A) If any section of this code now enacted or subsequently amended or its application to any person or circumstances is held invalid, the invalidity does not affect other sections that can be given effect without the invalid section or application.

(B) Except in the case of a section or amendment to this code containing a non-severability provision, each division or part of every section is severable. If any portion or application of a section is held invalid, the invalidity does not affect the remainder of the section unless:

(1) The remainder is so essentially and inseparably connected with and so dependent upon the invalid provision or application that it cannot be presumed that the remainder would have been enacted without the invalid provision or application; or

(2) The remainder is incomplete and incapable of being executed in accordance with the legislative intent without the invalid provision or application.

(C) This section applies to every section of this code regardless of whether a section was enacted before or after the passage of this code.
(I.C. 1-1-1-8)

§ 10.07 REFERENCE TO OTHER SECTIONS.

Whenever in 1 section reference is made to another section hereof, the reference shall extend and apply to the section referred to as subsequently amended, revised, recodified, or renumbered unless the subject matter is changed or materially altered by the amendment or revision.

§ 10.08 REFERENCE TO OFFICES; NAME DESIGNATIONS.

(A) *Reference to offices.* Reference to a public office or officer shall be deemed to apply to any office, officer, or employee of this municipality exercising the powers, duties, or functions contemplated in the provision, irrespective of any transfer of functions or change in the official title of the functionary.

General Provisions

(B) *Name designations.* Whenever any ordinance or resolution of the Council refers to any board, bureau, commission, division, department, officer, agency, authority, or instrumentality of any government, and that name designation is incorrectly stated; or at the time of the effective date of that ordinance or subsequent thereto, the rights, powers, duties, or liabilities placed with that entity are or were transferred to a different entity; then the named board, bureau, commission, department, division, officer, agency, authority, or instrumentality, whether correctly named in the ordinance at its effective date or not, means that correctly named entity, or the entity to which the duties, liabilities, powers, and rights were transferred.

(I.C. 1-1-6-1)

§ 10.09 ERRORS AND OMISSIONS.

If a manifest error is discovered, consisting of the misspelling of any words; the omission of any word or words necessary to express the intention of the provisions affected; the use of a word or words to which no meaning can be attached; or the use of a word or words when another word or words was clearly intended to express the intent, the spelling shall be corrected and the word or words supplied, omitted, or substituted as will conform with the manifest intention, and the provisions shall have the same effect as though the correct words were contained in the text as originally published. No alteration shall be made or permitted if any question exists regarding the nature or extent of the error.

§ 10.10 REASONABLE TIME.

(A) In all cases where an ordinance requires an act to be done in a reasonable time or requires reasonable notice to be given, reasonable time or notice shall be deemed to mean the time which is necessary for a prompt performance of the act or the giving of the notice.

(B) The time within which an act is to be done, as herein provided, shall be computed by excluding the first day and including the last. If the last day be a Saturday, Sunday, or a state holiday, it shall be excluded.

§ 10.11 REPEAL OR MODIFICATION OF CODE SECTION.

When a section of this code is repealed which repealed a former section or law adopted prior to the enactment of this code, the former section or law is not revived unless it so expressly provides. The repeal of any section shall not extinguish or release any penalty, forfeiture, or liability incurred under the section, unless the repealing section so expressly provides. The section shall be treated as still remaining in force for the purposes of sustaining any proper action or prosecution for the enforcement of the penalty, forfeiture, or liability.

(I.C. 1-1-5-1)

Spencer - General Provisions

§ 10.12 LIMITATION PERIODS.

The running of any period of limitations or any requirement of notice contained in any law, whether applicable to civil causes or proceedings, or to the prosecution of offenses, or for the recovery of penalties and forfeitures, contained in a law repealed and reenacted by this code, shall not be affected by the repeal and re-enactment; but all suits, proceedings, and prosecutions for causes arising or acts committed prior to the effective date of this code may be commenced and prosecuted with the same effect as if this code had not been enacted.

Statutory reference:

Periods of limitation, see I.C. 1-1-1-7

§ 10.13 ORDINANCES UNAFFECTED.

All ordinances of a temporary or special nature and all other ordinances pertaining to subjects not embraced in this code shall remain in full force and effect unless herein repealed expressly or by necessary implication.

§ 10.14 ORDINANCES WHICH AMEND OR SUPPLEMENT CODE.

(A) If the legislative body shall desire to amend any existing chapter or section of this code, the chapter or section shall be specifically repealed and a new chapter or section, containing the desired amendment, substituted in its place.

(B) Any ordinance which is proposed to add to the existing code a new chapter or section shall indicate, with reference to the arrangement of this code, the proper number of the chapter or section. In addition to an indication thereof as may appear in the text of the proposed ordinance, a caption or title shall be shown in concise form above the ordinance.

§ 10.15 SECTION HISTORIES; STATUTORY REFERENCES.

(A) As histories for the code sections, the specific number and passage date of the original ordinance, and amending ordinances, if any, are listed following the text of the code section. Example:

(Ord. 10, passed 5-13-1960; Am. Ord. 15, passed 1-1-1970; Am. Ord. 20, passed 1-1-1980; Am. Ord. 25, passed 1-1-1985)

(B) (1) If a statutory cite is included in the history, this indicates that the text of the section reads substantially the same as the statute. Example:
(I.C. 36-5-2-2)

General Provisions

(2) If a statutory cite is set forth as a “statutory reference” following the text of the section, this indicates that the reader should refer to that statute for further information. Example:

§ 39.01 PUBLIC RECORDS AVAILABLE.

This municipality shall make available to any person for inspection or copying all public records, unless otherwise exempted by state law.

Statutory reference:

Inspection of public records, see I.C. 5-14-3-1 et seq.

(C) If a section of this code is derived from the previous code of ordinances of the town published in the prior year and subsequently amended, the previous code section number shall be indicated in the history by “(Prior Code, Ch. ____, Art. ____, § ____).”

§ 10.16 PRESERVATION OF PENALTIES, OFFENSES, RIGHTS AND LIABILITIES.

All offenses committed under laws in force prior to the effective date of this code shall be prosecuted and remain punishable as provided by those laws. This code does not affect any rights or liabilities accrued, penalties incurred, or proceedings begun prior to the effective date of this code. The liabilities, proceedings, and rights are continued; punishments, penalties, or forfeitures shall be enforced and imposed as if this code had not been enacted. In particular, any agreement granting permission to utilize highway rights-of-way, contracts entered into or franchises granted, the acceptance, establishment, or vacation of any highway, and the election of corporate officers shall remain valid in all respects, as if this code had not been enacted.

§ 10.99 GENERAL PENALTY.

(A) Any person, firm or corporation who violates any provision of this code for which another penalty is not specifically provided shall, upon conviction, be subject to the following:

(1) A fine not exceeding \$2,500 for the first violation; and

(2) A fine not exceeding \$7,500 for second and subsequent violations, except for violations of ordinances regulating traffic and parking.

(B) A separate violation shall be deemed committed upon each day during which a violation occurs or continues.

GENERAL PROVISIONS

Spencer - Administration

§ 30.01 PURPOSE.

This chapter defines the organization of the town government; it prescribes general regulations for town officials; and it states the general powers and duties of the various elective offices and departments.

(Prior Code, Ch. 2, Art. I)

§ 30.02 GENERAL REGULATIONS FOR TOWN OFFICIALS.

(A) *Applicability.* The provisions of this section shall apply alike to all officers and employees of the town not otherwise herein specifically provided for, regardless of the time of the creation of the office or of the time of the appointment of the officer or employee.

(B) *Term of office; appointees.* Every appointive officer or employee of the town shall hold office at the will of the Town Council except where otherwise provided by statute or ordinance.

(C) *Oath of office.* Every officer of the town shall, before entering upon any duties, take the oath prescribed by law.

(D) *Bonds.*

(1) Elected and appointed officials shall be required to give surety bonds to secure the town for the proper performance of their duties in the amounts as may be prescribed by state statutes or the Town Council.

(2) The bonds shall be procured by the Clerk-Treasurer from surety companies licensed to do business in the State of Indiana and, when procured, shall be filed in his or her office.

(E) *Fees received.* No officer or employee receiving a salary from the town shall be entitled to retain any portion of any fees collected in the performance of his or her duties as a municipal officer or employee in the absence of a specific ordinance providing for same. The Town Council shall, by resolution, determine the officers and employees who shall receive fees for their services instead of an annual salary. The resolution shall determine the amount to be paid to the officers and employees and shall be paid by the Clerk-Treasurer upon the duly processed claim of the officer or employee.

(F) *Funds to Clerk-Treasurer.* All officers and employees, other than the Clerk-Treasurer, shall turn over to the Clerk-Treasurer all monies received by him or her in his or her official capacity, with a statement showing the source from which the same was received at the intervals as prescribed by law, ordinance, or the Clerk-Treasurer.

Town Officials

(G) *Termination of office.* Every officer and employee of the town, upon the expiration of his or her term for any cause whatsoever, shall deliver to his or her successor, all books and records which may be the property of the town; and if no successor has been appointed within 1 week after the termination of his or her office, the property shall be delivered to the Clerk-Treasurer. (Prior Code, Ch. 2, Art. II)

§ 30.03 OTHER TOWN OFFICIALS.

The elected and appointed town officials designated by this chapter shall not be constrained in limiting the appointment of other officials within the structure of town government. The Town Council may hereinafter create, by resolution or ordinance, the offices and appoint other officials as it deems necessary for the proper, effective, and efficient functioning of town government. (Prior Code, Ch. 2, Art. XI)

TOWN COUNCIL OF TRUSTEES

§ 30.15 ELECTION AND TERM OF OFFICE.

(A) The Town Council of Trustees shall be composed of 3 Trustees elected at-large by eligible voters of the town. Each Trustee shall be elected for a term of 4 years.

(B) Any vacancy occurring in the Town Council shall be filled by the procedures in I.C. 3-13-9 *et seq.*
(Prior Code, Ch. 2, Art. III, § 1)

§ 30.16 OATH OF OFFICE.

Members of the Town Council shall, within 10 days after the election, take and subscribe, before some person authorized to administer oaths of office, the usual oath or affirmation for the faithful performance of duties of the office.
(Prior Code, Ch. 2, Art. III, § 2)

§ 30.17 OFFICE OF PRESIDENT.

The Office of Town Council President is created and he or she shall be the presiding officer of all regular and special meetings of the Town Council. The President shall be elected by the Council at the first regular meeting of the Council in January of each year for a term of 1 year. (Prior Code, Ch. 2, Art. III, § 3)

Spencer - Administration

§ 30.18 TOWN COUNCIL MEETINGS.

(A) The Town Council shall hold its regular meetings the first and third Monday of each month at 7:00 p.m. in the Municipal Building, notice pursuant to the Indiana Open Door law (I.C. 5-14-1.5).

(Am. Ord. passed 3-5-1984; Am. Ord. passed 12-18-2006)

(B) Special meetings of the Council may be called by the President or on the request of 2 Trustees by giving at least 48 hours notice to all members of the Council and to the public pursuant to the Indiana Open Door Law (I.C. 5-14-1.5).

(Prior Code, Ch. 2, Art. III, § 4)

§ 30.19 QUORUM.

A majority of the Trustees shall constitute a quorum to do business. No ordinance shall be passed except upon the favorable vote of a majority of the members.

(Prior Code, Ch. 2, Art. III, § 5)

§ 30.20 ROBERT'S RULES OF ORDER.

Robert's Rules of Order, as revised, shall govern the deliberations of the Town Council except when in conflict with the Town Code or the Indiana Code. The rules of order, other than those required by the Indiana Code, may however, be suspended at any time by the consent of a majority of the members present at any meeting.

(Prior Code, Ch. 2, Art. III, § 6)

§ 30.21 ADDRESSING COUNCIL MEETINGS.

No person other than the President or a member of the Town Council shall address that body at any regular or special meeting except upon consent of the President.

(Prior Code, Ch. 2, Art. III, § 7)

§ 30.22 ORDINANCES AND RESOLUTIONS.

Any ordinance or resolution submitted to the Town Council shall be reduced to writing before being voted upon if requested by any 2 members of the Council.

(Prior Code, Ch. 2, Art. III, § 8)

Town Officials

§ 30.23 RESCINDED ACTIONS.

No vote or action of the Town Council shall be rescinded in any special meeting of the Council unless there be present, at the special meetings of the Council, as many members of the Town Council as were present at the meeting when the vote or action was taken.
(Prior Code, Ch. 2, Art. III, § 9)

§ 30.24 POWERS AND DUTIES.

The Town Council shall have all the powers and duties prescribed by statute and shall constitute the head of legislative, executive and administrative authority for the town. It shall make and establish the by-laws, ordinances and regulations which are required to carry into effect the provisions of applicable state laws and to repeal, alter or amend them as circumstances shall require.
(Prior Code, Ch. 2, Art. III, § 10)

CLERK-TREASURER

§ 30.40 ELECTION.

The Office of the Clerk-Treasurer is an elective office and an individual shall be elected as the Clerk-Treasurer by the town voters at-large for a term of 4 years.
(Prior Code, Ch. 2, Art. IV, § 1)

§ 30.41 APPOINTMENT OF DEPUTY CLERK-TREASURER.

When authorized by the Town Council, the Clerk-Treasurer may appoint a Deputy Clerk-Treasurer who shall be an assistant to the Clerk-Treasurer and who shall perform all functions delegated by the Clerk-Treasurer. The Deputy Clerk-Treasurer shall serve at the pleasure of the Clerk-Treasurer, or for an indefinite term not to exceed the term in office of the appointing Clerk-Treasurer.
(Prior Code, Ch. 2, Art. IV, § 2)

§ 30.42 POWERS AND DUTIES.

(A) The Clerk-Treasurer serves as Clerk of the town and keeps an accurate journal of all town proceedings. The Clerk-Treasurer shall keep proper files of all papers and documents of every kind and character concerning or pertaining to the proceedings of the Council.

Spencer - Administration

(B) The Clerk-Treasurer receives and cares for all the funds of the town and pays out the same only on the order of the Town Council. Its accounts shall be kept in such a manner as to show when and from what sources all monies paid to it have been derived, and to whom and when the monies or any part thereof, have been paid out.

(C) The Clerk-Treasurer prepares, in cooperation with the Town Council, the town budget and maintains all financial records and submits all financial reports as required by the State Board of Accounts.

(D) On the first day of the month, or as soon thereafter as possible, the Clerk-Treasurer files with the Town Council a statement of receipts and disbursements of the Town Treasury for the preceding month, showing the balance in each of the several funds available for use by the town.

(E) The Clerk-Treasurer sends out billing, collects all monies in connection with the sewer tap-on fees and use fees and maintains records and makes arrangements for payments of indebtedness bonds of the town and the interest thereon when due, and performs all other duties regarding the Sewage Department as may be required by the Indiana Code.

(F) The Clerk-Treasurer issues all licenses, authorized by law or by town ordinance, and properly accounts for all funds received there from.

(G) Insures that all funds deposited in the Cumulative Capital Improvement Fund are appropriated and used solely for capital improvement projects for the town and that no part of the funds deposited in the fund reverts to the general fund of the town. (The term **CAPITAL IMPROVEMENT** means the construction or improvement of any town owned property, including but not limited to streets, thoroughfares and sewers but shall not include salaries of any public officials or employees unless directly chargeable to the improvement. The funds may also be used to retire any general obligation bonds of the town issued for the purpose of construction of improvements which would qualify for use of the funds.)

(Prior Code, Ch. 2, Art. IV, § 3)

§ 30.43 BOOKS AND RECORDS.

(A) The Clerk-Treasurer's books, accounts and vouchers shall, at all times, be subjected to examination by the Town Council or any person appointed by the Council for that purpose.

(B) All books, vouchers, monies or other property belonging to the town, and in charge or possession of the Clerk-Treasurer of the town, shall be promptly delivered to his or her successor.

(Prior Code, Ch. 2, Art. IV, § 4)

Town Officials

EXECUTIVE OFFICER AND TOWN ATTORNEY

§ 30.60 DESIGNATION.

(A) The Town Council may, as authorized by the Indiana Code, employ a Town Manager. No member of the Town Council shall, during the time for which he or she has been elected, be employed as the Town Manager.

(B) In the event the Town Council does not employ a Town Executive Officer or Town Manager, all references to the Town Manager as used in the code shall also mean the Town Council.

(Prior Code, Ch. 2, Art. V, § 1) (Ord. passed 7-6-1981)

§ 30.61 TERMS OF OFFICE.

The Town Executive Officer may be employed to serve at the pleasure of the Council or for a definite tenure, not to exceed the term in office of the appointing Town Council, but his or her employment shall always be terminable for cause.

(Prior Code, Ch. 2, Art. V, § 2)

§ 30.62 COMPENSATION.

The Town Council shall determine the amount of compensation, benefits and terms of employment of the Town Executive Officer.

(Prior Code, Ch. 2, Art. V, § 3)

§ 30.63 POWERS AND DUTIES.

The Town Executive Officer shall:

(A) Be the administrative head of the government of the Town of Spencer. He or she shall be directly responsible to the Town Council for the proper administration of all affairs of the town over which the Town Council has control;

(B) Attend meetings of the Town Council and provide the Council with current or anticipated problems which will require resolution and provide it with the additional recommendations as he or she deems appropriate and in the best long and short range interest of the town;

Spencer - Administration

(C) Coordinate, as required, the activities and functioning of the various boards, committees, authorities, or other special groups as may be established according to the Indiana Code or by the Town Council to meet special requirements or needs of the town;

(D) Administer the execution and enforcement of all resolutions, orders, and ordinances promulgated by the Town Council, and see that all laws of the State of Indiana required to be enforced through the Town Council are faithfully executed;

(E) Cooperate and coordinate with the Clerk-Treasurer in the financial management of funds made available through the budget process;

(F) Execute or insure execution, on behalf of the town, all contracts which the Town Council, or its officers, have the power to execute for goods, materials, services, construction, or improvement; provided, that nothing shall be deemed to amend any laws pertaining to the necessity for proper appropriation of public funds prior to contracting nor to amend any applicable laws requiring public notice for and receipt of competitive bids;

(G) Establish and provide policies for use by the head of each town department in the procurement of supplies, materials or services required by each respective department;

(H) Perform the other duties and functions as are necessary to the effective, efficient and economical operation of the town's departments or as may be assigned by the Town Council; and

(I) Shall have no powers or duties regarding the rights and responsibilities assigned to the Clerk-Treasurer by law or by order of the Town Council.
(Prior Code, Ch. 2, Art. V, § 4)

§ 30.64 SERVICE OF SUMMONS.

In all actions brought against the town, service of summons may be made on the Town Executive Officer and he or she is hereby authorized to receive the service on behalf of the town.
(Prior Code, Ch. 2, Art. V, § 5)

§ 30.65 THE TOWN ATTORNEY.

The Town Council will appoint a Town Attorney to provide it with the necessary and required legal advice, counsel, and services. He or she shall be compensated for his or her duties at an hourly rate as may be prescribed by the Town Council and he or she shall be entitled to a reasonable compensation for all services performed by him or her for the town at the direction of the Town Council.

PERSON. An individual, firm, partnership, company, or corporation.

PLANNING AREA. The land area in the corporate limits of the town.

PUBLIC PLACE. All tracts owned by the town.

STREETS. All public ways, streets, avenues, roads, lanes, and alleys.

UTILITY. Any facility used to provide a service that the public has a right to demand. (Prior Code, Ch. 8, Art. II) (Ord. 1985-1, passed 1-21-1985)

§ 31.22 MEMBERSHIP OF THE COMMISSION.

(A) *Appointment and term of office.* The Commission shall consist of 7 members who shall be qualified by knowledge and experience in the development of the town and its planning area.

(1) The Town Council shall appoint 3 persons who must be elected or appointed town officials or employees of the town government, as members.

Town Organizations

(2) The President of the Town Council shall appoint 4 persons who are residents of the town, of whom no more than 2 shall be of the same political party.

(3) Each term of office shall be 4 years, with each member serving until his or her successor is appointed and qualified.

(B) *Oath of office.* Each Commission member, before beginning his or her duties, shall take an oath of office on the certification of his or her appointment. The oath shall be filed in the Clerk-Treasurer's office.

(C) *Conflict of interest.* Any member of the Commission who has a direct or indirect financial interest in a matter before the Commission shall disclose his or her interest and shall not vote, participate, or discuss the matter at hearings.

(Prior Code, Ch. 8, Art. III) (Ord. 1985-1, passed 1-21-1985)

§ 31.23 ORGANIZATION OF THE COMMISSION.

(A) *Officers.* After appointment, members of the Commission shall meet, elect a President and Vice-President for annual terms and shall adopt the rules and by-laws as necessary. The Commission may appoint a Secretary who is not a member of the Commission.

(B) *Meetings.*

(1) The Commission normally meets at least once a month as determined by the President. All meetings of the Commission shall be open to the public. Written records of all proceedings shall be kept and be a part of the Commission's files.

(2) Special meetings may be called by the President or by 2 members on written request to the Secretary. The Secretary shall notify all members at least 3 days in advance of a special meeting, in writing. Written notice of special meetings is not required if members were notified at a regular meeting, and if all members are present at the regular meeting.

(C) *Quorum.* A quorum consists of a majority of the entire membership of the Commission. (Prior Code, Ch. 8, Art. IV) (Ord. 1985-1, passed 1-21-1985)

§ 31.24 POWERS AND DUTIES.

The Commission shall:

(A) Make recommendations to the Town Council concerning the operation of the Commission and report on planning activities;

Spencer - Administration

(B) Prepare a Master Plan for the Planning Area which will promote the general welfare, health, safety, and convenience as the town develops;

(C) Make recommendations to the Town Council on the adoption of a Master Plan, its zoning districts, and subdivisions; and to recommend changes or amendments when needed;

(D) Prescribe uniform rules for investigations and hearings;

(E) Prepare, publish, distribute reports, ordinances, and other materials;

(F) Keep a complete record of all departmental proceedings and assume responsibility for preservation of all papers and documents;

(G) Adopt a seal and certify to all official acts;

(H) Establish committees as necessary; and

(I) Approve assignments of street numbers to new lots, and name new streets. Exercise all other powers and duties prescribed by law or assigned by the Town Council.
(Prior Code, Ch. 8, Art. V) (Ord. 1985-1, passed 1-21-1985)

§ 31.25 THE SPENCER MASTER PLAN.

(A) *General.* The Master Plan shall be the basis comprehensive document used to guide the orderly development of the town:

(1) Careful, comprehensive survey and study of existing conditions and the probable future growth of the town; and

(2) Maps, plats, or materials giving information, locations, extent and characteristics of: history, population, its density, physical conditions, land use, blighted areas, streets, streams, floods; utilities, transportation; parks and recreation, public buildings and institutions, educational facilities, and/or any other factors that are a part of the structure of the town.

(B) *Basis of the Master Plan.* The Master Plan shall be based on:

(1) Careful, comprehensive survey and study of existing conditions and the probable future growth of the town; and

(2) Maps, plats, or materials giving information, locations, extent and characteristics of history, population, its density, physical conditions, land use, blighted areas, streets, streams, floods, utilities, transportation, parks and recreation, public buildings and institutions, educational facilities, and/or any other factors that are a part of the structure of the town.

(C) *Zoning districts.*

Town Organizations

(1) The Commission shall establish and recommend the zoning districts that divide the town into areas of the kind, character, number, shape and area necessary to promote the health, welfare, safety, comfort and convenience of all.

(2) The districts created shall be subject to restrictions that may be necessary and appropriate in that district, such as use restrictions, structure restrictions, or other requirements.

(D) *Adoption of Master Plan.* Shall be in accordance with Indiana state laws. (Prior Code, Ch. 8, Art. VI) (Ord. 1985-1, passed 1-21-1985)

§ 31.26 AMENDMENTS OR REJECTIONS TO THE MASTER PLAN.

(A) Plan Commission hearings.

(1) The Commission shall give notice and hold public hearings as required in I.C. 5-3-1, for any amendments or changes in the Zoning Ordinance (Master Plan).

(2) After a public hearing has been held, the Commission shall make its recommendation to the Town Council.

(3) If the Town Council wishes to amend the Zoning Ordinance, it may direct the Commission to prepare the amendment and submit it to a public hearing within 60 days after a formal written request by the Town Council:

(a) The Commission has 45 days to consider the amendment or rejection and to file a report with the Town Council. If the Commission approves an amendment or rejection, the ordinance stands as passed by the Town Council on the date the Commission reports to the Town Council;

(b) If the Commission does not file its report to the Town Council within 45 days, the Town Council action becomes final; and

(c) If the Commission disapproves the amendment or rejection, the Town Council must confirm its original vote by a 2/3 majority vote in order to pass the issue.

(B) Petitions for amendments.

(1) Duly signed petitions may be given to the Clerk-Treasurer by:

(a) The Commission; and

(b) The owners of at least 50% of the area involved in the petition.

(2) If a petition for amendment to the Zoning Ordinance does not originate with the

Spencer - Administration

Commission, it must be referred to the Commission for consideration and a report before any final action is taken by the Town Council.

(C) *Commission rejection or adverse report.*

(1) If the Commission is adverse to a proposed amendment referred to it, the proposed ordinance shall not be passed except on a new 2/3 vote of the Town Council.

(2) Failure of the Town Council to pass a zoning ordinance within 90 days after its rejection by the Commission constitutes a rejection of the proposed ordinance and it may not be reconsidered by the Commission or the Town Council until the expiration of 1 year after the date of the original rejection by the Commission.

(Prior Code, Ch. 8, Art. IX) (Ord. 1985-1, passed 1-21-1985)

BOARD OF ZONING APPEALS AND PLANNING COMMISSION

§ 31.40 MEETINGS.

Unless the meeting time and place should be changed, the regular meeting time for the Board of Zoning Appeals shall be at 7:00 p.m. and the Planning Commission shall be at 7:30 p.m. at the Municipal Building, located at 90 North West Street, Spencer, Indiana in accordance with § 31.23(B)(1).

§ 32.12 POLICE RESERVES.

(A) *Police Reserve membership.* There is hereby created a Spencer Police Reserve Unit, the membership of which shall consist of not more than 10 persons of active status nor more than 5 persons of inactive status. The Spencer Police Reserve Unit shall be made up of persons who at the time of their appointment shall be residents of Owen County, or contiguous counties, and who have been actual residents thereof for at least 1 year prior to their appointment. Each member shall be in good physical condition and of good character and not less than 21 years of age. Appointments to the Spencer Police Reserve Unit shall be made by the Spencer Town Council upon recommendation of the Town Marshal. Any reserve member may be discharged at any time, with or without cause, by the Spencer Town Council upon recommendation of the Town Marshal. Regular full time members of the Police Department shall not be eligible for membership in the Spencer Police Reserve Unit.

(B) *Oath, Commissions, powers, duties.* The Spencer Police Reserve Unit shall function under the immediate direction of the Town Marshal or in his or her absence, the senior officer on duty. Before entering upon his or her duties, each member shall take and subscribe to the same oath or affirmation as provided by the statutes to be taken and subscribed by all police officers. Except during any period of probation, members of the Police Reserve Unit shall have all the powers and authority and shall be subject to all the duties of members of the regularly constituted Police Department and shall be subject to the rules and regulations governing the Police Department, provided however, that membership in the Police Reserve Unit shall not constitute membership in the regularly constituted Police Department nor shall any member of the Spencer Police Reserve Unit be entitled to any right or privilege of compensation, pension or any other similar right or privilege of members of the regularly constituted Police Department nor any other prerequisite or emolument attaching to membership in the regularly constituted Police Department.

(C) *Probationary period.* Each new member of the Police Reserve Unit shall serve on probation for a period of 6 months. During the period of probation he or she shall have only the power, authority, and duties as are assigned to them from time to time, by the Chief. Upon completion of the probationary period and/or required training, the Chief may appoint any member from probationary to active status. If a member is not appointed to active status within 1 week after the probationary period, the member shall be dropped automatically from membership in the Police Reserve Unit.

(D) *Training and by-laws.* The Chief shall determine the program for training members of the Spencer Police Reserve Unit in accordance with state statute. Training shall be completed before the end of a member's probationary period. The Spencer Police Reserve Unit may adopt its own by-laws and rules or regulations and any and all amendments thereof shall at all times be subject to approval by the Chief and shall not conflict with any provisions of this section, and shall be subordinate at all times to the ordinances of the Town of Spencer and to rules and regulations of the Spencer Police Department and to the orders of the Chief.

Spencer - Administration

(E) *Compensation.* No member of the Police Reserve Unit shall receive any compensation from the Town of Spencer for his or her services as a member of the Spencer Police Reserve except as may be provided from time to time by resolution of the Town Council.

(F) *Uniform.* The members of the Spencer Police Reserve Unit shall be furnished uniforms, id's and badges. Other limited necessary equipment may be provided by the Town of Spencer if approved by the Chief. Any such equipment issued to the Spencer Police Reserve shall be returned to the Town of Spencer upon termination of services.

(G) *Officers, elections and terms.* The Officers of the Spencer Police Reserve Unit shall consist of a President, Vice-President, Secretary and Treasurer and the other officers as provided for in the reserve unit's by-laws, who shall be elected from the non-probationary members of the Spencer Police Reserve Unit.

(H) *Financial accounts.* The financial accounts of the Spencer Police Reserve Unit shall be subject to audit by any agent designated by the Town Council any time the Town Marshal and/or Town Council may request. Any audit shall be made by an accountant or auditor appointed by the Town Marshal and/or Town Council for this purpose. Reserve officers are authorized to accept funds made available by specific donations, fundraisers, reserve activities and other similar sources. All fundraiser or activities designed to raise funds must be pre-approved by the Chief of Police, an event registration form may be used to accomplish this.

(I) *Insurance.* The Town of Spencer shall provide adequate liability insurance for members of the Reserve Unit while on duty.

Section

General Provisions

- 34.01 Issuance, use and control of credit cards by town employees
- 34.02 Town departments and authority to spend a certain amount

GENERAL PROVISIONS

§ 34.01 ISSUANCE, USE AND CONTROL OF CREDIT CARDS BY TOWN EMPLOYEES.

(A) This section is adopted in compliance with the State Board of Accounts *Accounting and Uniform Compliance Guidelines Manual for Cities and Towns*, Chapter 7, authorizing a town to use credit cards for purchases.

(B) The Clerk-Treasurer of the Town of Spencer is hereby authorized to apply for 1 or more credit cards to be issued in the name of the town and the use thereof by the Clerk-Treasurer, Chief of the Spencer Police Department, Street Department Supervisor and Sewer Department Superintendent. The Clerk-Treasurer is hereby authorized to pay an annual fee if necessary.

(C) Physical possession of the credit cards shall be placed with the Clerk-Treasurer, who shall authorize the use thereof by the Clerk-Treasurer, Chief of the Spencer Police Department, the Street Department Supervisor and Sewer Department Supervisor for the payment of authorized travel expenses and the authorized purchase of goods and services directly related to the operation of their specific department. In each instance of the use of a credit card, once the authorized purpose for which the use of the card is accomplished, physical possession of the card shall be returned to the Clerk-Treasurer.

(D) The Spencer Clerk-Treasurer shall maintain an accounting system, or log, which would include the names of individuals requesting usage of the cards, their title, estimated amounts to be charged, fund and account numbers to be charged, date the card is issued and returned.

(E) Charges are not to exceed \$1,000 per department per month. Charges shall only be made on the credit card to purchase items or services which are authorized and budgeted in the budget of the town.

Spencer - Administration

(F) Within 72 hours of the purchase, the person using the credit card shall provide a copy of the credit card receipt and shall inform the Clerk-Treasurer in writing of the following:

- (1) The purpose of the purchase;
- (2) The budgeted line item from which the purchase is to be paid; and
- (3) An itemized list of all charges incurred and whether those are from a different budget line item.

(G) All credit card billing statements shall be sent by the issuer to the Clerk-Treasurer and the charges on the cards shall be paid by the Spencer Clerk-Treasurer from the appropriate budget line item pursuant to the claim procedures of the town.

(H) The Clerk-Treasurer shall pay the cards promptly so that no interest carrying charges or penalties will be incurred due to late payments. Any department head who causes interest or carrying charges to be added to the credit card account by a failure to timely provide required information to the Clerk-Treasurer shall be personally liable for the interest or carrying charges.

(I) No official or department head shall use the credit card issued to the Town of Spencer for personal transactions.

(Ord. 2006-3, passed 6-19-2006)

§ 34.02 TOWN DEPARTMENTS AND AUTHORITY TO SPEND A CERTAIN AMOUNT.

GENERAL PROVISIONS

§ 50.001 PURPOSE.

(A) The town has constructed, operates, and maintains a Municipal Sewage System to collect sewage and convey it away from the premises where produced and for treating and disposing of it in a safe and sanitary manner.

(B) This chapter regulates and controls the connection to and use of the sewage system; it restates the rates and charges for sewage services; it requires a permit for the construction, enlargement or alteration of on-site sewage disposal systems and it provides penalties for violations of its provisions.

(Prior Code, Ch. 21, Art. I)

§ 50.002 DEFINITIONS.

For the purpose of this chapter, the following definitions shall apply unless the context indicates or requires a different meaning.

BOD (denoting **BIOCHEMICAL OXYGEN DEMAND**). The quantity of oxygen utilized in the biochemical oxidation or organic matter under standard laboratory procedure in 5 days at 20°C, expressed in milligrams per liter (mg/l).

BUILDING DRAIN. Part of the lowest horizontal piping of a drainage system which receives the discharge from soil, waste, and other drainage pipes inside the walls of the building and conveys it to the building sewer, beginning 5 (1.5 meters) feet outside the inner face of the building wall.

Sewer

BUILDING SEWER. The extension from the building drain, through and including a suitable septic tank to the public sewer.

COMMERCIAL USER. All retail stores, restaurants, office buildings, laundries, and other private/business and service establishments.

CUSTOMER. The owner of each and every lot, parcel of real estate or building that is connected with the sanitary sewage system or otherwise discharges sanitary waste, industrial waste, water or other liquids either directly or indirectly, into the sanitary sewage system.

EASEMENT. An acquired legal right for the specific use of land owned by others, including, but not limited to, right of access to the property's septic tank for the purposes of cleaning and inspection.

FLOATABLE OIL. Oil, fat, or grease in a physical state such that it will separate by gravity from wastewater by treatment in an approved pretreatment facility. A wastewater shall be considered free of floatable fat if it is properly pretreated and the wastewater does not interfere with the collection system.

GARBAGE. The animal and vegetable waste resulting from the handling, preparation, cooking, and serving of foods.

GOVERNMENTAL USER. Legislative, judicial, administrative, and regulatory activities of federal, state, and local governments.

INDUSTRIAL USER. Any non-governmental, non-residential user of publicly owned treatment works which is identified in the *Standard Industrial Classification Manual*, 1972, Office of Management and Budget, as amended and supplemented, under the following divisions; Division A-Agriculture, Forestry, and Fishing; Division B-Mining; Division D-Manufacturing; Division E-Transportation, Communications, Electric Gas and Sanitary; and Division I-Services.

INDUSTRIAL WASTES. The wastewater from industrial processes, trade, or business as distinct from domestic sanitary wastes.

INSPECTOR. The Superintendent or other person or persons duly authorized by the Town Council to inspect and approve the installation of building sewers and their connection to the public sewer system.

INSTITUTIONAL USER. Social, charitable, religions, and educational activities such as schools, churches, hospitals, nursing homes, penal institutions and similar institutional users.

MAY. Permissive (see **SHALL**).

N.P.D.E.S. PERMIT. A permit obtained from the State of Indiana by the town to discharge to treated wastewaters or Spencer into a watercourse.

Spencer - Public Works

NATURAL OUTLET. Any outlet, including storm sewers, into a watercourse, pond, ditch, lake or other body of surface or ground water.

NORMAL DOMESTIC WASTES. Sanitary wastes which do not exceed 200 mg/1 BOD or 200 mg/1 S.S. in strength.

ON-SITE DISPOSAL SYSTEM. All equipment and devices necessary for proper conduction, collection, storage, treatment and on-site disposal of sewage; including, but not limited to, building sewers, septic tanks, subsurface absorption fields and privy vaults.

OPERATION AND MAINTENANCE. Those functions that result in expenditures during the useful life of the treatment works for materials, labor, utilities and other items which are necessary for managing and which such works were designed and constructed. The term **OPERATION AND MAINTENANCE** includes replacement as defined herein.

pH. The logarithm of the reciprocal of the hydrogen-ion concentration. The concentration is the weight of hydrogen ions, in grams, per liter of solution. Neutral water, for example, has a pH value of 7 and a hydrogen-ion concentration of 10.

PERSON. Any individual, firm, company, association, society, corporation or group.

PROPERLY SHREDDED GARBAGE. The wastes from the preparation, cooking and dispensing of food that have been shredded to the degree that all particles will be carried freely under the flow conditions normally prevailing in public sewers, with no particle greater than 1/2 inch (.127 centimeters) in any dimension.

PUBLIC SEWER. A common sewer controlled by a governmental agency or public utility.

REPLACEMENT. Expenditures for obtaining and installing equipment, accessories or appurtenances which are necessary during the useful life of the treatment works to maintain the capacity and performance for which such works were designed and constructed.

RESIDENTIAL USER. Any contributor to the city's treatment works whose lot, parcel or real estate, or building is used for domestic dwelling purposes only.

SS (denoting **SUSPENDED SOLIDS**). Solids that either float on the surface of or are in suspension in water, sewage, or other liquids and which are removable by laboratory filtering.

SANITARY SEWAGE. Waste from water closets, urinals, lavatories, sinks, bathtubs, showers, household laundries, basement drains, garage floor drains, bars, soda fountains, cuspidors, refrigerator drips, drinking fountains and all other water carried waste except industrial waste.

Sewer

SANITARY SEWER. A sewer which carries sewage and into which storm, surface and ground waters are not intentionally admitted.

SEWAGE SYSTEM. All facilities for carrying, collecting, pumping, treating and disposing of sewage.

SEWER. A pipe or conduit that carries wastewater.

SHALL. Mandatory (see **MAY**).

SLUG. Any discharge of water or wastewater which in concentration of any given constituent or in quantity of flow exceeds for any period of duration longer than 15 minutes more than 5 times the average 24 hour concentration or flows during normal operation and shall adversely affect the collection system and/or performance of the wastewater treatment works.

STORM DRAIN. A drain for conveying water, ground water, subsurface water, or unpolluted water from any source.

SUPERINTENDENT. Superintendent of Wastewater facilities, and/or of Wastewater Treatment works of the Town of Spencer, or his or her authorized deputy, agent or representative.

SUSPENDED SOLIDS. Total suspended matter that either floats on the surface of, or is in suspension in, water, wastewater, or other liquids, and that is removable by laboratory filtering as prescribed in *Standard Methods for the Examination of Water and Wastewater* and referred to as nonfilterable residue.

TOXIC SUBSTANCES. Concentrations of an pollutant or combination of pollutants defined in standards issued pursuant to § 307 of the Clean Water Act (as amended).

TREATMENT WORKS. Any devices and systems for the storage, treatment, recycling and reclamation of municipal sewage, domestic sewage or liquid industrial wastes. These include intercepting sewers, outfall sewers, sewage collection systems, pumping, power, and other equipment and their appurtenances; extensions improvement, remodeling, additions and alterations thereof, elements essential to provide a reliable recycled supply such as standby treatment units and clear well facilities; and any works, including site acquisition of the land that will be an integral part of the treatment process or is used for ultimate disposal of residues resulting from such treatment (including land for composting sludge, temporary storage of such compost and land used for the storage of treated wastewater in land treatment systems before land application); or any other method or system for preventing, abating, reducing, storing, treating, separating or disposing of municipal waste or industrial waste, including waste in combined storm water and sanitary sewer systems.

Spencer - Public Works

UNPOLLUTED WATER. Water of quality equal to or better than the effluent criteria in effect or water that would not cause violation of receiving water quality standards and would not be benefited by discharge to the sanitary sewers and wastewater treatment facilities provided.

USEFUL LIFE. The estimated period during which a treatment works will be operated.

WASTEWATER. The spent water of a community. From the standpoint of source, it may be a combination of the liquid and water-carried wastes from residences, commercial buildings, industrial plants, and institutions.

WASTEWATER FACILITIES. The structures, equipment, and processes required to collect, carry away, and treat domestic and industrial wastes and dispose of the effluent.

WATERCOURSE. A natural or artificial channel for the passage of water either continuously or intermittently.

§ 50.003 POWERS AND DUTIES OF THE TOWN COUNCIL.

The Indiana Code provides that the Town Council shall make and enforce the by-laws, ordinances, and regulations as deemed necessary to insure the safe, economical, and efficient management and operation of the Municipal Sewage System. It also provides authority for the Town Council to establish rates for sewage services and for the issuance of revenue bonds to finance construction of extensions, enlargements or improvements in the Municipal Sewage System.

(Prior Code, Ch. 21, Art. III)

§ 50.004 STREAM POLLUTION PROHIBITED.

No person shall throw, run, drain, seep or otherwise dispose into any of the streams or waters of this state, or cause, permit or suffer to be thrown, run, drained, allowed to seep or otherwise disposed into the waters, any organic or inorganic matter that shall cause or contribute to a polluted condition of the waters unless a permit for the disposal has been obtained as authorized by the Indiana Code.

(Prior Code, Ch. 21, Art. IV) Penalty, see § 50.999

§ 50.005 CONNECTION TO SANITARY SEWER REQUIRED.

Sewer

The owners of all houses, buildings, or properties used for human occupancy, employment, recreation or other purposes situated within the town, and abutting any street, alley or right-of-way in which there is now located or may in the future be located a public sewer or sanitary sewer of the town, is required to install suitable toilet facilities therein, at his or her expense. The toilet facilities shall be connected directly with the proper public sewer in accordance with the provisions of this chapter, within 90 days after date of official notice to do so; provided, that the public sewer is within 300 feet of the property line.

(Prior Code, Ch. 21, Art. V)

§ 50.006 INTERCEPTORS FOR GREASE, OIL AND SAND REQUIRED.

(A) Grease, oil, hair and sand interceptors shall be provided when, in the opinion of the Superintendent, they are necessary for the proper handling of liquid wastes containing large quantities of grease or oil, or any flammable wastes, sand and other harmful ingredients. All interceptors shall be of a type and capacity approved by the Superintendent and shall be located as to be readily and easily accessible for cleaning and inspection.

(B) Grease and oil interceptors shall be substantially constructed of impervious materials capable of withstanding abrupt and extreme changes in temperature. They shall be water tight and equipped with easily removable covers which when bolted in place, shall be gas tight and water tight and, where installed, all grease, oil and sand interceptors shall be maintained by the owner, at his or her expense, in continuously efficient operation at all times.

(C) Interceptors shall not normally be required for private living quarters or dwelling units, however, under certain conditions of usage, the Superintendent may require the installation of a special interceptor.

(Prior Code, Ch. 21, Art. XII)

§ 50.007 PRELIMINARY SEWAGE TREATMENT FACILITIES.

(A) Where necessary in the opinion of the Superintendent, the owner shall provide at his or her expense the preliminary treatment facilities as may be necessary to reduce objectionable characteristics or constituents of the waste to within the maximum allowable limits and to control the quantities and rates of discharge of the waters or wastes.

(B) Plans, specifications, and any other pertinent information relating to proposed preliminary treatment facilities shall be submitted for the approval of the Superintendent and of the Indiana State Board of Health, and no construction of the facilities shall be commenced until the approval is obtained in writing.

(C) Where preliminary treatment facilities are provided for any waters or wastes, they shall be maintained continuously in satisfactory and effective operation by the owner at his or her expense.

(Prior Code, Ch. 21, Art. XIII)

Spencer - Public Works

§ 50.008 RIGHT OF ENTRY.

The Superintendent and other duly authorized employees of the town shall be permitted to enter upon all properties for the purpose of inspection, observation, measurement, sampling and testing in accordance with the provisions of this chapter.
(Prior Code, Ch. 21, Art. XVI)

§ 50.009 PUBLIC WORKS, SEWER.

(A) The Superintendent may determine whether the suitable septic tank required as a component of the building sewer will satisfy the requirements for an interceptor(s).

(B) Where pretreatment or flow-equalizing facilities are provided or required for any waters or wastes, they shall be maintained continuously in satisfactory and effective operation by the owner(s) at his or her expense.

(C) When required by the Superintendent, the owner of any property serviced by a building sewer carrying industrial wastes shall install a suitable structure together with such necessary meters and other appurtenances in the building sewer to facilitate observation, sampling, and measurement of the wastes. Such structure, when required, shall be accessibly and safely located and shall be constructed in accordance with plans approved by the Superintendent. The structure shall be installed by the owner at his or her expense and shall be maintained by him or her so as to be safe and accessible at all times.

(D) The Superintendent may require a user of sewer services to provide information needed to determine compliance with this chapter. These requirements may include:

- (1) Wastewaters discharged peak rate and volume over a specified time period;
- (2) Chemical analyses of wastewaters;
- (3) Information on raw materials, processes, and products affecting wastewater volume and quality;
- (4) Quantity and disposition of specific liquid, sludge, oil, solvent, or other materials important to sewer use control;
- (5) A plot plan of sewers of the user's property showing sewer and pretreatment facility location;
- (6) Details of wastewater pretreatment facilities; and

Sewer

(7) Details of systems to prevent and control the losses of materials through spills to the municipal sewers.

(E) All measurements, tests, and analyses of the characteristics of waters and wastes to which reference is made in this chapter shall be determined in accordance with the latest edition of *Standard Methods for the Examination of Water and Wastewater*, published by the American Public Health Association. Sampling methods, location, times, durations, and frequencies are to be determined on an individual basis subject to approval by the Superintendent.

(F) (1) No statement contained herein shall be construed as preventing any special agreement or arrangement between the town and any user whereby a waste of unusual strength or character may be accepted by the town for treatment.

(2) Any wastes described herein are precluded from such agreements.

(G) Any entity wishing to enter any manhole or other areas of the Spencer sewer system shall obtain a confined space permit by applying on a form provided by the Town of Spencer's Sewer Superintendent.

(Ord. 1997-1, passed 1-20-1997)

DISPOSAL AND DISCHARGE

§ 50.025 ON-SITE DISPOSAL SYSTEM.

(A) *Must comply with Board of Health regulations.* The design, construction, installation, location, maintenance and operation of on-site sewage disposal systems shall comply with the provisions of regulations issued by the State Department of Health and the regulations as may be issued by the Owen County Health Department.

(B) *Unlawful to install or alter without a permit.* It shall be unlawful to construct, enlarge, modify, or alter any privy, privy vault, septic tank, cesspool or other on-site facilities intended or used for the disposal of sewage without first obtaining a permit therefore.

(C) *Application for permit.*

(1) The owner shall apply to the Clerk-Treasurer for a permit to construct, enlarge, modify, or alter an on-site disposal system on property owned by him or her.

(2) Upon completion of the application and payment of the required fee, the Clerk-Treasurer will issue a permit to accomplish the work specified therein.

Spencer - Public Works

(3) A copy of the permit will be provided for the applicant, a copy will be forwarded to the Owen County Health Department, and a copy retained in the office of the Clerk-Treasurer.

(D) *Permit fees.*

(1) The permit fees for on-site sewage disposal systems shall be:

(a) For construction of new system: \$25; and

(b) For the enlargement, modification or alteration to an existing system: \$25.

(2) No permit or permit fee is required for cleaning an on-site sewage disposal system.

(E) *Inspection.*

(1) The permit holder shall notify the Owen County Health Department when the installation is ready for final inspection and before any underground portions are covered.

(2) After the inspection, the permit holder will be responsible for providing the Clerk-Treasurer with a statement signed by a representative of the Owen County Health Department that the installation is approved and meets the requirements of the State Board of Health and the Owen County Health Department.

(3) Until the Clerk-Treasurer is provided such a statement, it shall be unlawful for the on-site disposal system to be used for sewage disposal purposes.

(F) *Operation and maintenance.*

(1) The owner shall operate and maintain the private sewage disposal facilities in a sanitary manner at all times, at no expense to the town.

(2) At the time as a public sewer becomes available to a property served by a private sewage disposal system as provided in § 50.004 above, a direct connection shall be made to the public sanitary sewer in compliance with this subchapter and any septic tanks, cesspools and similar private sewage disposal facilities shall be permanently closed and abandoned.

(Prior Code, Ch. 21, Art. VI) Penalty, see § 50.999

§ 50.026 UNLAWFUL DISCHARGES OF SEWAGE.

Sewer

(A) *Discharge of sewage into natural outlet.* The discharge of any sanitary sewage, industrial waste, or other polluted waters, except where suitable treatment therefore has been provided in accordance with the provisions of this subchapter into any natural outlet within the town, or in any area under the jurisdiction of the town, is prohibited.

(B) *Deposit of objectionable waste prohibited.* It is prohibited for any person to place, deposit, or permit to be deposited, in any unsanitary manner upon public or private property within the town, or in any area under the jurisdiction of the town, any human or animal excrement, garbage or other objectionable waste.

(Prior Code, Ch. 21, Art. X) Penalty, see § 50.999

§ 50.027 DISCHARGES INTO PUBLIC SEWER SYSTEM.

(A) *Surface and other waters prohibited.*

(1) No person shall discharge or cause to be discharged any storm water, surface water, ground water, roof run-off, subsurface drainage, cooling water or unpolluted industrial process waters to any sanitary sewer.

(2) Storm water and all other unpolluted drainage shall be discharged to the sewers as are specifically designated as storm sewers, or to a natural outlet approved by the Superintendent.

(3) Industrial cooling water or unpolluted process waters may be discharged upon approval of the Superintendent to a storm sewer or natural outlet.

(4) Any waters containing toxic substances or poisonous solids, liquids or gases in sufficient quantity, either singly or by interaction with other wastes, to injure or interfere with any waste treatment process including, but not limited to, causing the town to violate its N.P.D.E.S. permit(s), constitute a hazard to humans or animals, create a public nuisance, or create any hazard in the receiving waters of the wastewater treatment plant.

(5) Any waters or wastes having a pH lower than 6.5, or having any other corrosive property capable of causing damage or hazard to structures, equipment, and personnel of the wastewater works.

(B) *Certain waters and waste materials prohibited.* No person shall discharge or cause to be discharged any of the following described waters or wastes into any sanitary sewer:

(1) Any waters or wastes having a BOD₅ daily 40 mg/l by weight or containing a toxic or poisonous substance in sufficient quantity to injure or interfere with any sewage treatment process, constitute a hazard to humans or animals, or create any hazard in the receiving waters of the sewage treatment plant;

Spencer - Public Works

(2) Any waters or wastes containing suspended solids of the character and quantity of more than daily 45 mg/l by weight or that unusual attention or expense is required to handle the materials at the sewage disposal plant;

(3) Any noxious or malodorous gas or substance capable of creating a public nuisance;

(4) Any liquid or vapor having a temperature higher than 150°F;

(5) Any water or waste which may contain more than 100 parts per million, by weight of fat, oil, or grease;

(6) Any water or waste which may contain more than 25 parts per million, by weight of soluble oils;

(7) Any gasoline, benzene, naphtha, fuel oil or other inflammable or explosive liquid, solid or gas;

(8) Any garbage that has not been properly shredded; and

(9) Any ashes, cinders, sand, mud, straw, shavings, metal, glass, rags, feathers, tar, plastics, wood, paunch manure, or any other solid or viscous substance capable of causing obstruction to the flow in sanitary sewers or other interference with the proper operation of the Sewage Treatment Plant;
(Prior Code, Ch. 21, Art. XI)

(10) Any waters or wastes containing iron, chromium, copper, zinc, and similar objectionable or toxic substances to such degree that any such material received in the composite wastewater at the wastewater treatment works exceeds the limits established by the Superintendent for such materials;

(11) Any waters or wastes containing odor-producing substances exceeding limits which may be established by the Superintendent;

(12) Any radioactive wastes or isotopes of such half-life or concentration as may be exceed limits established by the superintendent in compliance with applicable state or federal regulations;

(13) Quantities of flow, concentrations, or both which constitute a "slug", as defined herein;

(14) Waters or wastes containing substances which are not amenable to treatment or reduction by the wastewater treatment processes employed, or are amenable to treatment only to such degree that the wastewater treatment plant effluent cannot meet the requirements of other agencies having jurisdiction over discharge to the receiving waters;

Sewer

(15) Any water or wastes which, by interaction with other water or wastes in the public sewer system, release obnoxious gases, form suspended solids which interfere with the collection system, or create a condition deleterious to structures and treatment process; and

(16) Any water or wastes subject to the categorical pretreatment standards pursuant to 40 C.F.R. part 403 (etc.).

MAINTENANCE

§ 50.040 PUBLIC SEWERS.

(A) The Superintendent is responsible for the maintenance, to include clearing stoppages, of all public sewers. He or she shall have no responsibility for the maintenance or clearance of stoppages of any building sewer from its point of connection to the public sewer to the building it serves.

(B) In the event of individual sewer service disruptions, the presumption shall be that the disruptions are not caused by malfunctions or breakages in the public sewer. It shall be the responsibility of each customer to overcome this presumption by providing evidence to the satisfaction of the Superintendent that the sewer service disruption is the town's responsibility as set out herein.

(C) Upon request, the Superintendent or his or her representative, at his or her discretion, may provide assistance to customers in locating the cause of a sewer service disruption.

(D) In no event shall the town be responsible for expenses incurred by customers in locating service disruptions caused by the use or connection to the public sewer. If the Superintendent determines that the service disruption resulted from the maintenance or design of the public sewer connections, the town may, in its sole discretion, determine that a credit, partial or full, may be awarded to the customer.

(Prior Code, Ch. 21, Art. VII, § 1)

§ 50.041 BUILDING SEWERS.

The owner or person responsible for a building sewer shall be responsible for the maintenance, including the clearing of stoppages of the building sewers from the point where it is connected to the public sewer to the building it serves.

(Prior Code, Ch. 21, Art. VII, § 2)

Spencer - Public Works

CONNECTION OF SEWERS

§ 50.055 PERMIT REQUIRED.

(A) *Unlawful to connect without permit.* No person shall uncover, make any connections with or opening into, use, alter or disturb any public sewer or appurtenance thereof without first obtaining a written permit from the Clerk-Treasurer.

(B) *Classes of permits.*

(1) There shall be 3 classes of building sewer connection permits:

- (a) Residential;
- (b) Commercial; and
- (c) Industrial.

(2) In either case, the owner or his or her agent shall make application on a special form furnished by the Clerk-Treasurer, Municipal Building, and the permit applications shall be supplemented by any plans, specification or other information considered pertinent in the judgment of the Superintendent.

(C) *Permit and inspection fee.* All permit inspection fees will be payable pursuant to a schedule published annually and modified and amended accordingly by the Town Code. (Prior Code, Ch. 21, Art. VIII) Penalty, see § 50.999

§ 50.056 BUILDING SEWERS.

(A) *Connection costs borne by owner.* All costs and expenses incident to the installation and connection of a building sewer shall be borne by the owner. The owner, or the person installing the building sewer for the owner, shall indemnify the town and any loss or damage to any sidewalks, streets, alley or other public property that may directly or indirectly be caused by the installation and connection of the building sewer to the public sewer.

(B) *Separate building sewer required.* A separate and independent building sewer shall be provided for every building; except where 1 building stands at the rear of another on an interior lot and no private sewer is available or can be constructed to the rear building through an adjoining alley, courtyard or driveway. In such cases, the building sewer from the front building may be extended to the rear building and the whole considered as 1 building sewer.

Sewer

(C) *Use of old building sewers.* Old building sewers may be used in connection with new buildings only when they are found on examination and test by the Superintendent to meet all requirements of this subchapter.

(D) *Location, depth and alignment of building sewer.* Whenever possible the building sewer shall be brought to the building at an elevation below the basement floor. No building sewer shall be laid parallel to or within 3 feet of any bearing wall, which might thereby be weakened. The depth shall be sufficient to afford protection from frost. The building sewer shall be laid at a uniform grade and in straight alignment in so far as possible. Changes in direction shall be made only with properly curved pipes and fittings.

(E) *Drain too low for gravity flow.* In all buildings in which any building drain is too low to permit gravity flow to the public sewer, sanitary sewage carried by the drains shall be lifted by artificial means and discharged to the building sewer as approved by the Superintendent. No water operated sewage ejector shall be used.

(F) *Excavations for building sewers.*

(1) All excavations required for the installation of a building sewer shall be open trench work unless otherwise approved by the Superintendent. Pipe laying and backfill shall be performed in accordance with latest ASTM specifications except that no backfill shall be placed until the work has been inspected by the Superintendent.

(2) Chapter 92 of the Town Code will apply to excavations involving streets, alleys, sidewalks or other public property.

(G) *Size and slope of building sewers.* The size and slope of the building sewers shall be subject to the approval of the Superintendent, but in no event shall the diameter be less than 4 inches. The slope of the 4 inch pipe shall not be less than 1/8 inch per foot.

(H) *General sewer material specifications.* The building sewer shall be cast iron soil pipe, ASA specification or equal; vitrified clay sewer pipe, ASTM specification or equal; or other suitable material approved by the Superintendent.

(1) All joints and connections shall be made gas tight and water tight. Cast iron pipe joints shall be firmly packed with oakum or hemp and secured only with pure molten lead, not less than 1 inch deep. Lead shall be run in 1 pouring and caulked tight. No paint, varnish, or other coatings shall be permitted on the jointing material until after the joint has been tested and approved.

(2) All joints in vitrified clay pipe or between the pipe and metals shall be made with approved jointing material in accordance with the latest edition of the *Plumbing Rules and Regulations* issued by the Administrative Building Council of Indiana.

Spencer - Public Works

(3) Other jointing materials and methods may be used only upon approval of the Superintendent.

(I) *Required materials under special conditions.* Any part of the building sewer that is located within 10 feet of a water service pipe shall be constructed of cast iron soil pipe with leaded joints. Cast iron pipes with leaded joints may also be required where the building sewer is exposed to damage by tree roots. If installed in filled or unstable ground, the building sewer shall be of cast iron soil pipe, except that nonmetallic material may be accepted if laid on a suitable concrete bed or cradle as approved by the Superintendent.

(J) *Connection to public sewer.* The connection of the building sewer into the public sewer shall be made at the "y" branch if the branch is available at a suitable location. Where the public sewer has no properly located "y" branch available, a neat hole shall be cut in the public sewer to receive the building sewer, with entry in the downstream direction at an angle of about 45 degrees. A standard flanged saddle shall be used to make the connection, with the spigot end cut so as not to extend past the inner surface of the public sewer. The invert of the building sewer at the point of connection shall be at a higher elevation than the invert of the public sewer. Mastic compound shall be used between the public sewer and flanged saddle and the connection made secure and water tight by encasement in concrete.

(K) *Inspection.* The person to whom the building sewer permit was issued shall notify the Superintendent when the building sewer is ready for inspection and connection to the public sewer. The connection shall be made under the supervision of the Superintendent.
(Prior Code, Ch. 21, Art. IX)

(L) *Connections.*

(1) No person(s) shall make connection of roof downspouts, foundation drains, areaway drains, sump pumps, basement or yard drains, or other sources of surface runoff or groundwater to a building sewer which in turn is connected directly or indirectly to a public sanitary sewer.

(2) Any such connection to a private sewage disposal system which existed prior to the availability of public sewers shall be removed from the building sewer prior to connection with the public sewer.

(M) The connection of the building sewer in to the public sewer shall conform to the requirements of the building and plumbing code or other applicable rules and regulations of the Town and State of Indiana, or the procedures set forth in appropriate specifications of the ASTM and the CF Manual or Practice No. 9. All such connections shall be made gastight and watertight and verified by proper testing. Any deviation from the prescribed procedures and materials must be approved by the superintendent before installation.

Sewer

(N) The applicant for the building sewer permit shall notify the Superintendent when the building sewer is ready for inspection and connection to the public sewer. The connection and testing shall be made under the supervision of the Superintendent or his or her representative. The applicant shall provide access to all structures (and areas of structures) to the Superintendent for the purpose of establishing compliance herewith.

(O) All excavations for building sewer installation shall be adequately guarded with barricades and lights so as to protect the public from hazard. Streets, sidewalks, parkways, and other public property disturbed in the course of the work shall be restored in a manner satisfactory to the Superintendents of Streets and Sewer.

(Ord. 1997-1, passed 1-20-1997)

§ 50.057 DAMAGES TO PUBLIC SEWERS.

No persons(s) shall maliciously, willfully, or negligently break, damage, destroy, uncover, deface, or tamper with any structure, appurtenance or equipment which is a part of the wastewater facilities. Any person(s) violating this provision shall be subject to immediate arrest under charge of disorderly conduct, criminal mischief and theft.

(Ord. 1997-1, passed 1-20-1997)

INDUSTRIAL WASTE

§ 50.070 SAMPLING AND MEASUREMENT.

(A) *Manhole required.* When required by the Superintendent, the owner of any property served by a building sewer carrying industrial wastes shall install a suitable control manhole in the building sewer to facilitate observation, sampling and measurement of the wastes. The manhole shall be accessible and safely located and shall be constructed in accordance with plans approved by the Superintendent. The manhole shall be installed by the owner at his or her expense, and shall be maintained by him or her so as to be safe and accessible at all times.

(B) *Testing industrial waste.* All measurements, tests and analysis of the characteristics of water and wastes shall be determined from samples taken at the control manhole in accordance with *Standard Methods for the Examination of Water and Sewage*. In the event that no special manhole has been required, the control manhole shall be considered to be the nearest downstream manhole in the public sewer to the point at which the building sewer is connected. (Prior Code, Ch. 21, Art. XIV)

Spencer - Public Works

§ 50.071 SPECIAL AGREEMENTS.

No statement contained in this subchapter shall be construed as preventing any special agreement or an arrangement between the town and any industrial or commercial concern whereby an industrial waste of unusual strength, quantity or character may be accepted by the industrial or commercial concern.

(Prior Code, Ch. 21, Art. XV)

§ 50.072 POWERS AND AUTHORITY OF INSPECTORS.

(A) The Superintendent and other duly authorized employees of the town bearing proper credentials and identification shall be permitted to enter all properties for the purposes of inspection, observation, measurement, sampling, and testing pertinent to discharge to the community system in accordance with the provisions of this chapter.

(B) (1) The Superintendent or other duly authorized employees are authorized to obtain information concerning industrial processes which have a direct bearing on the kind and source of discharge to the wastewater collection system.

(2) The industry may withhold information considered confidential.

(3) The industry must establish that the revelation to the public of the information in question might result in an advantage to competitors.

(C) While performing the necessary work on private properties referred to herein, the Superintendent or duly authorized employees of the town shall observe all safety rules applicable to the premises established by the company, and the company shall be held harmless for injury or death to the town employees, and the town shall indemnify the company against loss or damage to its property by town employees and against liability claims and demands for personal injury or property damage asserted against the company and growing out of the gauging and sampling operation, except as such may be caused by negligence or failure of the company to maintain safe conditions as required herein.

(D) (1) The Superintendent and other duly authorized employees of the town bearing proper credentials and identification shall be permitted to enter all private properties through which the town holds a duly negotiated easement for the purposes of, but not limited to, inspection, observation, measurement, sampling, repair and maintenance of any portion of the wastewater facilities lying within said easement.

(2) All entry and subsequent work, if any on said easement, shall be done in full accordance with the terms of the duly negotiated easement pertaining to the private property involved.

RATES, CHARGES AND FEES

§ 50.085 AUTHORITY OF TOWN COUNCIL.

The Town Council has the responsibility and authority to establish and to adjust, when necessary, the rates and charges made for sewage services on a just and equitable basis to insure the financial solvency of the sewage disposal system and for the payment of all bonded indebtedness. The rates and charges for sewage services shall not only be based upon the type of user and quantity of sewage discharged into the sewage system but also on the type, strength and character of the sewage and waste the sewage system is required to treat and dispose of. The Town Council also has the responsibility, right and authority to test and determine the type, strength and character of sewage in such manner and method as it may find practicable.
(Prior Code, Ch. 21, Art. XVII, § 1)

§ 50.086 WATER CONSUMPTION.

Applies to all sewer customers in or out of the town limits.

(A) Determination of water used.

(1) Customers of the sewer system who are customers of the Bean Blossom Patricksburg Water Corporation (BB & P) have water meters and the town will get the usage from BB & P each month. If a sewer customer uses well water, or any other source of water that is not now metered, the customer must install an acceptable water meter (that measures gallons of water consumed) at his or her own expense.

(2) The town shall obtain a monthly meter readout from BB & P that shows gallons of water consumed.

(3) Customers that have their own meter installed will have their meter read by the Town of Spencer Sewer Department personnel.

(B) Meter readings. The customer shall have their meter read by Spencer Sewer Department personnel as of the first day of each month and report the reading for the month by day 5 of that month.

(Prior Code, Ch. 21, Art. XVII, § 2)

§ 50.087 MONTHLY SEWAGE RATES WITHIN AND OUTSIDE TOWN LIMITS.

(A) Each user shall pay a monthly base charge of:

Spencer - Public Works

<i>Meter Size</i>	<i>Billing And Collection</i>	<i>Debt Service</i>	<i>Total Monthly Base Charge</i>
5/8 - 3/4 inch meter	\$7.40	\$10.40	\$17.80
1 inch meter	\$7.40	\$26.55	\$33.95
1-1/2 inch meter	\$7.40	\$59.70	\$67.10
2 inch meter	\$7.40	\$106.05	\$113.45
3 inch meter	\$7.40	\$238.50	\$245.90
4 inch meter	\$7.40	\$423.95	\$431.35
6 inch meter	\$7.40	\$953.90	\$961.30

(B) A user charge rate for operation and maintenance including replacement of \$8.34 per 1,000 gallons of water calculated as follows:

	<i>Collection System Maintenance</i>	<i>Treatment User Charge</i>	<i>Treatment Debt Service</i>	<i>Total User Charge Rate</i>
Per 1,000 gallons of water	\$2.26	\$3.83	\$2.25	\$8.34

(Prior Code, Ch. 21, Art. XVII, §§ 3 and 4) (Am. Ord. 2007-1, passed 3-5-2007)

§ 50.088 MULTIPLE WATER METERS AND SINGLE WATER METER.

Customers serviced by more than 1 water meter will be issued separate bills for each meter.
(Prior Code, Ch. 21, Art. XVII, § 7)

§ 50.089 ADJUSTMENT; SEWER BILL AND SWIMMING POOL.

(A) *Adjustment of sewer bill.*

(1) The Town Council realizes that a break or leak may occur, and in the interest of fairness, the Board shall have authority to adjust a sewer bill according to the circumstances of each case.

(2) Before the Town Council will make an adjustment to a sewer bill, the customer must submit a written petition and an affidavit requesting an adjustment, that the monthly usage was unreasonably high because of a break or leak, and that the break or leak did not require the Spencer Sewage Treatment Plant processes.

Sewer

(B) *Sewer fee adjustment for swimming pools.* A customer of the Spencer Sewer System will be allowed a credit or no charge for the amount of water the customer uses to fill a swimming pool upon the following terms and conditions:

(1) The customer shall notify the Sewer Department of the customer's intent to fill a swimming pool by completing an application for a fee adjustment and submit the application to the Spencer Sewer Department for approval or rejection. The application shall be prepared by the Sewer Department and shall be available upon the effective date of this subchapter. The customer shall supply all information as requested on the application and shall comply with all the terms and conditions of the application. The customer shall date and sign the application under oath or verification. Application must be filed by August 15 unless the customer is requesting a first time fill.

(2) The customer shall record the water meter reading prior to the filling of the swimming pool and the water meter reading after the swimming pool is filled. The difference between these 2 readings shall be the amount of water used (the readings shall be in gallons of water used) to fill the swimming pool. The customer shall file these readings on the application noted in division (B)(1) above.

(3) The customer's sewer bill may include a fee for the amount of water used to fill the swimming pool, however, upon approval of the Town Council, the amounts will be adjusted on your next months billing.

(4) The customer shall pay the minimum monthly service charge regardless of any credit for water used to fill a swimming pool.

(5) This credit for swimming pools shall be available to the customer only during the months of May, June and July of any calendar year. Unless the customer is requesting a first time fill, then the pool can be filled at any time during the calendar year.

(6) A customer shall be entitled to only 1 credit per swimming pool per parcel of land that is serviced by the Municipal Sewer System under this section in any calendar year.

(7) The discharge of the water from the swimming pool shall not be discharged into the Municipal Sewer System.

(Prior Code, Ch. 21, Art. XVII, §§ 9 and 10)

§ 50.090 BILLING AND COLLECTION.

(A) The owners of property and/or customers served by the Town Sewer System shall be billed monthly at the rate applicable to them.

(B) All charges shall be due and payable on or before the tenth day of the succeeding month. If the charges are not paid on or before day 10 of the month in which they are payable, a

Spencer - Public Works

collection charge shall be added amounting to 10% of the gross bill.

(C) Other delinquent accounts will be collected in the manner prescribed by the Indiana Code.

(D) All owners of property and/or customers served by the Town Sewer System shall pay a deposit upon connect to sewer services as set forth below:

(1) *Renters.* The Spencer Town Council hereby establishes a requirement for a deposit of \$100 for each account that a customer establishes for sewer services. This deposit is held until the account is closed and paid in full. The deposit will not be applied to delinquent payments unless the account is closed.

(2) *Homeowner.* The Spencer Town Council hereby establishes a requirement or a deposit of \$100 for each account that a customer establishes for sewer services. This deposit is held until the account is closed and paid in full or until the account holder maintains an excellent payment history (no late fees or disconnect notices) for a period of 12 months, whichever comes first. The deposit will not be applied to delinquent payments unless the account is closed.
(Prior Code, Ch. 21, Art. XIX)

§ 50.999 PENALTY.

(A) *General.* Any person violating any provision of this chapter for which no specific penalty is prescribed shall be subject to § 10.99.

(B) *For not installing a water meter.* Any person who uses or continues to use the Sewer System and does not have his or her water usage metered after March 31, 1989 (90 days after the effective date of this subchapter), shall be in violation of this chapter and shall be fined \$10 for each violation. Each day a violation exists shall be considered a separate offense. Any person in violation shall pay the monthly sewer rate applicable to that customer in addition to any fines or penalties that apply.
(Prior Code, Ch. 21, Art. XVII, § 8)

(C) (1) *Tampering.* No person shall maliciously, willfully, or negligently, break, damage, destroy, uncover, deface, or tamper with any structure, appurtenance, or equipment which is a part of the Spencer Sewer System. Any person who violates this provision shall be subject to immediate arrest under the charge of disorderly conduct.

(2) *Responsibility of owner.* It is the responsibility of each property owner or other person responsible for payment of sewage service charges to promptly advise the town of any changes in the use of a residence, building or lot, or in the number of employees, or in any other activity upon which sewage services are based which would affect the sewage service charges for that residence, building, lot, business or governmental activity. Failure to report promptly will result in a determination by the Town Council as to when the violation occurred, the total amount

Sewer

of sewage charges due and payable, plus a collection charge of 10% of the gross bill.

(3) *Violations.* Any person found to be violating any provision of this chapter, except division (C) above, and the specific penalty provided for under division (A) above, (the specific penalties under these portions of this chapter shall apply at all times and shall be in addition to any other penalties provided for in this chapter or other provisions of the Town Code) shall be served by the town with written notice stating the nature of the violation and providing for a reasonable time limit for the satisfactory correction of it. The offender shall, within the period of time stated in the notice, permanently cease all violations.

(4) *Fines.* Any person who shall continue any violation beyond the time limit provided for in division (C)(3) above, shall be guilty of an ordinance violation and shall be subject to a fine of \$25 for each violation. Each day in which any violation continues or exists shall be deemed a separate offense.

(5) *Liability.* Any person who violates any provisions of this chapter shall become liable to the town for any expense, loss, or damage by reason of the violation including reasonable attorney fees incurred by the town for collection of the account.

§ 70.01 PURPOSE.

This title provides for the regulation of vehicular traffic on the streets and alleys of the town; it restricts the operation of trucks on residential streets; it prescribes permit requirements for use of town streets for parades and other purposes; it provides special controls of vehicular traffic under snow emergency conditions; it prescribed penalties for violations thereof; it provides for the control and regulation of vehicular traffic on the public school grounds, which grounds are operated by the Board of Trustees of the Spencer-Owen Community Schools; it effectuates the agreement made between the Town Council of Spencer and the Board of Trustees of the Spencer-Owen Community Schools concerning the enactment and enforcement of the traffic regulations as are necessary for the promotion of safety on the public school grounds; and it adopts a code of vehicular operation for public school grounds, pursuant to recommendation by the Board of Trustees of the Spencer-Owen Community Schools.
(Prior Code, Ch. 16, Art. I)

§ 70.02 DEFINITIONS.

(A) Terms used in this title shall have the meanings prescribed for the terms by the Motor Vehicle Laws of the State of Indiana unless specifically defined as a part of this chapter.

(B) For the purpose of this title, the following definitions shall apply unless the context indicates or requires a different meaning.

ALLEY. A public thoroughfare which affords only secondary means of vehicular access to abutting property and is not over 20 feet in width.

Spencer - Traffic Code

AUTHORIZED EMERGENCY VEHICLE. Includes vehicles of the Fire Territory, the Police Department, ambulances and the other emergency vehicles as are designated or authorized by the Town Marshal or the Superintendent of Streets.

INDIANA MANUAL. The *Indiana Manual on Uniform Traffic Control Devices for Streets and Highways*.

OFFICIAL TIME STANDARD. Whenever certain hours are named herein they shall mean standard time or daylight saving time as may be in current use in the town.

OFFICIAL TRAFFIC CONTROL DEVICES. All signs, signals, markings and devices consistent with this chapter, placed or erected by authority of the Town Council for the purpose of regulating, warning or guiding traffic.

PARK. When prohibited, means the standing of a vehicle, whether occupied or not, otherwise than temporarily for the purpose of and while actually engaged in loading or unloading.

PEDESTRIAN. Any person afoot.

PERSON. Every individual, firm, partnership, association, company or corporation.

POLICE OFFICER. The Town Marshal and Deputy Marshals and the other authorized personnel to direct or regulate traffic or to make arrests for violations of traffic regulations.

RESIDENTIAL STREET. All town streets, alleys, and culverts within the corporate limits other than **TRUCK ROUTES**.

SCHOOL GROUNDS. Any property for which the Board of Trustees of the Spencer-Owen Community Schools is trustee and which is devoted to public school use.

STREETS. Any reference in this Traffic Code to a specific street, avenue or drive shall be deemed to be a reference to the exact and correct name of the street so long as the name before the word **STREET**, **AVENUE** or **DRIVE**, as the case may be, is correctly stated.

TRAFFIC. Includes pedestrians, ridden or herded animals, vehicles and other conveyances either singly or together while using any street for the purpose of travel.

TRAFFIC OFFICER. A special police officer with authority to issue citations for parking violations and to control traffic under special conditions as assigned by the Town Marshal.

TRUCK. Any vehicle that has more than 2 rear wheels, or more than 1 axle, or has an empty vehicle weight of more than 5,000 pounds.

General Regulations

TRUCK ROUTE. All state highways or routes within the town corporate limits duly designated as a truck route.
(Prior Code, Ch. 16, Art. II)

§ 70.03 POWERS OF TOWN COUNCIL.

The Indiana Code provides the Town Council with the authority to:

(A) Control and regulate the standing or parking of vehicles upon any street, alley or other public area, within the town;

(B) Regulate the flow of traffic by means of traffic control signals;

(C) Designate particular streets as 1-way streets and require all vehicles to move in 1 specific direction;

(D) Regulate the speed of vehicles on the streets, alleys or public places, within the town;

(E) Designate any street as a through street and require that all vehicles stop before entering or crossing the street;

(F) Designate any intersection as a stop intersection and require that all vehicles stop before entering or crossing the street;

(G) Enact the traffic regulations pertinent to school grounds which the Board of Trustees of the Spencer-Owen Community Schools may recommend from time to time;

(H) Direct police officers to enforce traffic regulations on school grounds and make arrests for violations thereof; and

(I) Prescribe penalties for persons violating the provisions of this chapter.
(Prior Code, Ch.16, Art. III)

§ 70.99 PENALTY.

(A) Any person who violates any of the provisions of this title is subject to criminal and civil penalties.

Spencer - Traffic Code

(B) (1) *Fines.* Any person who violates any provision in this chapter shall, provided that the alleged violator pay to the Spencer Clerk-Treasurer the sum of \$25 or speaks with the Chief Marshal in person and he or she elects to recall the citation, within 7 days of the alleged violation, the alleged violation shall be dismissed. However, after compliance with the 7 day dead line, the alleged violator may within 30 days of the citation's issuance date appeal in writing to the Town Council to reverse the violator's unfavorable decision. A reversal of any town ordinance citation takes a unanimous vote from the Board. All Board decisions are final.

(2) *Payment.* If the fine is not paid within the 7 day time period, additional penalty charges may be accessed and civil remedies shall be sought in the court having jurisdiction. Additional penalties to include reasonable attorney fees and court costs incurred by the town for collection of the account.

GENERAL REGULATIONS

§ 72.01 FOLLOWING EMERGENCY VEHICLES.

No driver of any vehicle shall follow any authorized emergency vehicle apparently traveling in response to an emergency call closer than 1,000 feet or drive or park his or her vehicle within a radius of 2 blocks from the point where the fire apparatus has stopped in answer to a fire alarm. (Prior Code, Ch. 16, Art. VI, § 1) Penalty, see § 70.99

§ 72.02 FIREFIGHTING EQUIPMENT.

It shall be unlawful for any person to drive over any hose lines or other equipment of the Fire Territory, except in obedience to the direction of a firefighter or police officer. (Prior Code, Ch. 16, Art. VI, § 2) Penalty, see § 70.99

§ 72.03 OBSTRUCTING TRAFFIC.

No driver shall enter an intersection or a marked crosswalk unless there is sufficient space on the other side of the intersection or crosswalk to accommodate the vehicles or pedestrians, notwithstanding any traffic control signal indication to proceed. (Prior Code, Ch. 16, Art. VI, § 3) Penalty, see § 70.99

§ 72.04 OBSTRUCTING VIEW AT CORNERS.

It shall be unlawful to construct or maintain or permit to remain, any fence, sign or other structure or article, or any bushes or other plants, on a corner lot, at any intersection of a street or alley, which obstructs the clear view of the intersection, adjacent street, or any on-coming traffic, at a height of more than 3 feet above the level of the adjacent street pavement. (Prior Code, Ch. 16, Art. VI, § 4) Penalty, see § 70.99

§ 72.05 EMERGING FROM ALLEY OR PRIVATE DRIVEWAY.

The driver of a vehicle emerging from an alley, driveway or building shall stop the vehicle immediately prior to driving onto a sidewalk or onto the sidewalk area extending across any alleyway, yielding the right-of-way to any pedestrian as may be necessary to avoid collision, and upon entering the roadway shall yield the right-of-way to all vehicles approaching on the roadway. (Prior Code, Ch. 16, Art. VI, § 5)

General Traffic Regulations

§ 72.06 DRIVING ON SIDEWALK.

The driver of a vehicle shall not drive on or across any sidewalk area, except where there is a permanent or temporary driveway.

(Prior Code, Ch. 16, Art. VI, § 6) Penalty, see § 70.99

§ 72.07 BACKING.

The driver of a vehicle shall not back his or her vehicle unless the movement can be made with reasonable safety and without interfering with other traffic.

(Prior Code, Ch. 16, Art. VI, § 7) Penalty, see § 70.99

§ 72.08 NO DRIVING ON STREETS CLOSED FOR REPAIRS.

Except for necessary access to property abutting thereon, no motor vehicle shall be driven upon any street that is barricaded or closed for repairs or other lawful purposes.

(Prior Code, Ch. 16, Art. VI, § 8) Penalty, see § 70.99

§ 72.09 RAILROAD CROSSINGS.

Whenever any person driving a vehicle approaches a railroad grade crossing within town, he or she shall approach with great caution and, if a train is approaching so near as to constitute a grave danger, the driver of the vehicle shall stop within 50 feet but not less than 15 feet from the nearest rail of the railroad and shall not proceed until he or she can safely do so.

(Prior Code, Ch. 16, Art. VI, § 9)

§ 72.10 OPERATION OF NOISY VEHICLES UNLAWFUL.

It shall be unlawful and a public nuisance for a person to drive or operate a motor vehicle which makes or emits an unusually loud or unnecessary noise, including but not limited to, the unnecessary racing of motor, or causing the screeching or squealing of tires.

(Prior Code, Ch. 16, Art. VI, § 10) Penalty, see § 70.99

§ 72.11 USE OF VEHICLE HORNS.

Spencer - Traffic Code

Every motor vehicle shall be equipped with a good and audible signaling device or horn in efficient working condition. The signaling device shall be sounded only when necessary to give timely warning of the approach of the vehicle, and it shall be unlawful and a public nuisance for any person to sound his or her signaling device or horn for any purpose other than as a warning of impending danger.

(Prior Code, Ch. 16, Art. VI, § 11)

§ 72.12 UNLAWFUL RIDING ON VEHICLES.

No person shall ride on any vehicle or upon any portion thereof not designed or intended for the use of passengers. This provision shall not apply to any employee engaged in the necessary discharge of a duty or to persons riding within truck bodies in space intended for merchandise.

(Prior Code, Ch. 16, Art. VI, § 12) Penalty, see § 70.99

§ 72.13 HUMAN AND ANIMAL PROPULSION AND DEVICES, AND THE LIKE.

Every person being propelled by any human propulsion device or riding an animal upon a roadway and every person driving any animal-drawn vehicle, shall be subject to the provisions of this subchapter applicable to the driver of any vehicle, except those provisions which by his or her very nature can have no application.

(Prior Code, Ch. 16, Art. VI, § 13)

§ 72.14 OPERATION OF HUMAN PROPULSION DEVICES, AND THE LIKE.

No person upon roller blades, skates, skateboard, or riding in or by means of any coaster, toy vehicle or similar device, shall go upon any roadway (excluding road worthy sport bicycle equipments and riders). However, it shall be permissible while crossing a street at an intersection on a crosswalk. When so crossing, the person shall be granted all the rights and shall be subject to all the duties applicable to pedestrians. This section shall not apply upon any street while set aside as a play street.

(Prior Code, Ch. 16, Art. VI, § 14) Penalty, see § 70.99

§ 72.15 OPERATION OF EMERGENCY VEHICLES.

(A) The driver of an authorized emergency vehicle, when responding to an emergency call, in the pursuit of an actual suspected violator of the law or when responding to but not upon returning from a fire alarm, may disregard regulations governing direction of movement or turning in specified directions as required by this section.

General Traffic Regulations

(B) The exemption herein granted to the driver of an authorized emergency vehicle shall apply only when the driver of the vehicle while in motion sounds an audible signal by bell, siren, or exhaust whistle as may be reasonably necessary, and when the vehicle is equipped with at least 1 lighted lamp displaying a red light visible under normal atmospheric conditions from a distance of 500 feet to the front of the vehicle, except that an authorized emergency vehicle operated as a police vehicle need not be equipped with or display a red light visible from in front of the vehicle.

(C) The foregoing provisions shall not relieve the driver of an authorized emergency vehicle from the duty to drive with due regard for the safety of all persons, nor shall the provisions protect the driver from the consequences of his or her reckless disregard for the safety of others.
(Prior Code, Ch. 16, Art. XIV)

§ 72.16 SNOW EMERGENCIES.

(A) *Declaration of snow emergency.* When snow reaches a depth of 4 inches or more a snow emergency is automatically declared.

(B) *Restrict driving.* When a snow emergency condition exists, all persons are urged and encouraged to restrict their driving to essential trips only and to have their vehicle equipped with chains or snow tires before driving on the public streets of the town.

(C) *Plowing of streets.* In order to keep the public streets open for the flow of traffic, the Superintendent of Streets shall use snow plows and other equipment as appropriate to remove the snow from the streets.

(D) *Parking may be banned.*

(1) When snow emergency conditions exist or are anticipated, each person should remove his or her parked vehicle from the street to facilitate snow removal operations of the Street Department.

(2) The Superintendent of Streets is authorized to ban parking in those areas where it is necessary to remove the snow to the curb to provide for the movement and safe passage of traffic.

(E) *Removal of stalled or parked vehicles.*

(1) The Town Marshal shall, when required by the Superintendent of Streets, cause the removal of parked or stalled vehicles which are obstructing traffic or which impede the effective removal of snow.

(2) If the owner of the vehicle fails to move it when so requested by an officer of the Police Department, the officer shall have the vehicle towed away at the owner's expense and without any liability or cost to the town.

Spencer - Traffic Code

(Prior Code, Ch. 16, Art. XVI)

§ 72.17 PARADES AND OTHER USES OF TOWN STREETS.

(A) *Permit required.* It shall be unlawful for any person, club, organization, association, or similar group to hold any meeting, parade, demonstration or exhibition on the public streets without a responsible representative of the organization first securing a permit from the town. A permit shall not be issued by the town unless it determines, in coordination with the Town Marshal, that the proposed activity will not unreasonably interfere with traffic and unless the applicant for the permit shall agree and accept responsibility for the immediate clean up of all litter which may be left on the streets as a result of the activity.

(B) *Bonding/insurance requirements.* If in the town's judgment a bond and/or insurance coverage should be provided by the club, organization or similar group to protect the interest of the town or to guarantee performance of the terms of the permit, the town shall require the applicant to provide such a bond or insurance coverage in a reasonable amount before issuance of the permit.

(C) *Unlawful to leave litter/trash.* It shall be unlawful for any person obtaining a permit to fail to carry out his or her agreement to immediately clean up and dispose of all litter, trash, or other unsanitary materials resulting from use of the street.

(Prior Code, Ch. 16, Art. XVIII) Penalty, see § 70.99

RULES AND ENFORCEMENT

§ 72.35 POLICE DEPARTMENT.

(A) It is the duty of the Town Marshal, or the deputies as are assigned by him or her:

(1) To enforce the Traffic Code of the town, and the state vehicle laws applicable to street traffic in the town;

(2) To enforce all traffic regulations of the town and state vehicle laws as they apply to the school grounds; and

(3) To direct all traffic in person, or by means of visible or audible signal in conformance with the provisions of the Traffic Code, provided, that in the event of a fire or other emergency or to expedite traffic or to safeguard pedestrians, the Town Marshal or the officers as are assigned by him or her may direct traffic as conditions may require notwithstanding the provisions of this Traffic Code.

(B) The Town Marshal is hereby empowered to make and enforce the traffic regulations as

General Traffic Regulations

are necessary to make effective the provisions of this Traffic Code and to make and enforce temporary regulations to meet emergency traffic conditions.

(Prior Code, Ch. 16, Art. XX, § 1)

§ 72.36 IMPOUNDMENT OF VEHICLES.

Members of the Police Department are hereby authorized, when reasonably necessary to prevent obstruction of traffic, to remove from the streets and alleys and impound any vehicle whose operator is arrested, or any vehicle which is illegally parked, or otherwise parked or stalled so as to constitute an obstruction or hazard to normal traffic. Such an impounded vehicle shall be stored until the owner claims it, given satisfactory evidence of ownership, and pays all applicable fines, costs, towing and storage charges.

(Prior Code, Ch. 16, Art. XX, § 2)

§ 72.37 TRAFFIC CITATIONS.

When a police officer halts a violator other than for the purpose of giving a warning, and does not take the person into custody under arrest, may issue to him or her a written ordinance citation containing a notice to answer to the charge against him or her in the appropriate authority by a specific time. The officer, upon receiving the written promise of the alleged violator to answer as specified in the citation shall forward it in a timely manner through the appropriate channels. Provided that the alleged violator pays to the Spencer Clerk-Treasurer the sum of \$25 or speaks with the Chief Marshal in person and he or she elects to recall the citation, within 7 days of the alleged violation, the alleged violation shall be dismissed. However, after compliance with the 7 day deadline, the alleged violator may within 30 days of the citations issuance date appeal in writing to the Town Council to reverse their unfavorable decision. A reversal of any Town Ordinance citation takes an unanimous vote from the Board. All Board decisions are final.

(Prior Code, Ch. 16, Art. XX, § 3)

§ 72.38 FAILURE TO OBEY CITATION.

It shall be unlawful for any person to violate his or her written promise after giving the promise to a police officer upon the issuance of a town ordinance citation. Civil remedies and additional cost to the town associated with the collection of the fees may be filed against the violator in accordance with state law.

(Prior Code, Ch. 16, Art. XX, § 4) Penalty, see § 70.99

§ 72.39 FIRE TERRITORY PERSONNEL.

Officers of the Fire Territory, in the absence of a police officer, may direct or assist the police in directing traffic in the event of a fire.

(Prior Code, Ch. 16, Art. XX, § 5)

Spencer - Traffic Code

§ 72.40 OBEDIENCE TO CROSSING GUARDS.

No person shall willfully fail or refuse to comply with any lawful order or direction of a Spencer Police Department police officer, or Fire Territory official, an adult school crossing guard or a member of a school safety patrol while the adult crossing guard or school safety patrol member is engaged in controlling traffic at a school crossing for pedestrians.

(Prior Code, Ch. 16, Art. XX, § 6) Penalty, see § 70.99

§ 72.41 REPORTING ACCIDENTS.

The driver of a vehicle involved in an accident within the limits of the town which results in injury to or death of any person or in property damage to an apparent extent of \$1,000 or more, shall immediately and by the quickest means of communication notify the Spencer Police Department of such an accident.

(Prior Code, Ch. 16, Art. XVII)

§ 72.42 DAMAGE TO PAVEMENTS.

(A) *Damage by vehicle operation.* No person shall operate upon any street of the town any vehicle, motor propelled or otherwise, which by reason of its weight or the character of its wheels or track is likely to damage the surface or foundation of the street.

(B) *Damage by burning, and the like.* It shall be unlawful for any person to burn leaves or trash of any kind or to pour salty or waste water, or oil of any description upon paved streets in the town.

(C) *Restoring damaged streets.* All defective conditions made in the streets and alleys of the town by any person for any reason whatsoever shall restore them to their original condition within 15 days after receiving notice to do so from the Clerk-Treasurer.

(D) *Payment for damages.* If repairs are not made as requested by notice from the Clerk-Treasurer, the repairs will be made on order of the Town Council and the costs of making the repairs will be charged to the person causing the damage.

GENERAL PROVISIONS

§ 73.01 PURPOSE.

This chapter establishes a program for the voluntary registration of sport bicycle equipments and motorized sport bicycle equipments; it requires proper safety equipment; and it regulates and controls the usage of sport bicycle equipments and motorized sport bicycle equipments in the interest of safety.

(Prior Code, Ch. 18, Art. I)

§ 73.02 DEFINITIONS.

For the purpose of this chapter, the following definitions shall apply unless the context indicates or requires a different meaning.

SPORT BICYCLE EQUIPMENT. Any foot propelled vehicle, irrespective of the number of wheels in contact with the ground. The use of skateboards are prohibited.

MOTORIZED SPORT BICYCLE EQUIPMENT. Any sport bicycle equipment with operable pedals which may be propelled by human power or an internal combustion engine or a battery powered motor, or both and when powered by an internal combustion engine having a rating of no more than 1.5 brake horsepower and a cylinder capacity not exceeding 50 cubic centimeters, an automatic transmission, and a maximum design speed of no more than 25 mph on a flat surface. Any motorized sport bicycle equipment must have a minimum height of 24 inches in height from the ground for the seat or handlebar when no seat is present.
(Prior Code, Ch. 18, Art. II)

§ 73.03 VOLUNTARY REGISTRATION PROGRAM.

Sport Bicycle Equipments and Other Recreational Vehicles

The owner of any sport bicycle equipment or motorized sport bicycle equipment living within the corporate limits of the town is urged and encouraged to register his or her sport bicycle equipment or motorized sport bicycle equipment with the Town Marshal. This is an entirely voluntary program and its objective is to provide a means of identification should the sport bicycle equipment or motorized sport bicycle equipment be lost or stolen.
(Prior Code, Ch. 18, Art. III)

§ 73.04 IMPOUNDMENT OF SPORT BICYCLE EQUIPMENT.

(A) Members of the Police Department are hereby authorized to impound any sport bicycle equipment or motorized sport bicycle equipment when the owner thereof shall have violated any of the regulations herein and the impoundment is ordered for a determinate period of time as a part of the penalty for violation of this chapter.

(B) An impounded sport bicycle equipment or motorized sport bicycle equipment shall be stored until redeemed or otherwise released.

(C) Any sport bicycle equipment or motorized sport bicycle equipment left in impoundment for 6 months shall be disposed of by the police.
(Prior Code, Ch. 18, Art. VII) Penalty, see § 73.99

RIDING OF SPORT BICYCLE EQUIPMENT/MOTORIZED SPORT BICYCLE EQUIPMENT

§ 73.20 APPLICABILITY OF TRAFFIC REGULATIONS.

Persons riding sport bicycle equipments or motorized sport bicycle equipments upon a roadway shall be entitled to all the rights and shall be subject to all the duties applicable to the driver of a vehicle, except as changed by the provisions of this subchapter, and except as to those provisions of laws and other regulations which by their nature have no application.
(Prior Code, Ch. 18, Art. IV, § 1)

§ 73.21 OBEDIENCE TO SIGNALS.

Any person operating a sport bicycle equipment or motorized sport bicycle equipment shall obey the instructions of official traffic control signals, posted speed limits, signs, and other control devices applicable to vehicles unless otherwise directed by a police officer.
(Prior Code, Ch. 18, Art. IV, § 2)

Spencer - Traffic Code

§ 73.22 OPERATORS OF MOTORIZED SPORT BICYCLE EQUIPMENT.

A motorized sport bicycle equipment shall not be operated by any person under the age of 15 years.

(Prior Code, Ch. 18, Art. IV, § 3) Penalty, see § 73.99

§ 73.23 MOTORIZED SPORT BICYCLE EQUIPMENT PROHIBITED ON SIDEWALKS.

No person shall operate or ride a motorized sport bicycle equipment on the sidewalks of the town.

(Prior Code, Ch. 18, Art. IV, § 4) Penalty, see § 73.99

§ 73.24 PEDESTRIANS HAVE RIGHT-OF-WAY.

Whenever any person is riding a sport bicycle equipment upon sidewalks, the person shall yield the right-of-way to any pedestrian.

(Prior Code, Ch. 18, Art. IV, § 5)

§ 73.25 RIDING ON SIDEWALKS IN BUSINESS AREAS PROHIBITED.

No person shall ride a sport bicycle equipment on a sidewalk in front of a business establishment, government office, or on the sidewalks around the County Courthouse.

(Prior Code, Ch. 18, Art. IV, § 6) Penalty, see § 73.99

§ 73.26 EMERGING FROM ALLEY OR DRIVEWAY.

The operator of a sport bicycle equipment/motorized sport bicycle equipment emerging from an alley or driveway, shall upon approaching a sidewalk extending across the alley or driveway, yield the right-of-way to all pedestrians approaching on the sidewalk, and upon entering the roadway shall yield the right-of-way to all vehicles approaching on the roadway.

(Prior Code, Ch. 18, Art. IV, § 7)

§ 73.27 RIDING ON AN SPORT BICYCLE EQUIPMENT.

(A) A person propelling a sport bicycle equipment/motorized bicycle shall not ride other than upon the permanent and regular seat attached thereto, nor carry any other person upon the bicycle or motorized bicycle otherwise than upon a firmly attached regular seat thereon, nor shall any person ride upon a bicycle or motorized bicycle in any manner other than as stated above.

Sport Bicycle Equipments and Other Recreational Vehicles

(B) No bicycle or motorized bicycle shall be used to carry more persons at 1 time than the number for which it is designed and equipped.

(Prior Code, Ch. 18, Art. IV, § 8) Penalty, see § 73.99

§ 73.28 RIDING IN A GROUP.

Persons riding bicycles or motorized bicycles upon a roadway shall not ride more than 2 abreast except on paths or parts of roadways set aside for the exclusive use of bicycles or motorized bicycles.

(Prior Code, Ch. 18, Art. IV, § 9) Penalty, see § 73.99

§ 73.29 CLINGING TO VEHICLES.

Any person upon any bicycle, motorized bicycle, coaster, roller skates or toy vehicle shall not attach the same or himself or herself to any bicycle upon a roadway.

(Prior Code, Ch. 18, Art. IV, § 10) Penalty, see § 73.99

§ 73.30 CARRYING ARTICLES WHILE RIDING.

No person riding a bicycle or motorized bicycle shall carry any package, bundle or article which prevents the rider from keeping both hands upon the handle bars.

(Prior Code, Ch. 18, Art. IV, § 11) Penalty, see § 73.99

SAFETY EQUIPMENT REQUIRED

§ 73.45 BRAKES.

Every bicycle and motorized bicycle shall be equipped with a brake which will enable the operator to make the braked wheels skid on dry, level, and clean pavement.

(Prior Code, Ch. 18, Art. V, § 1)

§ 73.46 LIGHTS AND REFLECTORS.

Spencer - Traffic Code

Every bicycle and motorized bicycle operated on a public highway or on a street within the town from 1/2 hour after sunset until 1/2 hour before sunrise shall be equipped with a lamp on the front exhibiting a white light visible from a distance of at least 500 feet to the front and with a lamp on the rear; except that a red reflector may be used in lieu of a rear light.

(Prior Code, Ch. 18, Art. V, § 2)

§ 73.47 AUDIBLE SIGNALS.

No person shall ride a bicycle or motorized bicycle unless it is equipped with a bell or other device capable of giving a signal audible for a distance of at least 100 feet, except that no bicycle or motorized bicycle shall be equipped with, nor shall any person use upon a bicycle or motorized bicycle any siren or whistle.

(Prior Code, Ch. 18, Art. V, § 3) Penalty, see § 73.99

ENFORCEMENT

§ 73.60 PARENTS/GUARDIANS.

The parent of any child and the guardian of any ward shall not authorize or knowingly permit any child or ward to violate any provisions of this chapter.

(Prior Code, Ch. 18, Art. VI, § 1) Penalty, see § 73.99

§ 73.61 APPLICABILITY.

These provisions of this chapter shall apply whenever a bicycle or motorized bicycle is operated upon any street or upon any public path set aside for the exclusive use of bicycles or motorized bicycles, subject to those exceptions stated herein.

(Prior Code, Ch. 18, Art. VI, § 2)

§ 73.99 PENALTY.

Any person who violates any section in this chapter shall be subject to impoundment and a fine of \$25. Alleged violators of ordinances in the Town Code of Spencer may pay the Spencer Clerk-Treasurer, within 7 days of the alleged violation, the sum required by the citation issued. If the fine is not paid in 7 days, charges shall be filed in the court having jurisdiction over the alleged violation. Any person who violates any provisions of this chapter shall become liable to the town for any expense, loss or damage by reason of the violation including reasonable attorney fees incurred by the town for collection of the account.

(Prior Code, Ch. 18, Art. VIII)

CHAPTER 74: PEDESTRIANS

Section

74.01 Crossing streets

74.02 Jaywalking

§ 74.01 CROSSING STREETS.

(A) Pedestrians shall be subject to traffic control signals at intersections where the signals are operating. When traffic control signals are not operative or in place, the driver of a vehicle shall yield the right-of-way to pedestrians crossing the roadway within the crosswalk.

(B) No pedestrian shall suddenly leave a curb or other place of safety and walk or run into the path of a vehicle which is so close that it is impossible for the driver to yield the right-of-way. (Prior Code, Ch. 16, Art. XV, § 1) Penalty, see § 10.99

§ 74.02 JAYWALKING.

Every pedestrian crossing a roadway at any point other than within the crosswalk at an intersection shall yield the right-of-way to all vehicles upon the roadway. (Prior Code, Ch. 16, Art. XV, § 2)

GENERAL PROVISIONS

§ 75.001 PURPOSE.

This chapter provides for the regulation of vehicle parking within the town; it prohibits parking under certain conditions; it provides for the installation and use of parking meters and the issuance of parking permits and it provides for penalties for the violation thereof.
(Prior Code, Ch. 17, Art. I)

§ 75.002 DEFINITIONS.

(A) For the purpose of this chapter, the following definitions shall apply unless the context indicates or requires a different meaning.

(B) Terms used in this chapter shall have the meanings prescribed for the terms by the motor vehicle laws of the State of Indiana unless specifically defined as a part of this chapter.

Parking

CROSSWALK. That portion of a roadway ordinarily included within the prolongation or connection of lateral lines of sidewalks at intersections whether marked by lines as such or not any portion of a roadway distinctly indicated for pedestrian crossing by lines of other markings on the surface of the roadway.

HOUSE CAR. Every vehicle, with or without motive power, equipped exclusively for living quarters for persons traveling upon highways.

OPERATOR. Any person who operates a vehicle as the owner thereof, or as the agent, employee or permittee of the owner, or is in actual physical control of the vehicle.

PARK or PARKING. The standing of a vehicle, whether occupied or not, upon the street otherwise than temporarily for the purpose of, and while actually engaged in, receiving or discharging passengers or loading or unloading merchandise or in obedience of traffic regulations, signs or signals or an involuntary stopping of the vehicle.

PARKING METER. Any mechanical device or meter not inconsistent with this section. Each parking meter installed shall indicate by proper legend the legal parking time established by the town and when operated shall at all times indicate the balance of the legal parking time, and at the expiration of the period shall indicate illegal or overtime parking.

PARKING METER SPACE. Any space within the parking and which is designated for the parking of a single vehicle by lines painted or otherwise durably marked on the curb or on the surface of the street adjacent to or adjoining the parking meter.

PARKING METER ZONES. Any street section upon which parking meters are installed and in operation.

PERSON. An individual, firm, partnership, company or corporation.

STOP, STOPPING or STANDING. When prohibited, means any stopping or standing of vehicle, whether occupied or not, except when necessary to avoid conflict with other traffic or in compliance with the directions of a police officer, traffic control sign or signal.

TRAFFIC OFFICER. A special police officer with authority to issue citations for parking violations and to control traffic under special conditions when assigned to such duty by the Town Marshal.

TRUCK. A vehicle that has more than 2 rear wheels, more than 1 axle or has an empty weight of more than 5,000 pounds.
(Prior Code, Ch. 17, Art. II)

§ 75.003 VIOLATIONS.

No person shall:

Spencer - Traffic Code

(A) Cause, allow, permit or suffer any vehicle registered in the name of, or operated by the person to park overtime, or beyond the period of legal parking time established for any parking meter zone, or deposit in any parking meter any coin for the purpose of parking beyond the maximum legal parking time for the particular parking meter zone;

(B) Permit any vehicle to remain or be placed in any parking space adjacent to any parking meter while the meter is displaying a signal indicating that the vehicle occupying the parking space has already been parked beyond the period prescribed for the parking space;

(C) Park any vehicle across any line or marking of a parking meter space or in such position that the vehicle shall not be entirely within the area designated by the lines or markings;

(D) Deface, injure, tamper with, open or willfully break, destroy or impair the usefulness of any parking meter; and

(E) Deposit or cause to be deposited in any parking meter any slugs, device or metal substance, or other substitute for lawful coins.

(Prior Code, Ch. 17, Art. IX, § 9) Penalty, see § 75.999

PARKING PROHIBITIONS.

§ 75.020 PARKING PROHIBITED AT ALL TIMES.

No person shall stop, stand or park a vehicle at any time for any purpose in any of the following places, except when necessary to avoid conflict with other traffic or in compliance with the direction of a police officer, traffic control sign or signal:

(A) Within an intersection;

(B) On any grassy area between a curb and sidewalk;

(C) On a crosswalk;

(D) Between a safety zone and the adjacent curb or within 20 feet of points on the curb immediately opposite the ends of a safety zone, unless the Police Department shall indicate a different length by proper sign;

(E) Within 25 feet from the intersection of curb lines;

(F) Within 30 feet upon the approach of any flashing beacon, stop sign or traffic control signal located at the side of the roadway;

Parking

(G) Within 20 feet of the driveway entrance to any fire station;

(H) Within 15 feet of any fire hydrant;

(I) In front of any public or private driveway;

(J) On a sidewalk;

(K) Alongside of or opposite any street excavation or obstruction when the stopping, standing or parking would obstruct traffic;

(L) Alongside any curb painted yellow or red by the town;

(M) On the roadway side of any parked vehicle, commonly known as “double parking”; and

(N) Upon any bridge or under any elevated structure.

(Prior Code, Ch. 17, Art. III, § 1) Penalty, see § 75.999

§ 75.021 ALLEY PARKING.

No person shall park any vehicle in any alley except for a period not exceeding 30 minutes while loading or unloading the vehicle.

(Prior Code, Ch. 17, Art. III, § 2) Penalty, see § 75.999

§ 75.022 OBSTRUCTIONS OF TRAFFIC.

(A) No person shall park any vehicle upon a street or alley in such a manner or under such conditions so as to leave available less than 10 feet of the width of the roadway of the street or alley free for the movement of vehicular traffic.

(B) No person shall stop, stand or park a vehicle within an alley or street in such position as to block the driveway entrance to any abutting property.

(Prior Code, Ch. 17, Art. III, § 3) Penalty, see § 75.999

§ 75.023 STANDING VEHICLES.

No person driving or in charge of a motor vehicle shall permit it to stand unattended without first stopping the engine, locking the ignition and removing the key, or when standing upon any perceptible grade, without effectively setting the brakes thereon and turning the front wheels to the curb or side of the roadway.

(Prior Code, Ch. 17, Art. III, § 4) Penalty, see § 75.999

Spencer - Traffic Code

§ 75.024 PARKING TEMPORARILY.

The Town Marshal is hereby authorized to erect or cause to be erected, temporary signs indicating no parking upon any street when the parking would interfere with traffic or create a hazardous situation. When the signs are erected indicating "No Parking" upon any street, no person shall park a vehicle in any such designated area.
(Prior Code, Ch. 17, Art. III, § 5) Penalty, see § 75.999

§ 75.025 VEHICLE TO OCCUPY SINGLE PARKING SPACE.

It shall be unlawful for any person to park a vehicle in any designated parking space so that any part of the vehicle occupies more than 1 space or protrudes beyond the official marking on the street or curb designating the space.
(Prior Code, Ch. 17, Art. III, § 6) Penalty, see § 75.999

§ 75.026 PARKING FOR SALE, REPAIR OR FUTURE REPAIR.

No person shall park a vehicle upon any roadway in the town for the principal purpose of:

- (A) Displaying the vehicle for sale;
- (B) Washing, greasing or repairing the vehicle; or

(C) Holding or storing a vehicle for future repair in a garage, body shop or other facility used for the repair, painting or other work on vehicles.
(Prior Code, Ch. 17, Art. III, § 7) Penalty, see § 75.999

§ 75.027 PRIVATE PARKING SIGNS.

No person shall place any sign along or on any street or alley or designated any place thereon with the intent to regulate or prevent the parking of vehicles on any street or alley, and the Town Marshal shall cause the signs to be removed.
(Prior Code, Ch. 17, Art. III, § 8) Penalty, see § 75.999

VEHICLE PARKING RESTRICTIONS

§ 75.040 LARGE AND HEAVY VEHICLES.

It shall be unlawful to park tractors, including farm tractors and other farm machinery, trailers and semi-trailers, tank trucks, wreckers, buses, including school and church buses, house cars

and trucks having a manufacturer's gross vehicle weight rate of over 10,000 pounds, or any vehicle in excess of 21 feet in length, or having a height in excess of 7 feet 6 inches, or a width in excess of 7 feet on any public street in the town for a period in excess of 2 hours during any 24 hour period.

(Prior Code, Ch. 17, Art. IV, § 1) Penalty, see § 75.999

§ 75.041 EQUIPMENT PARKING.

Except for equipment required for immediate and emergency repair of public utilities, it shall be unlawful for any equipment or machinery, whether self-propelled or towed, to be permitted to stand or be parked on the public streets of the town without first obtaining the written permission and consent of the Town Marshal to do so.

(Prior Code, Ch. 17, Art. IV, § 2) Penalty, see § 75.999

§ 75.042 PARKING FOR REPAIR; CONSTRUCTION WORK.

(A) The Town Marshal shall have authority to grant permission to persons who can show a compelling necessity for parking temporarily upon the public streets while engaged in repair operations or construction activities for a limited period of time at a specifically designated site.

(B) Service trucks may be parked on the public streets, if needed, while operators are engaged in the repair or service of utilities in places of residence or business, if no suitable off-street space is available adjacent to the property.

(Prior Code, Ch. 17, Art. IV, § 3) Penalty, see § 75.999

DELIVERY TRUCK PARKING

§ 75.060 USE OF ALLEYS, OFF-STREET AND LOADING ZONES.

(A) For the safety and protection of motorists and pedestrians, trucks, delivering goods, materials and merchandise shall use the alleys, off-street areas and the marked "Loading Zones" to the maximum extent while conducting loading and unloading operations.

(B) The operator of each delivery truck shall complete his or her unloading and/or loading operations in the shortest possible time in order to provide space for other delivery vehicles and to refrain from blocking the alleys and truck loading zones for a longer period of time than is absolutely necessary.

(Prior Code, Ch. 17, Art. V, § 1)

§ 75.061 TRUCK LOADING; UNLOADING IN METERED ZONES.

Spencer - Traffic Code

Operators delivering goods, materials and merchandise to business establishments in the metered zone of the town shall park at the angle specified by the parking area markings and shall deposit the coins in the meter as are required by this chapter.

(Prior Code, Ch. 17, Art. V, § 2) Penalty, see § 75.999

§ 75.062 SPECIAL TRUCK PARKING.

(A) The Town Marshal is authorized to allow temporary parking for a limited period of time to operators delivering goods, materials and merchandise and who need to back into a metered parking space or the parallel park to load or unload goods.

(B) Operators must deposit the appropriate amount of coins in the meters to cover every metered space that they are occupying.

PARKING POSITIONS

§ 75.080 PARALLEL PARKING.

Except where angle parking is permitted, a vehicle stopped or parked upon a roadway shall be stopped or parked with the curb side wheels of the vehicle parallel with and within 12 inches of the curb or edge of the roadway.

(Prior Code, Ch. 17, Art. VI, § 1)

§ 75.081 ANGLE PARKING.

(A) Vehicles shall be parked at an angle to the curb, as marked on the roadway on those streets listed in Chapter 77, Parking Schedule I, attached hereto and made a part hereof.

(B) It shall be unlawful for any person to angle park any vehicle which has a trailer attached to it or any vehicle which protrudes beyond marking.

part hereof, are designated no parking zones.

(B) When appropriate signs conforming to the requirements of the Traffic Code are erected, no person shall park a vehicle on the side of the street at the times designated in Chapter 77, Parking Schedule I.

(Prior Code, Ch. 17, Art. VII, § 1) Penalty, see § 75.999

§ 75.096 LIMITED PARKING ZONES.

(A) *Streets.*

(1) The streets described in Chapter 77, Parking Schedule III, attached hereto and made a part hereof, are designated limited parking zones.

(2) When appropriate signs conforming to the requirements of this Traffic Code are erected, no person shall park a vehicle on the side of the street or for any continuous period of time longer than designated in Chapter 77, Parking Schedule III. The limited parking zones may or may not be regulated by parking meters as designated in the schedule.

(3) When a towing zone, or tow-in zone sign is posted, any person who parks a vehicle in violation of the posted Tow-In Zone may be towed away by the Spencer Police Department. If the Spencer Police Department has a vehicle towed away, it shall be at the owner's expense and without cost or liability to the town.

(B) *Municipal Building parking lot.* Parking on the Municipal Building lot located at the northeast corner of West Street and Franklin Street is limited as follows:

(1) One hour parking from 6:00 a.m. to 6:00 p.m. Monday through Friday for the conduct of official business in the Municipal Building;

(2) To persons employed in the Municipal Building displaying a permit authorizing parking on the lot only; and

(3) To persons attending public meetings held in the Municipal Building for the duration of the public meetings.

(Prior Code, Ch. 17, Art. VII, § 2)

§ 75.097 LOADING ZONES.

(A) The streets described in Chapter 77, Parking Schedule IV, attached hereto and made a part hereof, are designated as loading zones.

(B) When appropriate signs conforming to the requirements of this Traffic Code are erected, no person shall stop, stand or park a vehicle for a longer period of time than is necessary for the

Spencer - Traffic Code

expeditious loading or unloading of passengers, or for the loading, unloading, delivery or pickup of materials or merchandise, in any place designated and marked as a loading zone. In no case shall the stop for loading and unloading of materials exceed a total of 30 minutes.

(Prior Code, Ch. 17, Art. VII, § 3)

§ 75.098 BUS ZONES.

The streets described in Chapter 77, Parking Schedule V, attached hereto and made a part hereof, are designated as a bus zone. When appropriate signs conforming to the requirements of this Traffic Code are erected, no person shall stop, stand or park a vehicle other than a bus in a bus zone or a taxi in a taxi zone as so designated in the schedule.

(Prior Code, Ch. 17, Art. VII, § 4)

§ 75.099 NO TRUCK OR CAMPER PARKING ZONES.

(A) The streets described in Chapter 77, Parking Schedule VI, attached hereto and made a part hereof are designated no truck or camper parking zones.

(B) When appropriate signs conforming to the requirements of this Traffic Code are erected, no person shall park a truck or camper on the side of the street indicated by the schedule.

(Prior Code, Ch. 17, Art. VII, § 5)

PARKING DURING SNOW EMERGENCIES

§ 75.115 DECLARATION OF SNOW EMERGENCY.

When snow reaches a depth of 4 inches or more, a "Snow Emergency" is automatically declared.

(Prior Code, Ch. 17, Art. VIII, § 1)

§ 75.116 PARKING MAY BE BANNED.

(A) When snow emergency conditions exist or are anticipated, each person should remove his or her parked vehicle from the street to facilitate snow removal operations.

(B) The Superintendent of Streets is authorized to ban parking on those streets where it is necessary to remove the snow to the curb to provide for drainage and for the safe movement of traffic.

(Prior Code, Ch. 17, Art. VIII, § 2)

Parking

§ 75.117 REMOVAL OF PARKED VEHICLES.

(A) The Town Marshal shall, when required by the Superintendent of Streets, cause the removal of parked or stalled vehicles which impede the effective removal of snow.

(B) If the owner of the vehicle fails to move it when so requested by an officer of the Police Department, the officer shall have the vehicle towed away at the owners expense and without any liability or cost to the town.

(Prior Code, Ch. 17, Art. VIII, § 3)

PARKING METERS

§ 75.130 PARKING METER ZONES.

The street and/or municipal parking lots described in Chapter 77, Parking Schedule VII, attached hereto and made a part hereof, are designated as parking meter zones. It shall be unlawful to park any vehicle in any unmarked or unmetered spaces, as provided for in §§ 75.131 and 75.132, within the parking meter zones as described in Chapter 77, Parking Schedule VII. (Prior Code, Ch. 17, Art. IX, § 1) Penalty, see § 75.999

§ 75.131 DESIGNATION OF PARKING SPACES.

(A) The Town Marshal shall cause to be marked off individual parking spaces in the parking meter zones by lines painted or durably marked on the curbing or surface of the street.

(B) At each space so marked off it shall be unlawful to park any vehicle in such a way that the vehicle is not entirely within the limits of the space designated.

(Prior Code, Ch. 17, Art. IX, § 2) Penalty, see § 75.999

§ 75.132 INSTALLATION OF PARKING METERS.

The Town Marshal shall cause parking meters to be installed upon the curb or sidewalk immediately adjacent to the parking spaces not more than 2 feet from the curb nor more than 4 feet from the front line of the parking space as indicated, and the Town Marshal shall be responsible for the regulation, control, maintenance and use of the parking meters. Each device shall be so set as to display the signal showing legal parking upon the deposit of the appropriate coin or coins.

§ 75.133 PERMITS FOR PARKING IN METERED SPACES.

(A) Parking permits.

(1) Persons may apply to the Town Marshal for a special permit to park a vehicle in individual parking spaces where a parking meter has been installed without depositing coins in any meter.

(2) The Town Marshal shall have the discretionary authority to grant a permit to persons at the rate of \$10 per month. The fee shall be deposited into the Parking Meter Fund of the town.

(3) The Town Marshal shall provide for the clear identification of vehicles covered by permits issued under division (A)(2) above.

(4) Parking permits which are valid at the time this chapter becomes effective shall continue to be valid until expiration.

(B) Authorized parking permit areas.

(1) All permits issued shall be valid for parking in a metered zone without depositing coins in the parking meter only in those metered parking spaces as specified by Chapter 77, Parking Schedule IX, attached hereto and made a part thereof.

(2) Parking permits are non-refundable.
(Prior Code, Ch. 17, Art. IX, § 6)

§ 75.134 USE OF FUNDS.

The coins deposited in parking meters shall be used to defray the expense of proper regulation of traffic upon the public streets of the town to provide for the cost of supervision, regulation and control of the parking of vehicles in parking meter zones; and to cover the cost of purchase, supervision, protection, inspection, installation, operation, maintenance, control and use of parking meters, and to repair and maintain streets and any other lawful expense designated by the Town Council.
(Prior Code, Ch. 17, Art. IX, § 7)

§ 75.999 PENALTY.

(A) Any person who shall violate any of the provisions of this chapter and any person who aids, abets or assists therein shall, upon conviction thereof, be subject to a fine of not less than \$5 and not exceeding \$25, plus additional penalties to include reasonable attorney fees and court costs incurred by the town for collection of the account.

Parking

(B) (1) Any vehicle found on a public street, road or alley, the owner or operator of which has been cited for violation of this chapter, and which violation remains unadjudicated and outstanding for a period of 3 or more months, may be impounded by an officer of the Police Department and ordered towed away.

(2) When a vehicle is impounded and towed under division (B)(1) above, the owner of the vehicle shall be responsible and liable for all towing and storage costs or charges and the town shall have no liability for any cost or charge.

(3) A vehicle impounded under division (B)(1) above shall remain impounded and may not be released by the town unless and until all outstanding and unadjudicated violations of this chapter for which the vehicle has been cited are fully adjudicated and any fines assessed or owing are fully paid.

(4) When a motor vehicle is impounded and towed under this section, the Police Department shall keep and maintain a record of the vehicle towed, listing the color, year of manufacture, manufacturer's trade name, manufacturer's series name, body style, vehicle identification number and license plate year and number displayed on the vehicle. The record shall also include the date and hour of tow, location towed from location towed to, reason for towing and the name of the officer authorizing the tow.

SCHEDULE I: STATE SPEED LIMITS.

(A) *State speed laws applicable.* The Indiana Motor Vehicle Laws regulating the speed of vehicles shall be applicable upon the streets within this town; except as this Traffic Code, as authorized by the Indiana Motor Vehicle Laws, hereby declares and determines upon the basis of an engineering and traffic investigation that certain speed regulations shall be applicable upon specified streets or in certain areas. In this event, it shall be unlawful for any person to drive a vehicle at a speed in excess of any speed so declared in this schedule when signs are in place giving notice thereof.

(B) *Increasing or decreasing.* It is hereby determined upon the basis of an engineering and traffic investigation that the speed permitted by the Indiana Motor Vehicle Laws upon the streets listed in Schedule I, attached hereto and made a part hereof, is greater or less, as specified in Schedule I that is necessary for the reasonable or safe operation of vehicles thereon and it is hereby declared that the maximum speed limit shall be as herein designated when signs are erected giving notice thereof.

(C) *School speed zones.* It is hereby determined that School Speed Zones shall be established as listed in Schedule II, attached hereto and made a part hereof. When appropriate signs are erected on the streets, conforming to the requirements of this Traffic Code, no person shall drive a vehicle at a speed greater than 20 mph, except that the time of the reduced speed limits are confined to periods when children are present.

Traffic Schedules

(D) *Trains*. It shall be unlawful for the engineer or driver of a railroad train or for anyone in charge of any car or train of cars to run, or cause to run, over or across any of the public streets or alleys of the town at a speed in excess of 10 mph.

SCHEDULE III: TRUCK ROUTES.

(A) *Designated.* The streets described in Schedule III, attached hereto and made a part hereof, are designated as town truck routes when appropriate signs conforming to the requirements of this Traffic Code are erected on the streets.

(B) *Truck prohibitions.*

(1) No person shall drive or operate, or cause to be driven or operated, any truck upon the streets, bridges and culverts within the town, except on designated and marked town truck routes as hereinafter described.

(2) The restrictions as herein above set forth on trucks shall not be applicable to trucks delivering or picking up goods and property at places not located on designated and marked town truck routes, provided the trucks are only operated by the shortest way possible between the designated and marked town truck route and the place of delivery or pickup or as otherwise directed by a police officer. The restriction is not applicable to refuse or garbage trucks regularly operating within the town while in the process of picking up refuse and garbage from the residences and business places within the town, or to school buses while picking up or discharging school children on a regularly scheduled route within the town limits.

SCHEDULE VI: YIELD INTERSECTIONS.

(A) *Designated.* The intersections described in Schedule VI hereto and made a part thereof are designated as yield intersections.

(B) *Vehicle operation at yield sign.* The driver of a vehicle approaching a yield sign shall, in obedience to the sign, slow down to stop if necessary and shall yield the right-of-way to any pedestrian legally crossing the street on which he or she is driving and to any vehicle in the intersection or approaching on another highway so closely as to constitute an immediate hazard. The driver having so yielded may then proceed into the intersection; provided, however, that if the driver is involved in a collision with a pedestrian in a cross-walk or a vehicle in the intersection after driving past a yield sign, the collision shall be deemed to be prima facie evidence of his or her failure to yield the right-of-way.

SCHEDULE IX: RESTRICTED TURN INTERSECTIONS.

(A) *Restricted turn intersections.* The intersections described in Schedule IX, attached hereto and made a part hereof, shall have certain turning movements restricted. When appropriate signs conforming to the requirements of this Traffic Code are erected that no right or left or U turn is permitted, no driver of a vehicle shall disobey the direction of any sign.

(B) *Turning at intersections.* The driver of a vehicle intending to turn at an intersection shall do so as follows:

(1) Both the approach for a right turn and the right turn shall be made as close as practical to the right hand curb or edge of the roadway.

(2) Approach for a left turn shall be made in that portion of the right hand of the roadway nearest the centerline thereof and after entering the intersection the left turn shall be made so as to leave the intersection to the right of the center line of the roadway being entered.

(3) When 2 vehicles meet at an intersection, both intending to make a left turn, the vehicles shall turn in front of each other instead of behind each other.

(4) Approach for a left turn from a 2-way street into a 1-way street shall be made in that portion of the right half of the roadway except while crossing a street on a crosswalk and when so crossing the person shall be granted all the rights and shall be subject to all of the duties applicable to pedestrians. This section shall not apply upon any street while set aside as a play street.

(C) *U-turns limited.* The driver of any vehicle shall not turn his or her vehicle so as to proceed in the opposite direction upon any street in a vehicle unless the movement can be made in safety and without interfering with other traffic.

(Prior Code, Ch. 20, Art. II)

§ 90.03 ANIMAL CARE.

(A) *Humane care and treatment.*

(1) Owners shall provide their animals with sufficient good and wholesome food and water, proper shelter and protection from the weather, veterinary care when needed to prevent suffering, and with humane care and treatment.

(2) No person shall beat, cruelly ill treat, torment, overload, overwork, or otherwise abuse an animal, or cause, instigate, or permit any dog fight, cockfight, bullfight, or other combat between animals and humans.

(3) No person shall crop an animals' ears or tail, except when by a licensed veterinarian and with certificate that the operation is necessary for the dog's health and comfort, and in no event shall any person except a licensed veterinarian perform such an operation.

(4) Owners shall not abandon their animals nor leave them unattended while away from home for any period exceeding 24 hours without compliance with division (A)(1) above.

(5) Any person who recklessly turns a live animal lose which causes any incident within the town's limits is in violation of this chapter and may face criminal charges for cruelty and inhumane treatment of the animal, and shall also be held civilly liable for any damages or injuries that result from the animal being unrestrained.

(B) *Giving animals as prizes prohibited.* No person shall give away any live animal, fish, reptile, or bird as a prize for, or as an inducement to enter, any contest, game or other competition, or as an inducement to enter a place of amusement; or offer the vertebrate as an incentive to enter into any business agreement whereby the offer was for the purpose of attracting trade.

Spencer - General Regulations

(C) *Poisonous substances.*

(1) No person shall expose any known poisonous substance, whether mixed with food or not, so that the same shall be liable to be eaten by any animal.

(2) The foregoing provisions shall not be construed as preventing or precluding the use of tranquilizers, or other sedative-type drugs, by police officers or humane officers in the capture of animals.

(Prior Code, Ch. 20, Art. III) Penalty, see § 90.99

§ 90.04 CONTRACTUAL SERVICE.

The Town Council may enter into agreements with other governments, animal shelters, and/or humane societies for services in connection with policies of this chapter, or any regulations connected with this chapter.

(Prior Code, Ch. 20, Art. XV)

§ 90.05 ENFORCEMENT.

All provisions of this chapter shall be enforced by agents designated by the town. It shall be a violation of this chapter to interfere with an agent or officer who is performing his or her duties of enforcement.

(Prior Code, Ch. 20, Art. XVI) Penalty, see § 90.99

PERMITS

§ 90.20 PERMITS FOR COMMERCIAL ANIMAL ESTABLISHMENTS.

(A) *Permit must be obtained.* No person shall open or operate a commercial animal establishment or animal shelter within the planning jurisdiction of the town without first obtaining a permit in compliance with this subchapter.

(B) *Application for permit.*

(1) Written application for a permit shall be made to the Spencer Commissioner of Buildings, Municipal Building. The application shall show the type and number of animals to be involved and shall provide assurances that the applicant is willing and able to provide humane care for all of his or her animals and assurances that he or she will comply with all applicable ordinances of the town.

Animals

(2) The permit period shall begin with the calendar year and shall run for 1 year. Renewal applications for permits shall be made 30 days prior to, and up to 60 days after, the start of the calendar year. Application for a permit to establish a new commercial animal establishment under the provisions of this subchapter may be made at any time.

(3) If there is a change in ownership of a commercial animal establishment, the new owner may have the current permit transferred to his or her name upon payment of a \$10 transfer fee.

(C) *Fee for permit.*

(1) The Commissioner of Buildings shall, when not in conflict with the zoning ordinance, issue annual permits upon payment of the applicable fee:

- (a) For each establishment authorized to house less than 10 dogs or cats: \$25;
- (b) For each establishment authorized to house less than 50 dogs or cats: \$50;
- (c) For each establishment authorized to house 50 or more dogs or cats: \$100; and
- (d) For each pet shop: \$75.

(2) Every commercial animal establishment regulated by this section shall be considered a separate enterprise and requires an individual permit.

(3) Any person who has a change in the category under which a permit was issued shall be subject to reclassification and appropriate adjustment of the permit fee shall be made.

(D) *Exception.* No fee shall be required of any veterinary hospital, animal shelter, or government operated zoological park. However, a permit shall be required as stated in divisions (A) and (B) above.

(Prior Code, Ch. 20, Art. XI) Penalty, see § 90.99

§ 90.21 REVOCATION OF LICENSE/PERMIT.

(A) The town may revoke any license or permit if the person holding the license or permit refuses or fails to comply with this subchapter, the regulations promulgated by the town, or any law governing the protection and keeping of animals.

(B) Any person whose license or permit is revoked shall, within 10 days thereafter, humanely dispose of all animals owned, kept, or harbored by the person and no part of the license or permit fee shall be refunded.

(Prior Code, Ch. 20, Art. XII)

Spencer - General Regulations

§ 90.22 INSPECTION OF PREMISES.

It shall be a condition of issuance of any permit or license that any authorized agent of the town shall be permitted to inspect all premises and all animals kept on the premises at any time, and shall, if inspection rights are refused, revoke the permit or license of the refusing owner.
(Prior Code, Ch. 20, Art. XIII)

§ 90.23 DENIAL OF LICENSE/PERMIT.

(A) If an applicant has withheld or falsified information on the application, the town shall refuse to issue a license/permit.

(B) No person who has been convicted of cruelty to animals shall be issued a license/permit to operate an animal establishment.

(C) Any person denied a license or permit may not reapply for a period of 30 days. Each re-application must be accompanied with a \$10 fee.
(Prior Code, Ch. 20, Art. XIV)

RULES AND REGULATIONS

§ 90.40 RESTRAINT OF ANIMALS.

(A) Owners shall keep their animals under restraint and each owner shall exercise proper care and control of his or her animals to prevent them from becoming a public nuisance.

(B) Every female dog or cat in heat shall be confined in a building or in a secure enclosure in a manner that the female dog or cat cannot come into contact with another animal except for planned breeding purposes.

(C) Every vicious animal, as determined by a Marshal or humane officer, shall be confined by the owner within a building or secure enclosure and shall be securely muzzled or caged whenever off the premises of its owner.
(Prior Code, Ch. 20, Art. V) Penalty, see § 90.99

§ 90.41 REMOVAL OF ANIMAL WASTE.

The owner of every animal shall be responsible for the removal of any excreta deposited by his or her animal(s) on public walks, recreation areas, and/or on private property when it interferes with the reasonable sense of others while not located on the property.
(Prior Code, Ch. 20, Art. VI)

Animals

WILD AND DOMESTIC ANIMALS

§ 90.60 FARM AND WILD ANIMALS.

(A) *Farm animals.* It is unlawful for any person to keep or permit to be kept on his or her premises within the town limits any cattle, pigs, horses, chickens, rabbits, ducks, or other domesticated farm animals.

(B) *Wild animals.*

(1) No person shall keep or permit to be kept on his or her premises within the town limits any wild or vicious animal for display or for exhibition purposes, whether gratuitously or for a fee. This section shall not be construed to apply to zoological parks, performing animal exhibitions or circuses.

(2) No person shall keep or permit to be kept any wild animal as a pet, except as may be authorized by the laws of the State of Indiana.

(C) *Exceptions.* The provisions of this section do not apply to farm animals brought into the town for the purposes of participating in shows, fairs, or similar short term exhibitions.

(D) *Farm and wild animals kept by schools.*

(1) A school shall be an entity that is licensed, chartered and/or incorporated under federal, state (Indiana) and/or local laws, rules and regulations, (and whose license, charter and/or articles of incorporation have not been revoked terminated, lapsed, or suspended) for the purpose of providing education and training to its student body and whose faculty members (teachers) hold a valid Indiana teacher's license.

(2) A school may keep farm and wild animals in accordance with the terms and provisions of this subchapter and all other applicable laws, ordinances, rules and regulations.

(3) All farm and wild animals must be kept in cages, pens and/or enclosures specifically designed for the type of animal being harbored. No animal shall be brought and/or kept in the Town of Spencer unless the cage, pen or enclosure is ready and available for the animal. All cages, pens and enclosures shall be located upon the real estate where the school building is located and the real estate shall belong to the school. In no event shall the total land area used for the cage, pen or enclosure exceed ½ acre.

Spencer - General Regulations

(4) All farm and wild animals shall be properly taken care of in a humane manner at all times. All the animals shall be provided with proper and sufficient food, water, shelter, medical and physical care by a licensed veterinarian or other person sufficiently trained to care for the animals.

(5) All animal waste and refuse shall be properly cleaned up and disposed of on a regular basis. However, the waste or refuse shall not accumulate and become a nuisance.

(6) The school shall comply with all federal, state and local laws, rules and regulations pertaining to the animal(s). This shall include but is not limited to vaccinations and other shots, registration, licenses and permits.

(7) Before a school may keep animals under the provisions of this subchapter, the school must first execute a waiver of liability form (provided by the Town of Spencer) to and for the benefit of the Town of Spencer, Indiana. A waiver of liability form is incorporated by reference as part of this chapter. This form will be available at the Clerk-Treasurer's office located in the Spencer Municipal Building.
(Prior Code, Ch. 20, Art. X)

§ 90.61 IMPOUNDMENT OF STRAY ANIMALS.

(A) Stray/unrestrained dogs and cats.

(1) All stray and/or unrestrained animals and all those animals which constitute a public nuisance shall be subject to capture by Marshals or humane officers or the Spencer Police Department, and after capture shall be impounded in an animal shelter and there confined in a humane manner. If unable to reasonably capture stray animals, the Town Marshals are authorized to cause the destruction of the animals to protect persons and/or property.

(2) Impounded animals shall be humanely treated and housed.

(B) Licensed animals.

(1) If the owner of the dog or cat captured can be determined by its tag or otherwise, the Marshals or humane officer shall immediately upon impoundment notify the owner by telephone or by mail.

(2) Prior to release to the person owning and reclaiming an impounded animal, a fee of \$25 plus \$1 for each day an animal has been impounded, shall be paid to the operator of the animal shelter.

(C) Adoption of unlicensed/unclaimed animals.

Animals

(1) Any animal not reclaimed within 5 working days after impoundment shall become the property of the humane society and shall be placed for adoption in a suitable home or humanly euthanized.

(2) No unclaimed dog or cat shall be released for adoption without being sterilized, or without a written agreement from the adoptive person(s) guaranteeing that the animal will be sterilized after the adoption.
(Ch. 20, Art. IX)

§ 90.99 PENALTY.

(A) *General.* Any person violating any provision of this chapter for which no specific penalty is prescribed shall be subject to § 10.99.

(B) *Failure to obtain permit.* Failure to obtain a permit before opening any facility covered in this section shall result in a fine of \$200.
(Prior Code, Ch. 20, Art. XI)

(C) *Appearances in court.*

(1) Any person not slated to appear in court who violates this chapter shall be subject to a fine of \$25, unless a different fine and/or penalty is prescribed for a particular violation, then the fine and/or penalty shall apply as may be provided for throughout this chapter. If any violation continues, each day's violation shall be considered a separate violation.

(2) Alleged violators not slated to appear in court may pay to the Spencer Clerk-Treasurer, within 7 days, the sum required by the citation issued. If the fine is not paid within 7 days, charges shall be filed in the court having jurisdiction over the alleged violation.
(Ch. 20, Art. XVII)

(D) *Mandatory and injunctive relief.*

(1) The Town of Spencer may bring an action in the Owen Circuit Court for mandatory and injunctive relief in the enforcement of and to secure compliance with § 90.60, and any orders made by the Building Commissioner of the Town of Spencer, and the action for mandatory or injunctive relief may be joined with an action to recover the penalties provided for in this chapter.

(2) In addition to mandatory and injunctive relief as provided for in division (C)(2) above, a fine of \$25 shall be assessed for a violation of the terms or provisions of this chapter. Each day a violation exists shall be considered a separate offense.

Spencer - General Regulations

(3) These penalties shall apply specifically to division (D) of § 90.60 of this chapter of the Town Code. Any other penalties provided for in this chapter of the Town Code shall not apply.

(Ch. 20, Art. X)

(E) *Proceedings against owners of stray animals.*

(1) In addition to or in lieu of impounding an animal found at-large, a police officer or humane officer may issue to the known owner of the animal a notice of ordinance violation. The notice shall impose upon the owner of the animal found at-large a fine based on the following schedule:

(a) A fine of \$25 for the first offense of letting an animal run-at-large.

(b) A fine of \$50 for the second offense of letting an animal run-at-large.

(c) A fine of \$100 for the third offense and each subsequent offense of letting an animal run- at-large.

(2) The fines shall be paid to the Clerk-Treasurer within 7 days of day of issuance of the ordinance violation. In the event the fine or fines are not paid within the time prescribed above, the town may bring suit in the court having jurisdiction over the alleged violation to enforce the provisions of this section. Any person who violates any provisions of this chapter shall become liable to the town for any expense, loss or damage by reason of the violation including reasonable attorney fees incurred by the town for collection of the account.

(Prior Code, Ch. 20, Art. IX)

STREETS

§ 92.001 PURPOSE.

This subchapter regulates and controls the making of excavations and openings in any street, alley, curb, sidewalk or ditch within the corporate limits of the town; it regulates and controls the placements of sewers and pipes in the drainage ditches of the town; it requires the obtaining of permits for making excavations; it requires surety bonds or cash deposits; and it prescribes penalties for violations.

(Prior Code, Ch. 15, Art. I)

§ 92.002 DEFINITIONS.

For the purpose of this subchapter, the following definitions shall apply unless the context indicates or requires a different meaning.

COMMISSIONER. The Commissioner of Buildings, Municipal Building, 90 North West Street, Spencer, Indiana 47460.

DRAINAGE DITCH. A ditch or depression alongside a public street or alley which has as its primary purpose the drainage of surface water from the area.

EXCAVATION. The digging of a ditch, hole, tunnel or other opening in the earth and the removal of dirt and other materials. It also means the insertions of cables, conduits, pipes or other similar materials underground with or without digging.

LINES. Pipes, cables, conduits or other means of transmitting products of utilities underground.

PERSON. An individual, firm, partnership, company or corporation.

SANITARY SEWER. A pipe or conduit for carrying sewage.

Streets and Sidewalks

STORM SEWER. Those pipes, conduits, and passages through which water from rain and storms is drained from one area to another.

UTILITIES. Those corporations which provide the town with water, gas, electricity, voice communications and the Town Sanitary Sewage Disposal System.
(Prior Code, Ch. 15, Art. II)

§ 92.003 EXCAVATION PERMITS REQUIRED.

(A) *Unlawful to excavate without permit.* It shall be unlawful for any person to make excavations anywhere inside the corporate limits of the town for the purpose of laying new or replacement water, electric, telephone or other utility lines or for its maintenance or repair without first having obtained a permit or without complying with the provisions of this subchapter or the provisions and terms of the permit.

(B) *Unlawful to block drainage ditch.* It shall be unlawful for any person, to fill, block or otherwise impede the natural flow of water within storm sewers or drainage ditches.

(C) *Unlawful to install pipe or conduits in drainage ditch without a permit.* It shall be unlawful for any person to install a pipe or conduit in any storm drainage ditch within the corporate limits of the town to bridge the ditch with a driveway or for any other purpose without first having obtained a permit as herein required, or without complying with the provisions here for the provisions and terms of and the permit.

(Prior Code, Ch. 15, Art. III) Penalty, see § 92.999

§ 92.004 APPLICATION FOR PERMIT.

(A) Applications for excavation permits for utility lines shall be made to the Commissioner or his or her authorized representative and shall describe the location of the intended excavation, the size thereof, the purpose therefore, and the person, firm or corporation for whom or which the work is being done and the application shall contain an agreement that the applicant will comply with all ordinances, laws and regulations relating to the work to be done.

(B) Applications for permits to install storm drains to bridge drainage ditches of the town shall describe the location of the site where the drain is to be installed, the size of drain, its intended purpose, the name of the person for whom the work is being done and the application shall state that the applicant will comply with all ordinances, laws and regulations relating to the work to be done.

Spencer - General Regulations

(C) Excavation permits shall be required for all excavations made on, over and/or in all streets, alleys, sidewalks, and all other public property. The fee for each permit shall be \$20. The Commissioner shall turn in all fees collected to the Clerk-Treasurer at the times as required by the Clerk-Treasurer and the fees shall be deposited to the general fund of the town.

(1) *Surety bond.* Unless exempted as provided by division (C)(2)(c) below, no excavation permit shall be issued unless the applicant therefore has filed with the Commissioner a surety bond conditioned to indemnify the town for any loss, liability or damage that may result or accrue from or because of the making, existence or manner of guarding or constructing any such tunnel or excavation, or for failure to properly restore the ground and the laying of pavement or for failure to satisfactorily repair sidewalks and curb area disturbed by the excavation. The bond shall have a surety from a corporation licensed to do business in the State of Indiana.

(2) *Amount of surety bond.*

(a) Except as provided by divisions (C)(2)(b) and (c) below, applicants for excavation permits shall file with the Commissioner a surety bond in the minimum amount of \$2,000;

(b) If the excavation project is of sufficient scope to warrant the filing of a surety bond in excess of \$2,000 or if the applicant makes frequent excavations annually, such as utility companies, the Commissioner may require the applicant to file a surety bond in the amount of \$10,000; and

(c) The Commissioner may, when in his or her judgment the action is in the best interest of the town, waive the bonding requirement for a single excavation of a minor nature when the work is to be done by a reputable and reliable contractor who only infrequently engages in this type work.

(Prior Code, Ch. 15, Art. IV) (Am. Ord. 1990-2, passed 1-15-1990)

§ 92.005 EXCAVATION REQUIREMENTS.

(A) *Compliance with terms of permit.* It shall be unlawful to make any excavation in any manner or means contrary to or at variance with the terms of the permit therefore or the requirements of this chapter.

(B) *Excavation safety.* The permit holder is responsible for taking all precautionary measures necessary to insure the safety of workers engaged in the excavation to include proper bracing to prevent the collapse of adjoining ground; and in excavations, the excavation shall not have anywhere below the surface any portion which extends beyond the opening at the surface.

(C) *Barricades.*

(1) *Required for all excavations.* It shall be unlawful for any person to excavate in or in any way to obstruct any sidewalk or public place unless he or she shall properly barricade the same.

Streets and Sidewalks

(2) *Barricades to be lighted.* It shall be the duty of the person so occupying or obstructing any sidewalk or public place to cause 1 or more red lights to be securely and conspicuously posted at the excavation or obstruction. One of the lights shall be placed at each end of the space so occupied, where the excavation or obstruction is 20 feet or less in length or breadth; and if space so occupied shall exceed 50 feet, additional lights at intervals of not more than 50 feet shall be placed and maintained from dusk until daylight during every night the excavation or obstruction shall be allowed to remain.

(D) *Temporary walkways.* If any sidewalk is blocked by excavations or other such work, a temporary sidewalk shall be constructed or provided which shall be safe for travel and convenient for users.

(E) *Underground lines.*

(1) Case shall be exercised to avoid injury to other lines in making excavations. The permit holder shall give notice to appropriate utility company personnel and the Superintendent of the Sewage Department of the town when utility lines or sewers are or may be endangered or affected by the excavation.

(2) Damage caused to any utility by anyone other than the one making the excavation shall be held responsible for immediately reporting the damage to the affected utility and for all costs involved in repair of the damage.

(3) Utility companies shall attach metallic tracers to non-metallic lines in order to provide a means of determining the exact location of the lines prior to excavation.

(F) *Protection of trees, bushes and shrubbery.* Care shall be exercised during all excavations to prevent any unnecessary damage or injury to any trees, bushes or shrubs.

(G) *Restoration of surface.* Any person, firm or corporation making any excavation or tunnel in or under any public street, alley, sidewalk or other public place in the town shall restore the surface to its original condition. The opening shall be backfilled with bank run gravel, flume, agricultural lime or sand and shall be properly tamped down every 10 inches of fill. Any opening in a paved or improved portion of a street, alley or sidewalk shall be repaired and the surface relaid by the applicant in compliance with the terms of the permit and it shall be done under the supervision of the Superintendent of Streets and the applicant shall be liable and responsible for the proper maintenance and subsequent repairs of the opening for 1 year from the date of the repair and resurfacing.

(Prior Code, Ch. 15, Art. V) Penalty, see § 92.999

§ 92.006 INSPECTIONS.

(A) *Superintendent of Streets notified.* The Commissioner shall promptly notify the Superintendent of Streets of each excavation permit issued and the terms thereof.

Spencer - General Regulations

(B) *Inspection for compliance.* The Superintendent of Streets or his or her representative, shall from time to time inspect or cause to be inspected, all the excavations and tunnels being made in or under any public street, alley, sidewalk or other public place in the town to see to the enforcement of the provisions of this subchapter and the conditions of the permit.

(C) *Inspection before backfilling.* The excavation permit holder shall be responsible for giving notice to the Superintendent of Streets at least 10 hours before the work of backfilling any excavation or tunnel begins.

(D) *Release of deposit.* The Commissioner shall not release the deposit made by the permit holder until the Superintendent of Streets advises that all terms of the permit have been complied with and the surface disturbed by the excavation has been satisfactorily restored.
(Prior Code, Ch. 15, Art. VI)

§ 92.007 EMERGENCIES.

Nothing contained in any section of this subchapter shall prevent any person from making excavations or openings in any street, alley or sidewalk inside the corporate limits of the Town of Spencer to repair underground lines if any extreme emergency exists which endangers the health, safety and welfare of the residents and buildings of the town, provided, that the person shall apply for and obtain a permit as herein required on the first day following the emergency on which the office of the Commissioner is open for business.
(Prior Code, Ch. 15, Art. VII)

§ 92.008 EXCLUSIONS.

(A) Employees of the Street and Sewage Departments while engaged in necessary performance of their duties are hereby excluded from the provisions of this subchapter requiring permits, fees, bonds and deposits.

(B) However, the manner of excavation as provided by § 92.005 shall apply to excavations made by the Spencer Sewage and Street Departments.
(Prior Code, Ch. 15, Art. VIII)

§ 92.009 MAPS OF UNDERGROUND UTILITY LINES.

(A) All utility companies having responsibility for existing underground utility lines located within the corporate limits of the town shall present to the Commissioner a map indicating the location of the lines within 180 days from the date of the adoption of this subchapter.

Streets and Sidewalks

(B) Utility companies shall update and keep in current status, maps showing the location of their new lines, the re-routing of lines, and other matters pertinent to location of its system of utility lines within the town.

(Prior Code, Ch. 15, Art. IX)

§ 92.010 BANNERS/SIGNS ACROSS STREETS/ALLEYS.

It shall be unlawful for any person to place, or have placed, any banner or sign across any public street or alley in the town unless expressly approved by the Town Council.

(Prior Code, Ch. 22, Art. X) Penalty, see § 92.999

SIDEWALKS AND CURBS

§ 92.025 PURPOSE.

This subchapter states the responsibility for construction, reconstruction, repair and maintenance of sidewalks and curbs; it prescribes responsibilities for snow removal and for keeping sidewalks free from obstruction; and it prescribes penalties for violations of the provisions of this subchapter.

(Prior Code, Ch. 13, Art. I)

§ 92.026 DEFINITIONS.

For the purpose of this subchapter, the following definitions shall apply unless the context indicates or requires a different meaning.

BARRETT LAW. The state law which provides the Town Council with the power and authority to require sidewalk, street, curb construction, reconstruction and repair and for the financing of costs therefore by different means, including the levying of assessments against property owners.

COMMISSIONER. The Spencer Building Commissioner.

DRAINAGE CURB. A curb constructed along the edge of the street for the primary purpose of enhancing storm water drainage and for providing a barrier between the edge of the street and the grass strip between the street and sidewalk.

OCCUPANT. The individual, firm, partnership, company, corporation or other organized group occupying for business, residence or other purpose, the first floor of any building so occupied.

Spencer - General Regulations

PROPERTY OWNER. The individual, firm, partnership, company, corporation, association or other organized group having the right of ownership in a lot, dwelling building or other structure abutting a street or alley.

PROTECTIVE CURB. A curb constructed to protect the sidewalk when the sidewalk forms an edge of the street and there is no grass strip between the outer edge of the sidewalk and the street.

(Prior Code, Ch. 13, Art. II)

§ 92.027 SIDEWALKS.

(A) *Property owner's responsibility.* Although the town may from time to time obtain grants of funds from federal and state agencies to construct, reconstruct and repair sidewalks, the basic responsibility for the cost of construction, reconstruction, repair, maintenance and cleanliness of sidewalks is that of the property owner along whose property lines the sidewalk is laid or required.

(B) *Location of sidewalks.* All sidewalks shall be laid within the street right-of-way. However, if there is no space or insufficient space within the street right-of-way for the sidewalk, the Town Council shall purchase or obtain the required space by condemnation action.

(C) *Construction specifications.*

(1) In addition to the other specifications and requirements as may be established by the Town Council, the following specifications and requirements shall apply to all new, repaired and replacement sidewalks:

(a) All old and existing sidewalks shall be broken up and all debris removed.

(b) Tree roots and other obstructions shall be removed to assure leveling of sidewalk.

(c) The base for the sidewalk shall be 4 inches deep of thoroughly compacted, crushed limestone or its equivalent.

(d) All sidewalks shall be not less than 4 feet wide.

(e) All sidewalks shall be made with concrete having a 28 day compressive strength of 3,000 psi and shall not be less than 4 inches thick.

(f) Finished sidewalks shall generally be at the same grade level as the existing sidewalk and the sidewalk shall be sloped to meet grade levels at streets and alleys.

(g) Cold joints shall be scored at 5 foot intervals and the concrete surface shall be troweled and broomed.

Streets and Sidewalks

(h) Protective curbs may be required in those cases where the sidewalk forms an edge of the public street.

(2) Prior to beginning work on any new or replacement sidewalk, the owner or owners shall advise the Building Commissioner of the proposed work, to insure that all town requirements regarding the sidewalk are known to the owner or owners before work begins.

(D) Owner responsible for construction.

(1) Should the Town Council deem it necessary for the health, safety, welfare and convenience of the citizens of the town that a sidewalk should be constructed along the property lines of any block, lot, or parcel of land within the town, the Town Council shall by resolution, determine that the sidewalk is necessary for the health, welfare, safety and convenience of the public and that it shall be constructed.

(2) The Town Council shall then cause personal notice to be served upon the owner or owners of the property abutting the street on the block, lot, or parcel of land where it has been determined to construct the sidewalk, and the owner or owners shall be given 60 days within which to construct or cause the sidewalks to be constructed.

(3) If the owner elects to have the work done himself or herself the construction shall comply with the specifications prescribed by division (C) above, and shall be subject to inspection and approval by the Building Commissioner.

(4) Should the owner or owners of property along any block, lot, or parcel of land within the town fail or neglect to construct a sidewalk in accordance with a notice and resolution of the Town Council, the Town Council shall proceed to construct the sidewalk either by letting a contract for the work and materials or by purchasing the materials and causing the work to be done by employees of the town. After the sidewalk is constructed, the owner or owners of the abutting property shall be billed for the full amount of the costs of the materials, labor and supervision, in case the work be done by the town employees. Should the responsible owners fail to pay the amount billed to them by the Clerk-Treasurer within 30 days, then the town shall take appropriate action against the owner or owners of property to collect the amount due for the construction whether by taking legal action or proceeding under the provisions of the Barrett Law.

(E) Repairs and maintenance.

(1) The responsibility for the costs of repairs and maintenance of sidewalks is that of the owner of the property and it shall be unlawful for any owner to permit the sidewalk to become so out of repair or broken that it is a hazard, a potential hazard, or dangerous to the life or limb of foot travelers.

Spencer - General Regulations

(2) Should any owner, occupant or person in charge of any lot or premises permit dirt, filth or any other obstruction upon the sidewalk when written notice to remove the filth, dirt or other obstruction from the sidewalk shall be given by the Town Council. Unless the filth, dirt or other obstruction is removed within 24 hours, or within the time determined by the Town Council, the Superintendent of Streets shall remove the filth, dirt, or obstruction and certify the costs to the Town Council. Should the Town Council, upon examination, determine that the charges and costs so reported are reasonable, then the Clerk-Treasurer shall give notice in writing by mail to the owner, occupant or other person having charge of the lot, tract or parcel of land that unless the costs as specified are paid to the Clerk-Treasurer within 30 days after the notice, suit shall be instituted for and on behalf of the town by the Town Attorney to collect the costs, including reasonable attorney fees incurred by the town for collection of the account.

(3) In addition to the payment for the costs of removal of the obstruction, the person who violated the provisions of this subchapter make it unlawful to permit the obstruction may be subject to a fine of not more than \$25.

(4) The obstruction of sidewalks by storing, selling or exhibiting goods, wares, merchandise, materials or the obstruction of sidewalks by trees, shrubs, signs or other objects is prohibited and is a public nuisance subject to the provisions and penalties of this chapter.

(F) Owner responsible for snow and ice removal.

(1) Although the Town Street Department may, within its manpower and equipment capacities, assist in the removal of snow and ice from sidewalks, the primary responsibility for snow and ice removal from in front of each premise is that of the occupant of the premise or premises or the owner of unoccupied premises.

(2) If the first floor of any building is not occupied, then the premises shall be deemed to be unoccupied and the property owner thereof shall be required to remove snow and ice as herein provided.

(3) In case the snow and ice on the sidewalk be frozen so hard that it cannot be removed without injury to the pavement or in case the weather conditions are such that cleaning of the sidewalk at the time is not practicable, the occupant of the premises and the owner of the unoccupied premises shall, within the time specified above, cause the sidewalk abutting the premises to be sprinkled with ashes, sand, sawdust, salt, or other similar suitable materials as to render the sidewalk safe for travel and shall, as soon thereafter as the weather may permit, thoroughly clean the sidewalk.

(Prior Code, Ch. 13, Art. III)

§ 92.028 CURBS.

(A) *Property owner responsible.* Although the town may from time to time obtain grants of funds from federal or state agencies for the construction, reconstruction and repair of curbs, the basic responsibility for the costs of construction, reconstruction and repair is that of the owner or

Streets and Sidewalks

owners of the property along whose property lines the curb is laid or required.

(B) *Location of curbs.*

(1) Protective curbs shall be constructed in a straight line parallel with and be an intricate part of the sidewalk.

(2) Drainage curbs shall be constructed in a straight line parallel with the sidewalks and on a line between the roadway and the grass plot by and under the provisions as the Town Council shall prescribe.

(C) *Construction specifications.* The specifications for construction of protective and drainage curbs shall be obtained from the Street Commissioner prior to beginning construction of the curbs.

(D) *Owner responsible for construction.*

(1) Should the Town Council deem it necessary for the welfare and convenience of its citizens that a curb should be constructed along the property lines of any block, lot or parcel of land within the town, the Town Council shall, by resolution, determine that the curbs should be constructed and that they are necessary to the health, welfare and convenience of the public. The Town Council shall then cause notice to be served upon the owner of the property abutting the street on the block, lot or parcel of land wherein it is declared to be necessary to construct the curbs, and the owner shall be given 60 days time within which to construct or cause the curbs to be constructed.

(2) If the owner elects to have the work done himself or herself, the construction shall comply with the specifications prescribed by the Street Commissioner and shall be subject to inspection and approval by the Commissioner.

(3) Should the owner of property along any block, lot or parcel of land fail or neglect to construct curbs in accordance with the notice and the resolution of the Town Council, the town shall proceed to construct the curbs, either by letting a contract for the work and materials, or by purchasing the materials and causing the work to be done by town employees. After the curb is constructed, the owner or owners of the abutting property shall be billed for the full amount of the contract, incase a contract be let, or for the full amount of the costs of the materials, labor and supervision, incase the work be done by the town, and upon failure of the owner or owners, as the case may be, to pay the sum billed to them by the Clerk-Treasurer within 30 days, then the town shall take appropriate action against the owner or owners of property to collect the amount due for the construction either by taking legal action or proceeding under the provisions of the Barrett Law.

(E) *Repairs and maintenance.*

(1) The responsibility for the costs of repair and maintenance of curbs is that of the property owner whose property abuts the street and it shall be unlawful for any property owner to

Spencer - General Regulations

permit the curb to become so out of repair, deteriorated, or broken to such an extent, that it creates a hazardous or dangerous condition for persons or vehicles.

(2) Upon request of the Town Council, each property owner shall have the option of having the required repair and maintenance work done himself or herself or of having the repair and maintenance work done and collection therefore as stated in division (D)(3) above.
(Prior Code, Ch. 13, Art. IV)

§ 92.029 AWNINGS/SIGNS OVER OR NEAR SIDEWALKS.

(A) All awnings, signs, or other objects, extending over any sidewalk, street, or alley shall be suspended by being securely fastened to some building or other support standing on the land adjacent to the sidewalk, street or alley.

(B) Every sign or other object extending into or over any sidewalk, street or alley shall be so placed and maintained as not to interfere with the free use of the sidewalk, street or alley; but in no case shall it be closer to the sidewalk than 7 feet.

(C) Every sign or other object extending into or over any sidewalk, street or alley shall be so placed and maintained to provide an unobstructed view so that a hazard is not created for pedestrian or vehicular traffic.
(Prior Code, Ch. 22, Art. XI)

REGULATING PRIVATE ENTRANCES

§ 92.045 NAME.

This subchapter shall be known as the "Town of Spencer Driveway Ordinance".
(Ord. 1994-3, passed 5-2-1994)

§ 92.046 SCOPE.

(A) It shall be unlawful for any person, firm, or corporation to construct a private entrance, driveway, or approach which connects to any road, street, highway, or alley in the Town of Spencer without first filing with the Town of Spencer Building Department a written application for a permit to construct the entrance, driveway, or approach on forms provided or approved by the Street Department, at least 10 days in advance of the time of beginning the work, and without first executing a surety bond, all as required by the ordinance; provides further, however, that:

(1) This subchapter shall not apply to construction of any entrance, driveway, or approach made under contract with or by order of the Town Council of Spencer through its

Streets and Sidewalks

proper officials.

(2) The provisions of this subchapter pertaining to bonds and fees shall not apply to work being done by any city, town, municipal corporation, any other county, or by any agency of the state, provided that the entities shall comply with all applicable provisions of this subchapter.

(B) It shall also be unlawful for any person, firm, or corporation to fill any drain or ditch which is located within the town's right-of-way without first filing with the Town of Spencer Street Department a written application for a permit for the work on forms provided or approved by the Town of Spencer Building Department at least 10 days in advance of the time of beginning the work, and without first executing a surety bond, all as required by this subchapter.
(Ord. 1994-3, passed 5-2-1994) Penalty, see § 92.999

§ 92.047 PERMIT APPLICATION.

(A) Any person, firm or corporation desiring to construct a private entrance, driveway or approach which connects to a road, street, highway or alley in the Town of Spencer Road System shall make an application for a permit therefore, which application shall be presented to the Town of Spencer Building Department. The application for residential driveway shall be accompanied by a site plan showing:

- (1) Property lines;
- (2) Road right-of-way;
- (3) Distances from intersecting roads;
- (4) Width and type of road surface;
- (5) Existing drainage features (ditches, culverts);
- (6) Location of existing driveways and structures;
- (7) Location of proposed driveways and structures;
- (8) Width and type of surface for proposed driveway;
- (9) Proposed drainage features (culvert size and type);
- (10) Copy of plat (if platted); and
- (11) Any other pertinent information requested.

(B) The application for a multi-family, commercial, or industrial driveway shall include all items for a residential driveway in addition to the following items:

Spencer - General Regulations

- (1) Site plan shall be certified by a professional engineer, architect, or land surveyor;
- (2) Proposed parking arrangement;
- (3) Location of proposed traffic control devices and signs;
- (4) Proposed use of each driveway (enter only, exit only, employees only, delivery trucks, and the like); and
- (5) Location of any loading docks.

(C) Additionally, the applicant shall stake out the proposed driveway location prior to filing the application.

(D) The applicant shall also erect and maintain all necessary barricades, warning signs, and lights in conformance with the latest edition of the *Indiana Manual on Uniform Traffic Control Devices* as required to direct traffic safely around the place where the work is being done, so long as the work in any way interferes with traffic.

(E) The applicant shall hold harmless and indemnify the Town of Spencer of any and all claims arising out of the occupation and work of the applicant person, corporation and work of the applicant to work in the Town of Spencer's right-of-way pursuant to the approved application and permit.

(F) The applicant shall conspicuously display the approved permit at the site of work until the construction is completed.

(G) The Town of Spencer Building Department shall keep on file all applications and a record of all permits granted. All permits issued in compliance with the terms of this subchapter must have prior Street Department Commissioner approval attached and shall be made in triplicate, 1 copy of which shall be filed at the Street Department, 1 copy shall be sent to the Building Department, and a copy given to the applicant.

(Ord. 1994-3, passed 5-2-1994)

§ 92.048 BOND PROVISIONS.

Streets and Sidewalks

(A) Whenever the application is approved, the applicant will be required to give surety bond to the Town of Spencer, which the bond shall guarantee that the performance of the work described in the application is in conformance with this subchapter. The bond shall be in the sum of \$500 for each residential driveway and shall be in the sum of \$10,000 for each commercial or industrial driveway or an amount as indicated from a signed contract with an approved contractor. The amounts may be increased if a culvert in excess of 24 inches in diameter is needed. The bond shall remain in full force for a period of 1 year or until the driveway construction is completed and/or the construction of any building(s) on the property is completed.

(B) Anything contained herein to the contrary notwithstanding, however, a cashier's check or certified check payable to the Town of Spencer, in the same sum as designated herein for the bond, or a letter of credit issued by a financial institution approved by the Town Council in the sum as designated herein for the bond, may be filed with the application in lieu of the surety bond.

(Ord. 1994-3, passed 5-2-1994)

§ 92.049 PERMIT EXTENSIONS.

The holder of a permit issued as provided by this subchapter shall complete the work within 1 year of the date of issuance of the permit. An extension of time may be granted upon receipt of a new bond.

(Ord. 1994-3, passed 5-2-1994)

§ 92.050 RELEASE OF BOND.

The bond as provided herein shall be released only after an inspection of the completed work in conformance with this subchapter and after completion of the construction of the driveway and/or the construction of any building(s) on the property is completed.

(Ord. 1994-3, passed 5-2-1994)

§ 92.051 INSPECTIONS.

The Town of Spencer Building Department and the Town of Spencer Street Department Supervisor shall make an inspection of the premises to determine whether the driveway as proposed conforms to the provisions of this subchapter and any subsequent rules and regulations as approved by the Town Council of Spencer, and shall then issue or deny the permit.

(Ord. 1994-3, passed 5-2-1994)

§ 92.052 SPECIFICATIONS.

The specifications contained herein are the minimum allowable and at the discretion of the

Spencer - General Regulations

Street and Building Departments may be increased or decreased when warranted.

(D) *Location of driveways.*

Spencer - General Regulations

(1) Driveways shall be located so as to result in no undue interference with, or hazard to, the free movement of normal vehicular traffic and so that areas of traffic congestion will not be created on the roadway. In accordance with this principle, driveways shall be located where the roadway alignment and profile are favorable and there are no sharp curves, steep grades, and sight distance restrictions. To the extent feasible within the frontage limits, any driveway should be located at a point of optimum sight distance along the roadway. Application may be denied if adequate sight distance cannot be obtained.

(2) For property tracts with a sizeable frontage on the roadway, the driveway location and arrangement will be governed by the position of the improvements. However, where driveways are provided to predominantly unimproved areas, they shall be located to the best advantage with regard to the roadway alignment, profile and sight distance conditions.

(3) Where a driveway is provided to a commercial establishment, the road right-of-way and the adjacent borders shall be reasonably clear.

(E) *Number of drives.*

(1) The number of driveways should be a minimum to adequately serve the needs of the abutting property. Commercial frontages of less than 200 feet are limited to 1 driveway. Normally, not more than 2 driveways shall be allowed into any single property tract or business establishment. When more than 2 driveways on 1 frontage are necessary to facilitate operations, the minimum distance between the drives should be 400 feet. A property which has more than one frontage on a roadway may be allowed one driveway per frontage.

(2) Where there are several adjacent roadside establishments, each with limited frontage or where there is a probability of the development, consideration shall be given to constructing a frontage road for several driveways so as to reduce the number of separate connections to the highway. Frontage roads that parallel the highway shall be allowed access points at minimum intervals of 500 feet. Frontage roads should be set back from the town roadway in such a manner as to allow adequate storage for entering and exiting traffic.

(F) *Joint driveways.* An approach to a driveway that serves adjacent property owners may be allowed. However, the application shall be jointly prepared and submitted by the property owners.

(G) *Driveway approach grade.* The profile grade of the approach from the edge of the existing lane pavement shall slope down and away at the same rate as the roadway shoulder grade. It shall be constructed in a manner that no surface water will drain onto the roadway.

(H) *Sight distance.* To the extent feasible within the frontage limits, any driveway should be located at a point of optimum sight distance along the roadway.

(I) *Drainage.*

(1) The applicant shall provide drainage information and show that there are no adverse

Streets and Sidewalks

affects to drainage patterns in the vicinity caused by the new drive.

(2) Culvert pipes shall not be sized smaller than structures upstream from their location.

(3) Culvert pipes sized for driveways shall follow design frequencies for a 10 year design storm.

(4) All pipes shall have end sections. End sections may be either concrete or metal and shall comply with all state and local codes.

(Ord. 1994-3, passed 5-2-1994)

§ 92.053 MAINTENANCE.

The applicant shall agree to maintain that portion of the driveway that is within the public right-of-way including the culvert pipe and drainage ditches in good condition in such a manner as to prevent obstruction or interference with the roadway, the traffic thereon, or with any drain or ditch which serves the roadway. There shall be no time limit on this responsibility. If the property should change ownership, the successor(s) shall acquire this obligation.

(Ord. 1994-3, passed 5-2-1994)

§ 92.054 OTHER PERMITS REQUIRED.

The Town of Spencer hereby adopts regulations of the State Building Code.

§ 92.055 FEES FOR PERMITS.

The Town of Spencer hereby adopts regulations of the State Building Code.

ACCESSIBILITY FOR HANDICAPPED PERSONS

§ 92.070 BUSINESS SURVEY AND ENFORCEMENT OF PARKING ACCESSIBILITY.

(A) The Town of Spencer in September, 2001, issued notice to several businesses of their potential violations of the ADA provisions regarding the number, signage and marking of the handicapped parking locations at their respective places of business.

(B) These businesses were asked to voluntarily upgrade or establish the required parking within 60 days and to respond affirmatively as to their individual plan of action and response to the alleged violations.

Spencer - General Regulations

(1) The Town of Spencer will continue to monitor these known businesses to ensure their compliance by voluntary means on or before February 1, 2002. In the event that any known business fails or refuses to complete its upgrade or establishment of parking facilities for the handicapped on or before March 1, 2002, the town will take all appropriate legal steps to enforce compliance.

(2) The town will ensure that all building permits issued in accordance with the Town Code specifically identify any and all accessibility issues and will redesign the permit application process to require adequate information as the building design, layout and parking facilities to ensure compliance with the above recited federal, state and local statutes and ordinances.

(3) The town will continue to maintain its liaison with the ADA Advisory Committee to develop further plans and areas of concern with regard to the implementation of the provisions of the ADA.

(Ord. passed 3-4-2002)

§ 92.071 STREETS AND SIDEWALKS.

(A) *Survey and inventory.* The town will undertake a complete inventory of the sidewalk and street crossing locations to identify and create a matrix identification system, for the specific locations of each major and minor intersection in the town. The suggested format would include a grid nomenclature using a combination of letters and numbers, such as "A1", "B1" and the like as is typically used in mapping functions. This matrix shall become a permanent part of the Street Department records and shall be amended from time to time as the boundaries of the town are increased, decreased or modified. As streets are closed within the town limits, matrix locations will be retired and those identification codes removed from active use. The manner and means of labeling and coding of the matrix system will rest in the sound discretion of the town's Street Department Superintendent.

(B) *Notice to the public.* On or before March 1 of each year hereafter, the town will issue notice to the public requesting advise from the citizens of the Town of Spencer as to the location of persons or properties specifically needing remedial or rehabilitative maintenance of the sidewalks or streets bounding the residences and workplaces of persons needing accessibility as defined by the aforesaid federal, state and local statutes and ordinances. The list of the locations will be forwarded to and maintained by the Street Department and used to define the areas of annual rehabilitation, maintenance and construction. The information collected in this process is not binding upon the town but will be reviewed for accuracy, measured for degree of potential safety issues, and analyzed for the potential benefit to the largest population of citizens for the cost to be incurred. The notice suggested by this division will be the simple community calendar notice in the local newspapers and does not constitute a requirement for any other legal notice.

Streets and Sidewalks

(C) *Maintenance and construction.* Each year hereafter, the Street Department, or its delegated representative, will present its proposed budget and fiscal plan required for the maintenance, construction and rehabilitation of all projects anticipated for that year. The Department Superintendent, his or her delegate or 1 appointed by the Town Council, will submit his or her proposals for the number and location of sidewalk cuts or other construction methods used to implement accessibility requirements during the project year. The town directs the Superintendent, his or her delegate or others appointed by the Town Council, to analyze and present the locations by matrix nomenclature and to present the cost and/or benefit analysis of the proposed projects individually. Attention must be given to those sidewalk areas that meet the following criteria:

(1) Sidewalks that require handicap access due to the private residential use or commercial workplaces which have been identified by the public as necessary or significantly interfering with commercially handicapped traffic;

(2) Sidewalks that are presently and contemporaneously in need of repair and rehabilitation by reason of independent, uneven and unsafe physical condition;

(3) Sidewalks which have the highest density of residential and/or commercial traffic;
and

(4) Sidewalks that have the highest and best cost and/or benefit ratio for repair.
(Ord. passed 3-4-2002)

§ 92.072 GENERAL PROVISIONS.

(A) *Five and 10 Year Plans.* The Street Department, its delegate or others appointed by the Town Council, will furnish annually, an update on the 5 and 10 Year Plan of Action designed to remediate the town's streets and sidewalks within the budgetary and fiscal responsibilities assigned to that unit by the annual budget. In addition, the Department will research and identify any and all known sources of additional grants or funding available, but not yet certified to the Town of Spencer for the projects.

(B) *Council approval.* The Town Council meeting in open session will discuss, review and direct the Street Department to implement the projects as it deems appropriate and consistent with its budget and other fiscal priorities in its regular meeting.

(C) *Purpose.* The purpose of this policy statement and endorsement of the town's responsibility for monitoring and enforcing the provisions of the aforesaid regulatory and statutory laws is to ensure the public that the Council is aware and concerned about the welfare of its handicapped citizens and that a plan of action has been definitively announced to implement and carry forward its responsibilities in this regard.

Spencer - General Regulations

(D) *Focus*. Nothing in this policy statement shall be construed to carry the force of a legal ordinance or compel any particular Council action or expenditure. To the contrary, every project in the Town of Spencer's repertoire of activities in any calendar year must be considered a dynamic and ever-changing administrative design that will react to the exigencies present at the time of implementation. The focus of this policy is to judiciously implement responsibilities, over time, that have costs and expenses which would be otherwise prohibitive and inconsistent with the health, welfare and safety of the citizens of the Town of Spencer. The policy is designed to identify and act upon the known areas of concern and to balance this rehabilitation with all other duties and responsibilities of the town to provide all the other utilities and services to its residents.

(Ord. passed 3-4-2002)

§ 92.999 PENALTY.

(A) Any person violating any provision of this chapter for which no specific penalty is prescribed shall be subject to § 10.99.

(B) Any person, firm or corporation violating any provision of §§ 92.001 through 92.009 shall upon conviction thereof, be fined in an amount not less than \$100 and not more than \$1,000 for each violation. Each day in which any such violation shall continue shall be deemed a separate offense.

(Prior Code, Ch.15, Art. X)

(C) Should the owner or occupant fail to remove snow and ice from his or her sidewalk as required by § 92.27, he or she may be subject to a fine of not less than \$10 nor more than \$50 for each offense. A separate offense shall be deemed committed upon each day during or on which the violation occurs or continues.

GENERAL PROVISIONS

§ 93.01 PURPOSE.

This chapter declares certain offenses and conditions to be a public nuisance and are in addition to the other and additional offenses and conditions as are so declared in other ordinances and as are known to common law and the Indiana Code; it requires the abatement of public nuisances; it provides penalties if the person creating or maintaining the nuisance refuses or fails to abate the nuisance when ordered to do so; and it prescribes regulations covering the setting of fires, disposal of garbage and provides penalties for violation of these regulations. (Prior Code, Ch. 22, Art. I)

§ 93.02 POWER AND AUTHORITY OF THE TOWN COUNCIL.

The Indiana Code provides the Town Council with the power and authority to declare what constitutes a public nuisance and to provide for the prevention, abatement, and removal of nuisances and to take the other measures as are deemed necessary for the public safety, health and welfare. (Prior Code, Ch. 22, Art. II)

§ 93.03 DEFINITIONS.

For the purpose of this chapter, the following definitions shall apply unless the context indicates or requires a different meaning.

ABATEMENT. The stopping or ceasing or putting an end to whatever the condition or action may be which causes or is causing a public nuisance.

ADVERTISING MATTER. Any written or printed card, circular, coupon, pamphlet or folder intended for general distribution, except newspapers.

NUISANCE. Whatever is injurious to health, or is indecent, or is offensive to the senses, or is an obstruction to the free use of property so as to essentially interfere with the comfortable enjoyment of life or property. Whenever the words **PUBLIC NUISANCE** are used in this chapter, they shall have the same meaning as **NUISANCE**.

PERSON. An individual, firm, company, association, corporation or group.

PREMISES. Include all buildings, structures, dwellings, lots or grounds within the town.

Spencer - General Regulations

SAMPLE. Any package or parcel of merchandise intended for general distribution and for which no charge is made.

(Prior Code, Ch. 22, Art. III)

§ 93.04 NUISANCE CREATED BY OTHERS.

For the purposes of this chapter, it shall not be necessary or essential that a public nuisance be created or contributed to by the owner, or tenants or their agents or representatives, but merely that the nuisance be enacted or contributed to by licenses, invitees, guests or other persons for whose conduct the owner or operator is responsible, or by persons for whose conduct the owner or operator is not responsible for but who should, by the exercise of reasonable care become aware of.

(Prior Code, Ch. 22, Art. V)

CONDITIONS TO BE DECLARED NUISANCES

§ 93.20 ACCUMULATION OF FILTH, TRASH, AND THE LIKE.

The accumulation of filth, refuse, trash, garbage, rubbish and waste materials and matter is a public nuisance and it endangers the public health, welfare and safety; it is an annoyance to, and materially interferes with the peaceful enjoyment of other persons residing in the area and no person shall allow the accumulations on his or her premises and he or she shall keep his or her premises clean.

(Prior Code, Ch. 22, Art. IV, § 1)

§ 93.21 LITTERING.

(A) A person who recklessly, knowingly, or intentionally places or leaves refuse on property of another person, commits littering, which is a Class B infraction.

(B) "Refuse" includes solid and semisolid wastes, dead animals and offal.

(C) Evidence that littering was committed from a moving vehicle other than a public conveyance constitutes prima facie evidence that it was committed by the operator of that vehicle.

(Prior Code, Ch. 22, Art. IV, § 2) Penalty, see § 93.99

Nuisances

§ 93.22 OBSTRUCTING SIDEWALKS, STREETS, OR ALLEYS.

(A) It is unlawful for any person to place, or cause to be placed any objects, materials, snow, or other matter in or on any street, alley or sidewalk which obstructs the flow of traffic, or creates an unsafe condition and a hazard to users of the street, alley or sidewalk.

(B) No person shall use or occupy any portion of any public street, alley sidewalk or right-of-way for the purpose of storing, selling, or exhibiting any goods, wares, merchandise or materials. The Town Council, may, however, authorize the use of sidewalks and streets and alleys under special conditions to promote the economic welfare of the town. The authorizations when issued, shall be specific as to locale and date and time.

(Prior Code, Ch. 22, Art. IV, § 3) Penalty, see § 93.99

§ 93.23 WEEDS AND RANK VEGETATION.

(A) Landowners within the town are responsible for cutting and removing weeds and rank vegetation thereon. If the landowner fails to keep his or her property mowed and rank vegetation removed, then the Town Manager shall request the Spencer Town Police to issue a written notice to the landowner giving him or her 5 days to cut and remove the weeds and rank vegetation. The notice shall be served by the Town Marshal upon the landowner, if he or she is a resident, or by registered mail addressed to his or her last known address if he or she is a non-resident.

(B) If the landowner fails to remove or have removed the weeds or rank vegetation within the time prescribed, the Town Manager shall have the Superintendent of Streets remove the weeds and rank vegetation and provide the Clerk-Treasurer with a certified statement of the amount of actual costs incurred by the town in the removal. The Clerk-Treasurer shall have the Town Marshal deliver the statement to the landowner, or send by registered mail, and the landowner shall have not more than 10 days within which to pay the amount to the Clerk-Treasurer.

(C) If the landowner fails to pay the costs within the time prescribed, a certified copy of the statement of costs shall be filed with the Owen County Auditor who shall place the amount of the claim on the tax duplicate against the lands of the landowner, and the amount shall be collected as taxes are collected and when collected shall be deposited in the general fund of the town.

(Prior Code, Ch. 22, Art. IV, § 4) Penalty, see § 93.99

§ 93.24 TREES, SHRUBS AND OTHER OBSTRUCTIONS.

(A) No property owner or occupant shall allow any shrubs, hedge, or tree to encroach upon any alley, street or sidewalk and shall not let any limbs of trees on his or her property to project out over any street, alley or sidewalk at a height of less than 14 feet.

Spencer - General Regulations

(B) No property owner or occupant shall cause or allow any tree, stack or other object to remain standing upon his or her premises in the condition that it, if the condition is suffered to continue, endangers the life, limb, or property or cause hurt, damage or injury to persons or property upon the public streets or public ways adjacent thereto, by the falling thereof or of parts thereof.

(Prior Code, Ch. 22, Art. IV, § 5) Penalty, see § 93.99

§ 93.25 OBSTRUCTIONS AT STREET/ALLEY INTERSECTIONS.

(A) It shall be unlawful for any property owner or occupant to have or maintain on his or her property any tree, hedge, billboard, sign or other obstruction which prevents persons driving vehicles on public streets or alleys from obtaining a clear view of traffic when approaching an intersection.

(B) Any owner or occupant of any property abutting a street intersection who shall fail to comply with this section shall be given notice of the noncompliance by the Town Manager by having the Town Marshal leave a copy of the notice with any occupant or owner of the real estate or by posting the same on the real estate. Failure thereafter to comply within 5 days shall constitute a violation of this section.

(Prior Code, Ch. 22, Art. IV, § 6) Penalty, see § 93.99

§ 93.26 OPEN WELLS/CISTERNS.

No person shall cause or permit the existence of any open or uncovered or insecurely covered, cistern, cellar, well, pit, excavation or vault situated upon private premises in any open or unfenced lot or place.

(Prior Code, Ch. 22, Art. IV, § 7) Penalty, see § 93.99

§ 93.27 DISCARDED REFRIGERATORS, AND THE LIKE.

(A) No person shall store, place or permit any discarded, abandoned or unused icebox, refrigerator or similar container of any airtight character in any place where the same is accessible to children, without first removing and rendering completely inoperable all catches or locks on the exterior of all doors thereof, so as to prevent any person or child from becoming imprisoned therein.

(B) This section shall not apply to the delivery, transfer or removal of any icebox, refrigerator or container from 1 location to another while in transit.

(Prior Code, Ch. 22, Art. IV, § 8) Penalty, see § 93.99

Nuisances

§ 93.28 ATTACHMENT OF POSTERS TO POLES, TREES, AND THE LIKE.

No person shall post, paste, nail or in any way attach or fix any bill, notice, announcement or other advertisement to any tree located in any alley, street or other public place in the town or upon or to any pole used for telephone or telegraph or electric light or any other purpose; provided that the provisions of this section shall not apply to the posting of any notice or order of any court, nor to the posting of any legal notice required or authorized by law.

(Prior Code, Ch. 22, Art. IV, § 9) Penalty, see § 93.99

§ 93.29 NOXIOUS ODORS.

No person shall use or occupy any premises in such a manner as to cause the unreasonable emission of noxious or offensive odors, dusts, smoke or other matters into the atmosphere so as to render ordinary use or physical occupation of other property in the vicinity to be uncomfortable or unhealthy or impossible.

(Prior Code, Ch. 22, Art. IV, § 10) Penalty, see § 93.99

§ 93.30 OBNOXIOUS NOISES.

(A) *Noise.* Obnoxious noise is any noise noxious enough to destroy the reasonable enjoyment of residents or other uses of property in the vicinity interfering with the ordinary comforts of human existence, including but not limited to:

(1) *Horns, signaling devices.* Unnecessary sounding of horns or signal devices on any automobile, motorcycle, bus or other vehicle while not in motion, except as a danger signal if another vehicle is approaching apparently out of control or if in motion only as a danger signal after or as brakes are being applied and declaration of the vehicle is intended or any signal device of any unreasonably loud or harsh sound from any device for an unnecessary and unreasonable period of time.

(2) *Radios, phonographs, boom boxes, and the like.* The using, operating, or permitting to be played, used or operated any radio receiving set, musical instrument, phonograph or other machine or device for the producing or reproducing of sound in the manner as to disturb the reasonable peace and quiet and comfort of the neighboring inhabitants or at any time with louder volume than is necessary for convenient hearing for the person or persons who are in the room, vehicle or chamber in which the machine or device is operated and who are voluntary listeners thereto; the operation of any set, instrument, phonograph, machine or device between the hours of 11:00 p.m. and 7:00 a.m. or at any time or place, so as to annoy or reasonably disturb the quiet, comfort or repose of any persons in such a manner as to be plainly audible at a distance of 20 feet from the building, structure, property or vehicle in which it is located shall be prima facie evidence of a violation of this section.

Spencer - General Regulations

(3) *Schools, courts, churches, hospitals.* Creation of excessive noise or disturbing noise of any kind on any street adjacent to any school, institution of learning, church or court while the same are in session or adjacent to the medical facility which unreasonably interferes with the workings of the institutions provided conspicuous signs are displayed in the streets indicating that the same is a school, hospital or court street.

(4) *Hawkers, peddlers, advertisers, and the like.* The use of sound trucks, loudspeakers, amplifiers or other instruments or devices for the purpose of making noise to attract attention to any performance, show or sale or display of merchandise without the specified approval of the Town Council prior to the use.

(5) *Yelling, shouting, and the like.* Noise on the street made by persons or groups of persons yelling, shouting, singing, hooting, whistling or making other vocal noises on the public streets, particularly between the hours of 11:00 p.m. and 7:00 a.m. or at any time or place so as to annoy or reasonably disturb the quiet, comfort or repose of any persons in any medical facility, dwelling, hotel or any other type of residence or of any other persons in the vicinity.

(6) *Fireworks.* The Spencer Town Council reserves the right to pass separate ordinances concerning the use of fireworks.

(B) *Exemptions.* Noise that is a result of parades, school functions, sports or band functions or the like is exempt from this statute.

(Prior Code, Ch. 22, Art. IV, § 11) Penalty, see § 93.99

ABATEMENT OF NUISANCE

§ 93.45 REQUEST TO ABATE NUISANCE.

(A) In those cases where the action is deemed reasonable, appropriate and proper, the Town Marshals shall informally request the person creating the nuisance to correct the conditions as necessary to cause the nuisance to be abated within a reasonable period of time.

(B) In those cases where the person creating the nuisance does not abate the nuisance on the basis of an informal request to do so, the Spencer Police Department will issue a citation to the person creating the nuisance to correct the conditions as necessary to abate the nuisance within the indicated period of time. In determining the time period, the Spencer Police Department shall take into consideration the degree of threat to the public health, safety and welfare and the means required to abate the nuisance. The Spencer Police Department shall indicate in the citation the date before which the nuisance must be abated.

(Prior Code, Ch. 22, Art. VI, § 1)

§ 93.46 SERVICE OF NOTICE.

Nuisances

(A) Any person creating a nuisance who has refused to abate the nuisance within the time specified by the Town Council will be served a notice by the appropriate town official to abate it.

(B) In all cases of required written notice, registered or certified mail to the last known address of the person creating a nuisance, or personal service by the appropriate town official will apply.

(C) In all cases that the property owner's whereabouts are unknown, then service shall be considered valid when the notice is sent to the address listed on the tax duplicate records of the Owen County Treasurer.

(Prior Code, Ch. 22, Art. VI, § 2)

§ 93.47 REFUSAL OR NEGLECT TO ABATE NUISANCE.

If an owner, occupant or other person served with a notice to abate a nuisance shall refuse or neglect to abate the nuisance within the time designated in the notice, the person shall be subject to the penalties provided in this chapter.

(Prior Code, Ch. 22, Art. VI, § 3) Penalty, see § 93.99

§ 93.48 ACTION AGAINST CREATOR OF A NUISANCE.

(A) The Town Council may cause a nuisance to be abated in any manner authorized by law, including the institution of an action to recover the amount of expenses of the abatement.

(B) The Clerk-Treasurer will notify the person who owes any costs for abatements, and if the costs are not paid within 30 days, the town shall proceed to collect the same either by causing the costs to be placed on the tax duplicate or by a civil suit. Upon initiation of a civil suit additional fees will be incurred by the person who owes the costs for abatement, including reasonable attorney fees incurred by the town for collection of the account.

(Prior Code, Ch. 22, Art. VI, § 4)

§ 93.99 PENALTY.

Spencer - General Regulations

(A) Whenever a violation of this chapter occurs or is alleged to have occurred, any person may file a written complaint or an oral complaint. The complaint stating fully the causes and basis thereof shall be filed with a Spencer Town Marshal. The Spencer Town Marshals shall properly investigate. If the facts elicited by the investigation are sufficient to establish a reasonable belief that a violation has occurred on the part of the party investigated, the Spencer Town Marshals shall informally request the person creating the noise to correct the condition as necessary to cause the noise to abate.

(B) If the person creating the nuisance does not abate the noise or only temporarily abates the noise, then the Town Marshals shall issue a local citation in accordance with this section.

(C) When a violation is deemed unreasonable by a Marshal and is coming from a mobile source such as a vehicle, or walking person no previous warnings are required.

(D) Any person who violates this chapter or fails to comply with any of its requirements, shall be guilty of an infraction and shall be fined in the sum of \$25 per incident for each violation. Each time any violation of this chapter continues, shall constitute a separate offense.

(E) If the person creating the nuisance fails to pay the costs as specified to the Clerk-Treasurer within 30 days after the notice, suit shall be instituted for and on behalf of the town by the Town Attorney to collect the costs, including reasonable attorney fees incurred by the town for collection of the account.

CHAPTER 94: GENERAL FIRE REGULATIONS

Section

- 94.01 Burning of structures
- 94.02 Bonfires

§ 94.01 BURNING OF STRUCTURES.

No person shall burn, or cause to be burned, any structure, or the debris resulting from the demolition or razing of any structure, on any private or public land within the town limits without the expressed written approval from the Fire Territory's Chief.
(Prior Code, Ch. 22, Art. VIII, § 1) Penalty, see § 10.99

§ 94.02 BONFIRES.

(A) No person shall kindle or maintain any bonfire, rubbish fire, or any type of outdoor fire, or authorized or permit any fire to be kindled or maintained on private land, public street, alley, road, or other public ground, at any time without first obtaining the expressed written approval or authorization from the Fire Territory.

(B) In the event the Fire Territory's Chief shall approve or authorize the kindling or maintaining of any fire, as contemplated in § 94.01 and/or division (A) above, the approval or authorization shall be in writing on a form provided by the Fire Territory Chief (the form shall be approved and adopted by the Town Council).

(C) The provisions of division (A) above are intended to eliminate the hazardous, obnoxious, annoying and discomforting effect of outdoor fires from whatever source. The restrictions of division (A) above are not intended to apply to the kindling and maintaining of fires in approved furnaces and/or stoves which are primarily used for heating a structure, for example: houses, motels, retail stores, offices, factories, schools, churches and government buildings.

General Fire Regulations

(D) The restrictions of division (A) above do not apply to the kindling and maintaining of a fire for the purpose of outdoor cooking. However, a fire may be kindled and maintained for the purpose of preparing or otherwise cooking of food for human consumption so long as the fire is kindled and maintained in an apparatus specifically designed for cooking outdoors. The provisions of this division do not permit the kindling or maintenance of an open type bonfire. However, upon application, the Fire Territory's Chief may issue a permit allowing the kindling and maintaining of such a bonfire for cooking purposes. The permit shall be issued in compliance with the applicable provisions of divisions (A) and (B) above.

GENERAL PROVISIONS

§ 150.01 TITLE.

This chapter and all regulations supplemental or amendatory hereto shall be known as the Building Code of the Town of Spencer, and may be cited as such and will be referred herein as this chapter.

(Prior Code, Ch. 12, Art. 12.01(A))

§ 150.02 PURPOSE.

The purpose of this chapter is to provide minimum standards for the protection of life, limb, health, environment, public safety and welfare, and for the conservation of energy in the design and construction of buildings and structures.

(Prior Code, Ch. 12, Art.12.01(B))

§ 150.03 AUTHORITY.

The Building Commissioner is hereby authorized and directed to administer and enforce all of the provisions of this chapter. Whenever in this chapter, it is provided that anything must be done to the approval of or subject to the direction of the Building Commissioner or other officer designated by the Building Commissioner, it shall be construed to give the officer only the discretion of determining whether the rules and standards established by ordinance have been complied with. No provision shall be construed as giving any officer discretionary powers to require conditions not prescribed by ordinance or state codes, or to enforce ordinance provisions in an arbitrary or discriminatory manner.

(Prior Code, Ch. 12, Art.12.01(C))

§ 150.04 SCOPE.

Building Regulations; Construction

The provisions of this chapter apply to the construction, alteration, repair, use, occupancy, maintenance, and addition to all buildings and structures, other than industrialized building systems or modular structures certified under I.C. 22-15-4, in the Town of Spencer. See Local Regulations Concerning Setbacks and §§ 31.20 *et seq.* and §§ 152.001 *et seq.* which cover the Zoning in the Town of Spencer.

§ 150.07 SETBACK REQUIREMENTS.

(A) All buildings and structures shall be built, constructed, erected, set and/or placed on private and/or public property according to the requirements on setbacks established in this section.

(B) When applicable, all setbacks shall be measured from the inside of the sidewalk and/or street, road, alley or other public right-of-way. The “inside” shall mean the side towards or closest to the building or structure that is subject to the setback requirement.

(C) Setback from property lines shall be measured from the property line. The property line shall be that point where one person (s), firm(s), company(s), corporation(s), association(s), government(s) or other entity(s) real property begins.

(D) The following setback requirements apply in all applicable zoning districts.

(1) *Sidewalks.* Where there are established and existing sidewalks, the minimum setback from the sidewalk shall be measured from the inside of the sidewalk:

(a) All residential buildings or structures: 5 feet.

(b) All commercial and/or business buildings or structures: 10 feet.

(c) All industrial buildings or structures: 10 feet.

(d) All other buildings and structures: 10 feet.

(2) *No sidewalks.* Regardless of the building or zoning classification where there are no established or existing sidewalks, the minimum setback from the street, road, or other public right-of-way shall be 15 feet and shall be measured from the inside of the street, road or other public right-of-way. The minimum setback requirement for a building or structure from an alley shall be 3 feet from the public right-of-way.

(3) *Property lines.*

(a) All residential buildings or structures: 5 feet.

Building Regulations; Construction

(b) All other buildings or structures regardless of building or zoning classification: 10 feet.

(4) *Fences.*

(a) Property lines fences may be built on the property line.

(b) All other locations:

1. Fences shall be installed and/or erected at least 6 inches from the inside of all established and existing sidewalks.

2. Where no sidewalk(s) exist, fences shall be installed and/or erected at least 10 feet measured from the inside of the street, road or other public right-of-way.

3. In alleys, fences shall be installed and/or erected 3 feet from the public right-of-way.

(5) *Utilities.*

(a) Utilities shall be set back at least 2 feet from the inside of all established and existing sidewalks.

(b) Where no sidewalks exist, utilities shall be set back at least 12 feet measured from the inside of the street, road or other public right-of-way.

(c) From an alley, utilities shall be set back at least 3 feet measured from the public right-of-way.

(d) This minimum distance shall be measured from the outer-most part of the utility.

(e) Utility in this subsection includes but is not limited to poles, towers, lines, wires, conduits, pipes, drains, meters, valves, and pumps but does not include buildings, structures or hydrants.

(f) Hydrants fall under the jurisdiction of the Fire Department of the town pursuant to Indiana state law.

(6) *Other.*

(a) Any object that is not specifically mentioned elsewhere in this section including but not limited to the following: flag poles, antennas, towers, satellite dishes, playhouses, birdbaths and other yard ornaments, shall be set back:

1. A minimum of 0 feet from the property lines, 6 inches from existing sidewalks;

Spencer - Land Usage

2. A minimum of 10 feet from a road, street, or other public right-of-way where no sidewalk exists; and

3. A minimum of 3 feet from an alley measured from the public right-of-way.

(b) However, this provision shall not apply where the object is not anchored to the ground, is easily moved and weighs less than 50 pounds. This subsection does not apply to utilities identified in the subsection above.

(Ord. 1993-02, passed 4-5-1993)

BUILDING PERMITS

§ 150.20 APPLICATION FOR PERMIT.

(A) No permit shall be issued for the foregoing purposes, unless the application for the permit is accompanied by a plat or sketch of the proposed location showing lot boundaries, and by plans and specifications showing all the work to be done.

(B) All plans for commercial building construction are under the authority of the State Fire Prevention and Building Safety Commissioner and must also be filed with the State Building Commissioner. No local commercial permits shall be issued hereunder until a copy of a release for construction from the State Building Commissioner is received by the Building Commissioner.

(C) One and 2 family residential dwellings will be solely under the jurisdiction of the Town Building Commissioner. The time period for use of a building permit shall run for 1 year from the date of issuance. If the building is not completed by then, the party shall re-apply paying only the renewal fee. However, the Building Commissioner shall from time to time extend the expiration time periods at his or her discretion.

(Prior Code, Ch. 12, Art. 12.02(A))

§ 150.21 PERMIT REQUIRED.

(A) A permit shall be obtained before beginning any construction, alteration, or repair of any building or structure, the value of which exceeds \$500, which involves or affects electrical, plumbing, ventilating, heating, air condition systems, or structural elements. This section shall not be interpreted to require a building permit:

(1) For cosmetic repairs and or maintenance (e.g., floor coverings, painting or roofing);
and

(2) For the repair or maintenance of a private home performed by the occupant thereof.

Building Regulations; Construction

(B) All permits shall be issued by the Building Commissioner, and all fees provided for it this subchapter shall be paid to the Clerk-Treasurer. All permits shall expire 1 year from the date of the original issue unless renewed or extended.

(Prior Code, Ch. 12, Art. 12.02(B))

§ 150.22 NON-ANCHORED SEMI-TRAILERS AND MOBILE HOMES.

(A) Any non-secure, portable semi-trailer, trailer or mobile home that has been on the same property for a period of more than 180 days without being moved from that property, must obtain a building permit and comply with all pertinent town codes.

(B) Each unit must be properly tied down and anchored in conformance to the town's mobile home requirements.

(C) The unit must also be properly skirted and maintained in good condition so as not to create an unsightly appearance or unsafe environment.

(D) Violations are subject to reasonable penalties imposed by the current town codes and ordinances in § 150.26.

(Ord. passed - -)

§ 150.23 ACCESSORY STRUCTURES, DETACHED GARAGES AND CARPORTS THAT REQUIRE A TOWN BUILDING PERMIT.

(A) *Portable single story units with less than a total of 120 square feet.* However, the structure must be properly anchored down by any tie down device that secures the mobile structure to the ground, so as to avoid lateral, vertical or uplift movement due to wind pressure from any direction. The structure must also contain no more than 15 AMP electrical service. Permanent heat and water supply sanitation are not permitted.

(B) *Single story units with monolithic footing containing less than 721 square feet (8 feet W x 18 feet D, 12 feet w x 12 feet).* The slab must contain a welded wire fabric or equivalent. The unit may contain 1 permanent heat and 1 water supply sanitation. All electrical, floors, exterior walls and/or roof systems and/or girders and headers shall comply with 1 and/or 2 family dwelling codes.

Spencer - Land Usage

(C) *Note.* All stick built units must have prior approval by the Building Inspector and/or Commissioner to ensure that construction methods and materials used do not create an unsightly appearance or present a safety hazard. Plans and/or drawings along with materials list shall be submitted with all written requests prior to starting the project. Approval of the project shall be at the sole discretion of the Building Commissioner. However, a denial may be appealed to the Board of Zoning Appeals and the Town Council. Violations subject to reasonable penalties (demolition and momentarily) as imposed by the Town Council, not to exceed \$500.
(Ord. passed - -)

§ 150.24 WORK TO COMPLY WITH OTHER APPLICABLE REGULATIONS.

All work done under any permit issued under this subchapter shall be in full compliance with all other regulations pertaining thereto, and in addition to the fees for permits hereinafter provided for, there shall be paid the fees prescribed in those regulations.
(Prior Code, Ch. 12, Art. 12.02(C))

§ 150.25 FEES.

(A) The fees for all permits required under the provisions of this subchapter shall be the fees set forth in division (B) below. It being the intention, however, that only 1 fee shall be charged. This permit fee shall, however, be in addition to any hook-on or other connection charges, electric meter base charges, or other fees charged pursuant to other ordinances. The permit fee does not include inspection fees.

(B) The following fees for building and service permits shall apply. All fees will be charged in even-dollar sums only.

<i>Type of Construction</i>	<i>Required Inspections</i>	<i>Inspection Fees</i>	<i>Permit Fee</i>
Class 2 Structures and manufactured homes	3-4	\$25	\$100 for up to 1,250 square feet and \$0.10 square feet for each square feet over.

An electrical upgrade is any alteration to an electrical system requiring the disconnecting of electrical service to the structure in order to perform the electrical upgrade.</p>			

(C) For unusually large or complex buildings or structures, the Building Commissioner shall have the power to increase the number of required inspections as needed. The Building Commissioner shall in all cases designate the stage of construction when each required inspection must be requested by the permit holder. No concrete shall be placed for foundations without prior inspection. No electrical, structural, mechanical, plumbing, or thermal insulation

Spencer - Land Usage

work shall be covered prior to the inspection.

(D) Where additional inspections are required due to failure of the permit holder to have work ready for inspection at a designated state of construction, the Building Commissioner shall have the power to assess a re-inspection fee of \$25 for each additional inspection. Re-inspection fees shall be paid to the Building Commissioner and promptly turned in to the Clerk-Treasurer to be deposited in the town general funds.

(E) The Building Commissioner shall submit routine reports as needed and an annual report (on or before January 31) to the Town Council of inspections performed and permit fees collected on all permits. The report shall include an analysis of inspections performed, permit fees collected, cost of inspection operations and recommendations for adjustment of required inspections and single inspection fees as necessary.
(Prior Code, Ch. 12, Art. 12.02(D))

§ 150.26 EARLY START; ADDITIONAL FEE.

(A) Any person, firm, partnership, or corporation who knowingly starts construction prior to applying for, and receiving a building permit, shall be charged a fee equal to 3 times the original permit fee.

(B) There shall be a fee of \$25 for each additional inspection required, in addition to all other fees provided for in this subchapter.
(Prior Code, Ch. 12, Art. 12.02(E))

§ 150.27 WAIVER OF FEE.

(A) The Town Council shall have the authority to waive all or any part of the fees required herein for the permit and or inspections.

(B) The determination for a waiver of all or part of the fees required by this subchapter for a building permit or inspection shall lay within the sole discretion of the Spencer Town Council.
(Prior Code, Ch. 12, Art. 12.02(F))

§ 150.28 REVIEW OF APPLICATION.

Prior to the issuance of any building permit under this subchapter, the Building Commissioner shall:

(A) Review all building permit applications to determine full compliance with the provisions of this subchapter;

(B) Review all building permit applications for new construction or substantial improvements

Building Regulations; Construction

to determine whether proposed building sites will be reasonably safe from flooding;

(C) Review building permit applications for major repairs within the flood plain area having special flood hazards to determine that the proposed repair:

(1) Uses construction materials and utility equipment that are resistant to flood damage;
and

(2) Uses construction methods and practices that will minimize flood damage.

(D) Review building permit applications for new construction or substantial improvements within the flood plain area having special flood hazards to assure that the proposed construction, including prefabricated and mobile homes:

(1) Is protected against flood damage;

(2) Is designed (or modified) and anchored to prevent flotation, collapse, or lateral movement of the structure and flood damage; and

(3) Uses construction methods and practices that will minimize flood damage.

HAZARDOUS STRUCTURES AND UNSAFE DWELLINGS

§ 150.45 PURPOSE.

This subchapter declares that hazardous structures and unsafe dwellings are a public nuisance; it provides for notification to owners and inspection of premises; it provides for the issuance of orders to remedy conditions; it authorizes the razing of hazardous structures and unsafe dwellings; and it provides penalties for failure to abate the public nuisance when ordered to do so.

(Prior Code, Ch. 14, Art. I)

§ 150.46 DEFINITIONS.

For the purpose of this subchapter, the following definitions shall apply unless the context indicates or requires a different meaning.

COMMISSIONER. The Town Manager serving in his or her capacity as the Spencer Commissioner of Buildings.

Spencer - Land Usage

HAZARDOUS STRUCTURE. Any building or structure, or any part thereof, that is in an impaired structural condition or state which renders it unsafe or dangerous to any person or property; is a fire hazard; is a hazard to the public health; is a public nuisance; or it does not comply with local standards for building condition or maintenance as found in any ordinance of the town or in state law.

ORDER. Any written directive issued by the Town Council.

OWNER. Any entity capable of holding an interest in real estate, including but not limited to, individuals, corporations, and companies.

UNSAFE DWELLING. Any part of any building or premises used as a place or residence or habitation or for sleeping by any person when it is dangerous or detrimental to life or health because of want of repair, defects in the drainage, plumbing, lighting, ventilation or construction, infection with contagious disease, or the existence on the premises of an unsanitary condition likely to cause sickness among occupants of the dwelling, or is considered "unfit for human habitation".

(Prior Code, Ch. 14, Art. II)

§ 150.47 DWELLINGS DECLARED A PUBLIC NUISANCE.

In accordance with authority provided by the Indiana Code, the Town Council hereby declares that hazardous structures, dangerous buildings adjoining streets, and unsafe dwellings which are unfit for human habitation to be public nuisances and a public nuisance which shall be abated when so ordered by the Town Council.

(Prior Code, Ch. 14, Art. III)

§ 150.48 NOTIFICATION TO OWNER.

(A) *Owner advised of condition.* When the Board determines that a structure is in the condition that it creates a fire hazard, or it endangers the public health, safety and welfare, or it is a dwelling unfit for human habitation, it will request the Commissioner to send a letter to the owner (or person responsible for the property) outlining the condition of the structure, and pointing out how it endangers the public. The owner will be requested to repair the structure if it is repairable or to raze it and remove the debris from the premises.

(B) *Owner's cooperation solicited.* The Commissioner will solicit the owner's cooperation and will provide a reasonable length of time for the owner to initiate action. In addition, the Commissioner will meet with the owner, if he or she so desires, to discuss the matter and attempt to arrive at a mutually agreeable course of action.

(C) *Owner fails to cooperate.* If the owner elects not to cooperate voluntarily, the Commissioner will take the actions prescribed by this subchapter to cause the repair or razing of hazardous structures and unsafe dwellings to protect the health, safety, and welfare of the

Building Regulations; Construction

citizens of the town.

(Prior Code, Ch. 14, Art. IV)

§ 150.49 INSPECTION OF PREMISES.

(A) *Formal inspection of structure/dwelling.* If the owner fails to cooperate and fails to abate the public nuisance, the Commissioner will conduct a formal inspection of the structure or dwelling and will, if necessary, question the owners, lessee, or occupants, or anyone else having knowledge of the facts regarding the structure or dwelling. It is the duty of all the persons to assist the Commissioner in finding the true facts.

(B) *Right of free access.* The Commissioner shall have the right of free access to the structure or dwelling during all reasonable hours. If the structure or dwelling is vacant or abandoned, or access is denied or unavailable, the Commissioner may use the force as is reasonably necessary to effect entrance and to complete his or her inspection.

(C) *Use of other governmental agencies.* The Commissioner shall, if he or she deems the action necessary or desirable, request assistance of the Fire, Police, Health and Welfare Departments to insure that all phases of the public safety, health and welfare are fully considered during his or her inspection of the structure or dwelling.

(Prior Code, Ch. 14, Art. V)

§ 150.50 REPORT OF INSPECTION.

(A) The Commissioner shall prepare a written report of the findings of his or her inspection and the report will be filed in the office of the Spencer Commissioner of Buildings, Municipal Building. This report will show the location of the structure or dwelling, its owner, the date and time of the inspection, the names of the persons making the inspection and will include statements as to the physical condition of the structure, an estimate of its value, the probable costs of repair, and the Commissioner's recommendations for repair, improvement or demolition.

(B) The report shall also have attached to it photographs made of the structure or dwelling at the time of the inspection and so certified by the Commissioner.

(Prior Code, Ch. 14, Art. VI)

Spencer - Land Usage

§ 150.51 OFFICIAL ORDER TO REMEDY CONDITIONS.

(A) *Order to take remedial action.* The Commissioner will provide the Town Council with his or her report of inspection, and based thereon if the Board concurs, the Board will issue a written order directing that necessary remedial action be taken and will cause the order to be served upon and notice given to those persons affected by it. This order will specify the general nature of any repairs, alterations, reconstruction, or other steps that are found to be feasible and reasonably required to be done in order to remedy the conditions which were found to exist. The order will also specify a reasonable length of time (normally 30 days) to comply with the provisions of the order.

(B) *Order to condemn and raze.* If, in the opinion of the Board, the condition of the structure is such that economical repair is not feasible (or if repairs would cost more than 50% of the value of the building) the structure will be condemned and it shall be ordered razed and the debris removed from the premises.

(C) *Order to vacate.* The Board has the power and authority to compel all occupants of unsafe dwellings unfit for human habitation and hazardous structures to vacate and remain out of them. It shall be the duty of all members of the Police and Fire Departments, or other peace officers, to assist in the enforcement of such an order issued by the Board.

(D) *Extension in compliance with order.* Although all persons concerned shall comply promptly and fully with the order, the Board may, upon a showing of reasonable necessity, grant an extension of time for compliance.

(Prior Code, Ch. 14, Art. VII)

§ 150.52 SERVICE OF ORDER.

(A) *Personal service.* If the names and addresses of the owner or other person(s) having an interest in the property, as secured by a recorded mortgage or written contract, can be found upon reasonable inquiry, a written copy of the order will be served on them personally or by leaving a copy at their last known place of residence. Service of the order will be shown by affidavit of the person serving it. If there is a question of the competency of the person to be served, a copy will also be served on his or her legal guardian or custodian.

(B) *Service by registered mail.* If personal service cannot be made, but addresses are known, service may be made by using registered United States mail, with return receipt requested.

(C) *Service by publication of notice.* If personal service cannot be made and addresses are not known, notice of the order will be given by publication 1 time in the *Spencer Evening World* and the *Owen Leader* newspapers.

(Prior Code, Ch. 14, Art. VIII)

Building Regulations; Construction

§ 150.53 NOTICE TO THE PUBLIC.

(A) When the condition of a structure is such that it is hazardous, unsafe and/or dangerous, or if an unsafe dwelling is considered unfit for human habitation, a notice will be placed in conspicuous places on the structure by the Commissioner which will read as follows: This building is in an unsafe condition and it must not be used or entered by anyone without the written permission of the Board of Trustees of Spencer, Indiana.

(B) This notice, after being posted for 24 hours, will constitute sufficient notice to all tenants or occupants of the premises, to all persons entering the building, to all agents of the owners or leasees having control of the building, and it shall constitute notice to all persons having mere statutory liens upon the property.

(Prior Code, Ch. 14, Art. IX)

§ 150.54 HEARINGS.

(A) *Notice to owner.* If any person fails to comply with an order directing that a hazardous structure or unsafe dwelling be repaired, evacuated, or razed within the time limit established by the Board, a written notice will be served upon the owner of the building to appear before the Board at a time and place fixed in the notice and show cause why the order should not be complied with. The Board shall hear the matter and then affirm, modify or rescind the order. If the order is affirmed, the Board shall take steps to cause the structure to be repaired, evacuated or razed.

(B) *Right of appeal.* Any person who may be aggrieved by the action of the Board shall have the right to appeal to the Circuit Court of Owen County. The appeal shall be taken within 10 days after the date that the Board's decision is rendered. Service of written notice of intent to appeal the Board's action will stay further action by the Board.

(Prior Code, Ch. 14, Art. 10)

§ 150.55 RAZING THE STRUCTURE/DWELLING.

(A) *Collection of cost.* If the owner refuses or neglects to abate the nuisance (i.e. raze the structure/ dwelling and remove the debris from the premises) the Board may take the action as is necessary to cause the abatement and collect the costs incurred by civil suit or by placing the costs on the tax duplicates for property involved. Additional penalties to include reasonable attorney fees and court costs incurred by the town for collection of the account.

Spencer - Land Usage

(B) Use of qualified wrecking organizations.

(1) The razing of large unsafe and dangerous structures shall be done by qualified wreckers. It shall be the duty of the Town Council to give notice by posting a copy of request for bids in the office of the Spencer Commissioner of Buildings for at least 10 days prior to the time stated in the notice that the bids will be received for wrecking the building. The bid may be awarded to the lowest and most responsive bidder. The contract shall be executed by the Board and shall contain the provisions as are deemed proper and shall contain a clause that the contract is executed by the Board as agent for the owner of the structure or dwelling and that the town is in no way obligated to pay the cost of the wrecking of the structure or dwelling.

(2) The owner of the structure or dwelling shall be served with a copy of the notice of bidding at least 7 days prior to the date fixed in the notice for the reception of bids. The entire cost of the wrecking shall be paid by the owner and the contractor shall be entitled to have a lien upon the real estate upon which structure or dwelling was located for the full amount of the cost of the wrecking.

(Prior Code, Ch. 14, Art. XI)

§ 150.56 SALVAGE MATERIALS.

(A) Within 72 hours after the Board's final decision to raze, the owner of a structure or dwelling shall have the prior right and may elect in writing to retain all salvaged materials by procuring the release of any liens created by the razing, or the owner may elect to have salvage materials sold and credited to the cost of the work. If no written filing of the owner's election is made, the Board can elect to sell the materials to help defray the costs.

(B) If the salvaged materials have no value or if they cannot be sold within a reasonable time, the materials will be removed from the premises and taken to a legally authorized facility.
(Prior Code, Ch. 14, Art. XII)

§ 150.99 PENALTY.

(A) Any person violating any provision of this chapter for which no penalty is prescribed shall be subject to § 10.99.

(B) (1) Whoever creates or maintains any nuisance (hazardous structure or an unsafe dwelling) and who fails or refuses to abate the nuisance when so ordered, shall be subject to a fine of not more than \$200 or imprisonment for not more than 30 days, or both. A separate offense shall be deemed committed upon each day during or on which the violation occurs or continues beyond the date fixed by the Town Council for abatement of the nuisance.

(2) Any person who shall prevent or attempt to prevent the posting of any notice or who shall remain in use of a hazardous building or unsafe dwelling, or shall refuse to comply with any

Building Regulations; Construction

orders, or willfully delays or interferes or damages anything or persons engaged in performing work under §§ 150.45 *et seq.*, shall be guilty of a misdemeanor and on conviction shall be fined any sum not to exceed \$500 and each day that the violation continues shall be considered a separate offense.

Appendix A: Flood Plain Map of Spencer, Indiana

§ 151.01 STATUTORY AUTHORIZATION.

The Indiana Legislature granted the power to local units of government (I.C. 36-7-4) to control land use within their jurisdictions in order to accomplish the following herein. (Prior Code, Ch. 9, Art. VII, § 1) (Ord. 1987-2, passed 2-2-1987; Am. Ord. 1992-4, passed 6-15-1992)

§ 151.02 STATEMENT OF PURPOSE.

(A) The purpose of this chapter is to guide development in the flood hazard areas in order to reduce the potential for loss of life and property, reduce the potential for health and safety hazards, and to reduce the potential for extraordinary public expenditures for flood protection and relief under the authority granted to local units of government to control land use within their jurisdiction, which includes taking into account the effects of flooding.

(B) The Town Council hereby adopts the following flood plain management regulations in order to accomplish the following:

Flood Damage Prevention

- (1) To prevent unwise developments from increasing flood or drainage hazards to others;
- (2) To protect new buildings and major improvements to buildings from flood damage;
- (3) To protect human life and health from hazards of flooding;
- (4) To lessen the burden on the taxpayer for flood control projects, repairs to flood-damaged public facilities and utilities, and flood rescue and relief operations;
- (5) To maintain property values and a stable tax base by minimizing the potential for creating flood blighted areas; and
- (6) To make federally subsidized flood insurance available for property in the Town of Spencer, Indiana by fulfilling the requirements of the National Flood Insurance Program. (Prior Code, Ch. 9, Art. VII, § 2) (Ord. 1987-2, passed 2-2-1987; Am. Ord. 1992-6, passed 6-15-1992)

§ 151.03 DEFINITIONS.

For the purpose of this chapter, the following definitions shall apply unless the context indicates or requires a different meaning.

BUILDING. See ***STRUCTURE.***

DEVELOPMENT.

- (1) Any man-made change to improved or unimproved real estate including but not limited to:
 - (a) Construction, reconstruction, or placement of a building or any addition to a building;
 - (b) Installing a manufactured home on a site, preparing a site for a manufactured home or installing a travel trailer on a site for more than 180 days;
 - (c) Installing utilities, erection of walls and fences, construction of roads, or similar projects;
 - (d) Construction of flood control structures such as levees, dikes, channel improvements, and the like;
 - (e) Mining, dredging, filling, grading, excavation, or drilling operations;
 - (f) Construction and/or reconstruction of bridges or culverts;

Spencer - Land Usage

(g) Storage of materials; or

(h) Any other activity that might change the direction, height, or velocity of flood or surface waters.

(2) **DEVELOPMENT** does not include activities such as the maintenance of existing buildings and facilities such as paintings re-roofing; resurfacing roads; or gardening, plowing, and similar agricultural practices that do not involve filling, grading, excavation, or the construction of permanent buildings.

EXISTING MANUFACTURED HOME PARK OR SUBDIVISION. A manufactured home park or subdivision for which the construction of facilities for servicing the lots on which the manufactured homes are to be affixed (including, at a minimum, the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads) is completed before the effective date of the floodplain management regulations adopted by a community.

EXPANSION TO AN EXISTING MANUFACTURED HOME PARK OR SUBDIVISION. The preparation of additional sites by the construction of facilities for servicing the lots on which the manufactured homes are to be affixed (including the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads).

FHBM. Flood Hazard Boundary Map.

FIRM. Flood Insurance Rate Map.

FLOOD. A general and temporary condition of partial or complete inundation of normally dry land areas from the overflow, the unusual and rapid accumulations or the runoff of surface waters from any source.

FLOODPLAIN. The channel proper and the areas adjoining any wetland, lake or watercourse which have been or hereafter may be covered by the regulatory flood. The **FLOODPLAIN** includes both the floodway and the floodway fringe district.

FLOOD PROTECTION GRADE or the **FPG.** The elevation of the regulatory flood plus 2 feet at any given location in the SFHA.

FLOODWAY. The channel of a river or stream and those portions of the flood plains adjoining the channel which are reasonably required to efficiently carry and discharge the peak flood flow of the regulatory flood of any river or stream.

FLOODWAY FRINGE. Those portions of the flood hazard areas lying outside the floodway.

LOWEST FLOOR. The lowest of the following:

Flood Damage Prevention

- (1) The basement floor;
- (2) The garage floor, if the garage is the lowest level of the building;
- (3) The first floor of buildings elevated on pilings or constructed on a crawl space with permanent openings; or
- (4) The floor level of any enclosure below an elevated building where the walls of the enclosure provide any resistance to the flow of flood waters unless:
 - (a) The walls are designed to automatically equalize the hydrostatic flood forces on the walls by allowing for the entry and exit of flood waters, through providing a minimum of 2 openings (in addition to doorways and windows) having a total of 1 square foot for every 2 square feet of enclosed floor area subject to flooding. The bottom of all the openings shall be no higher than 1 foot above the enclosed area's floor.
 - (b) The enclosed space shall be useable for non-residential purposes and building access.

MANUFACTURED HOME. A structure, transportable in 1 or more sections, which is built on a permanent chassis and is designed for use with or without a permanent foundation when attached to the required utilities. The term **MANUFACTURED HOME** does not include a **RECREATIONAL VEHICLE**.

NEW MANUFACTURED HOME PARK OR SUBDIVISION. A manufactured home park or subdivision for which the construction of facilities for servicing the lots on which the manufactured homes are to be affixed (including at a minimum, the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads) is completed on or after the effective date of floodplain management regulations adopted by a community.

RECREATION VEHICLE. A vehicle which is:

- (1) Built on a single chassis;
- (2) Four hundred square feet or less when measured at the largest horizontal projections;
- (3) Designed to be self propelled or permanently towable by a light duty truck; and
- (4) Designed primarily not for use as a permanent dwelling, but as temporary living quarters for recreational camping, travel, or seasonal use.

REGULATORY FLOOD. The flood having a 1% probability of being equaled or exceeded in any given year, as calculated by a method and procedure which is acceptable to and approved by the Indiana Natural Resources Commission. The regulatory flood elevation at any location is as defined in § 151.05 of this chapter. The **REGULATORY FLOOD** is also known by the term

Spencer - Land Usage

BASE FLOOD.

SFHA or SPECIAL FLOOD HAZARD AREA. Those lands within the jurisdiction of the town that are subject to inundation by the regulatory flood. The SFHAs of the town are generally identified as such on the Flood Insurance Rate Map of the town prepared for Owen County by the Federal Emergency Management Agency and dated April 1, 1993. The SFHAs of those parts of unincorporated Owen County that are within the extraterritorial jurisdiction of the town or that may be annexed into the town are generally identified as such on the Flood Hazard Boundary Map prepared for Owen County by the Federal Emergency Management Agency and dated May 15, 1981. The Flood Insurance Rate Map prepared for Owen County by the Federal Emergency Management Agency and dated April 1, 1993.

STRUCTURE. A structure that is principally above ground and is enclosed by walls and a roof. The term includes a gas or liquid storage tank, a manufactured home, or a prefabricated building. The term also includes recreational vehicles and travel trailers to be installed on a site for more than 180 days.

SUBSTANTIAL IMPROVEMENT. Any reconstruction, rehabilitation, addition, or other improvement of a structure, the cost of which equals or exceeds 50% of the market value of the structure before the start of construction of the improvement. This term includes structures which have incurred substantial damage regardless of the actual repair work performed. The term does not include improvements of structures to correct existing violations of state or local health, sanitary, or safety code requirements of any alteration of a historic structure, provided that the alteration will not preclude the structures continued designation as a historic structure. (Prior Code, Ch. 9, Art. VII, § 3) (Ord. 1987-2, passed 2-2-1987; Am. Ord. 1992-4, passed 6-15-1992; Am. Ord. 2001-2, passed 11-5-2001)

§ 151.04 DUTIES OF THE ADMINISTRATOR.

The Zoning Administrator for the Town of Spencer is appointed to review all development and subdivision proposals to insure compliance with this chapter, including but not limited to the following duties:

(A) Ensure that all development activities within the SFHAs of the jurisdiction of the town meet the requirements of this chapter;

(B) Provide information and assistance to citizens upon request about permit procedures and floodplain construction techniques;

(C) Ensure that construction authorization has been granted by the Indiana Natural Resources Commission for all development projects subject to § 151.07 of this chapter, and maintain a record of the authorization (either copy of an actual permit or letter of recommendation);

(D) Maintain a record of the as-built elevation of the lowest floor (including basement) of all

Flood Damage Prevention

new and/or substantially improved buildings constructed in the SFHA;

(E) Maintain a record of the engineer's certificate and the as built flood proofed elevation of all buildings subject to § 151.08 of this chapter;

(F) Cooperate with state and federal floodplain management agencies to improve base flood and floodway data and to improve the administration of this chapter. Submit reports as required for the National Flood Insurance Program;

(G) Maintain for public inspection and furnish upon request regulatory flood data, SFHA maps, copies of DNR permits and letters of recommendation, federal permit documents, and as built elevation and flood proofing data for all buildings constructed subject to this chapter; and

(H) Notify adjacent communities and the State Coordinating Office prior to any alteration or relocation of a watercourse and submit copies of the notifications to FEMA.

(Prior Code, Ch. 9, Art. VII, § 4) (Ord. 1987-2, passed 2-2-1987; Am. Ord. 1992-4, passed 6-15-1992; Am. Ord. 2001-2, passed 11-5-2001)

§ 151.05 REGULATORY FLOOD ELEVATION.

This chapter's protection standard is the regulatory flood. The best available regulatory flood data is listed below. Whenever a party disagrees with the best available data, the party submitting the detailed engineering study needs to replace existing data with better data and submit it to the Department of Natural Resources for review and approval.

(A) The regulatory flood elevation for each of the SFHAs delineated as an A Zone on the Flood Insurance Rate Map of the town shall be according to the best data available as provided by the Department of Natural Resources.

(B) The regulatory flood elevation for the SFHAs of those parts of unincorporated Owen County that are within the extraterritorial jurisdiction of the town or that may be annexed into the town shall be according to the best data available as provided by the Department of Natural Resources.

(Prior Code, Ch. 9, Art. VII, § 5) (Ord. 1987-2, passed 2-2-1987; Am. Ord. 1992-4, passed 6-15-1992)

§ 151.06 IMPROVEMENT LOCATION PERMIT.

No person, firm, corporation, or governmental body not exempted by state law shall commence any **DEVELOPMENT** in the SFHA without first obtaining an improvement location permit from the Board of Zoning Appeals. The Board of Zoning Appeals shall not issue an improvement location permit if the proposed **DEVELOPMENT** does not meet the requirements of this chapter.

Spencer - Land Usage

(A) The application for an improvement location permit shall be accompanied by the following:

- (1) A description of the proposed development;
- (2) Location of the proposed development sufficient to accurately locate property and structure in relation to existing roads and streams;
- (3) A legal description of the property site;
- (4) A site development plan showing existing and proposed structure locations and existing and proposed land grades; and
- (5) Elevation of lowest floor (including basement) of all proposed structures. Elevation should be in National Geodetic Vertical Datum of 1929 (NGVD).

(B) Upon receipt of an application for an improvement location permit, the Building Official shall determine if the site is located within an identified floodway or within the floodplain where the limits of the floodway have not yet been determined.

(1) If the site is in an identified floodway, the Building Official shall require the applicant to forward the application, along with all pertinent plans and specifications, to the Department of Natural Resources and apply for a permit for construction in a floodway.

(a) Under the provisions of I.C. 14-28-1, a permit from the Natural Resources Commission is required prior to the issuance of a local building permit for any excavation, deposit, construction or obstruction activity located in the floodway. This includes land preparation activities such as filling grading, clearing, paving and the like, undertaken before the actual start of construction of the building. No action shall be taken by the Building Official until a permit has been issued by the Natural Resources Commission granting approval for construction in the floodway.

(b) Once a permit has been issued by the Natural Resources Commission, the Building Official may issue the local improvement location permit, provided the provisions contained in §§ 151.07 and 151.08 of this chapter have been met. The improvement location permit cannot be less restrictive than the permit issued by the Natural Resources Commission.

(2) If the site is located in an identified floodway fringe, then the Building Official may issue the local improvement location permit provided the provisions contained in §§ 151.07 and 151.08 of this chapter have been met. The key provision is that the lowest floor of any new or substantially improved structure shall be at or above the flood protection grade.

(3) If the site is in an identified floodplain where the limits of the floodway and floodway fringe have not yet been determined (shown as Zone A on the Flood Insurance Rate Map), and the drainage area upstream of the site is greater than 1 square mile, the Building Official shall require the applicant to forward the application, along with all pertinent plans and specifications,

Flood Damage Prevention

to the Department of Natural Resources for review and comment.

(a) No action shall be taken by the Building Official until either a permit for construction in the floodway or a letter of recommendation citing the 100 year flood elevation and the recommended flood protection grade has been received from the Department of Natural Resources.

(b) Once the Building Official has received the proper permit or letter of recommendation approving the proposed development, an improvement location permit may be issued provided the conditions of the ILP are not less restrictive than the conditions received from Natural Resources and the provisions contained in §§ 151.07 and 151.08 of this chapter have been met.

(4) (a) If the site is in an identified floodplain where the limits of the floodway and floodway fringe have not yet been determined and the drainage area upstream of the site is less than 1 square mile, the Zoning Administrator shall require the applicant to provide an engineering analysis showing the limits of the floodway fringe and the 100 year elevation for the site.

(b) Upon receipt, the Zoning Administrator may issue the local improvement location permit, provided the provisions contained in §§ 151.07 and 151.08 have been met.
(Prior Code, Ch. 9, Art. VII, § 6) (Ord. 1987-2, passed 2-2-1987; Am. Ord. 1992-4, passed 6-15-1992; Am. Ord. 2001-2, passed 11-5-2001)

§ 151.07 PREVENTING INCREASED DAMAGES.

No development in the SFHA shall create a damaging or potential damaging increase in flood heights or velocity or threat to public health and safety.

(A) Within the floodway identified on the Flood Boundary and Floodway Map or the Flood Insurance Rate Map, the following standards shall apply:

(1) No development shall be allowed which acting alone or in combination with existing or future similar works, will cause any increase in the elevation of the regulatory flood; and

(2) For all projects involving channel modifications or fill (including levees) the town shall submit a request to the Federal Emergency Management Agency to revise the regulatory flood data.

(B) Within all SFHAs identified as A Zones (no 100 year flood elevation and/or floodway/floodway fringe delineation has been provided) the following standard shall apply. The total cumulative effect of the proposed development, when combined with all other existing and anticipated development, will not increase the regulatory flood elevation more than 1/10 of 1 foot and will not increase flood damages or potential flood damages.

(C) Public health standards in all SFHAs:

Spencer - Land Usage

(1) No development in the SFHA shall include locating or storing chemicals, explosives, buoyant materials, flammable liquids, pollutants, or other hazardous or toxic materials below the flood protection grade, unless the materials are stored in a storage tank or flood proofed building constructed according to the requirements of § 151.08 of this chapter.

(2) New and replacement sanitary sewer lines and on-site waste disposal systems may be permitted providing all manholes or other above ground openings located below the FPG are watertight.

(Prior Code, Ch. 9, Art. VII, § 7) (Ord. 1987-2, passed 2-2-1987; Am. Ord. 1992-4, passed 6-15-1992)

§ 151.08 PROTECTING BUILDINGS.

In addition to the damage prevention requirements of § 151.07, all buildings to be located in the SFHA shall be protected from flood damage below the FPG.

(A) This building protection requirement applies to the following situations:

(1) Construction or placement made to any new building having a floor area of greater than 400 square feet;

(2) Structural alterations made to:

(a) An existing (previously unaltered) building, the costs of which equals or exceeds 50% of the value of the pre-altered building (excluding the value of the land); and

(b) Any previously altered building.

(3) Reconstruction or repairs made to damaged buildings that are valued at or more than 50% of the market value of the building (excluding the value of the land), before damage occurred;

(4) Installing a manufactured home on a new site or a new manufactured home on an existing site. This chapter does not apply to returning the existing manufactured home to the same site it lawfully occupied before it was removed to avoid flood damage; and

(5) Installing a travel trailer on a site for more than 180 days.

(B) This building protection requirement may be met by 1 of the following methods. The Building Official shall maintain a record of compliance with these building protection standards as required in § 151.04 of this chapter.

(1) A residential or nonresidential building maybe constructed on a permanent landfill in accordance with the following:

Flood Damage Prevention

(a) The fill shall be placed in layers no greater than 1 foot deep before compacting to 95% of the maximum density obtainable with the Standard Proctor Test method.

(b) The fill should extend at least 10 feet beyond the foundation of the building before sloping below the FPG.

(c) The fill shall be protected against erosion and scour during flooding by vegetative cover, riprap, or bulkheading. If vegetative cover is used, the slopes shall be no steeper than 3 horizontal to 1 vertical.

(d) The fill shall not adversely affect the flow of surface drainage from or onto neighboring properties.

(e) The lowest floor (see definition of **LOWEST FLOOR** in § 151.03) shall be at or above the FPG.

(2) A residential or nonresidential building may be elevated in accordance with the following:

(a) The building or improvements shall be elevated on posts, piers, columns, extended walls, or other types of similar foundation provided:

1. Outside a manufactured home park or subdivision;
2. In a new manufactured home park or subdivision;
3. In an expansion to an existing manufactured home park or subdivision; or

4. In an existing manufactured home park or subdivision on which a manufactured home has incurred substantial damage as a result of a flood.

(b) The manufactured home shall be elevated so that the lowest floor of the manufactured home chassis is supported by reinforced piers or other foundation elements that are no less than 36 inches in height above grade and be securely anchored to an adequately anchored foundation system to resist flotation, collapse, and lateral movement. This requirement applies to all manufactured homes to be placed on a site in an existing manufactured home park or subdivision that has not been substantially damaged by a flood.

(3) Recreation vehicles placed on a site shall either:

(a) Be on the site for less than 180 consecutive days;

(b) Be fully licensed and ready for highway use (defined as being on its wheels or jacking system, is attached to the site only by quick disconnect type utilities and security devices, and has no permanently attached additions); or

Spencer - Land Usage

(c) Meet the requirements for **MANUFACTURED HOMES** in division (B)(3) of this section.

(4) A non-residential building may be flood proofed to the FPG (in lieu of elevating) if done in accordance with the following:

(a) A registered professional engineer shall, certify that the building has been designed so that below the FPG, the structure and attendant utility facilities are watertight and capable of resisting the effects of the regulatory flood. The building design shall take into account flood velocities, duration, rate of rise, hydrostatic pressures, and impacts from debris or ice.

(b) Flood proofing measures shall be operable without human intervention and without an outside source of electricity.

(Prior Code, Ch. 9, Art. VII, § 8) (Ord. 1987-2, passed 2-2-1987; Am. Ord. 1992-4, passed 6-15-1992; Am. Ord. 2001-2, passed 11-5-2001)

§ 151.09 OTHER DEVELOPMENT REQUIREMENTS.

(A) The Plan Commission shall review all proposed subdivisions to determine whether the subdivision lies in a flood hazard area as defined elsewhere by ordinance. If the Plan Commission finds the subdivision to be so located, the Plan Commission shall forward plans and materials to the Indiana Department of Natural Resources for review and comment. The Plan Commission shall require appropriate changes and modifications in order to assure that:

(1) It is consistent with the need to minimize flood damages;

(2) All public utilities and facilities, such as sewer, gas, electrical, and water systems are located and constructed to minimize or eliminate flood damage;

(3) Adequate drainage is provided so as to reduce exposure to flood hazards; and

(4) Onsite waste disposal systems, if provided, will be so located and designed to avoid impairment of them or contamination from them during, the occurrence of the regulatory flood.

(B) Developers shall record the 100 year flood elevation on all subdivision plats containing lands identified elsewhere by ordinance as within a flood hazard area prior to submitting the plats for approval by the Plan Commission.

Flood Damage Prevention

(C) All owners of manufactured home parks or subdivisions located within the SFHA identified as Zone A on the community's FHMB or FIRM shall develop an evacuation plan for those lots located in Zone A and file it with the local Plan Commission and have it filed and approved by the appropriate community emergency management authorities.

(Prior Code, Ch. 9, Art. VII, § 9) (Ord. 1987-2, passed 2-2-1987; Am. Ord. 1992-4, passed 6-15-1992)

§ 151.10 VARIANCES.

(A) The Board of Zoning Appeals may consider issuing a variance to the terms and provisions of this chapter provided the applicant demonstrates that:

(1) There exists a good and sufficient cause for the requested variance;

(2) The strict application of the terms of this chapter will constitute an exceptional hardship to the applicant; and

(3) The granting of the requested variance will not increase flood heights, create additional threats to public safety, cause additional public expense, or create nuisances, cause fraud or victimization of the public, or conflict with existing laws or ordinances.

(B) The Board of Zoning Appeals may issue a variance to the terms and provisions of this chapter subject to the following standards and conditions:

(1) No variance or exception for a residential use within a floodway subject to § 151.07(A) or (B) may be granted.

(2) Any variance or exception granted in a floodway subject to § 151.07(A) or (B) will require a permit from Natural Resources.

(3) Variances or exceptions to the Building Protection Standards of § 151.08 may be granted only when a structure is to be located on a lot of ½ acre or less in size, contiguous to and surrounded by lots with existing structures constructed below the flood protection grade.

(4) Variance or exception may be granted for the reconstruction or restoration of any structure individually listed on the Register of Historic Places or the Indiana State Survey of Historic Architectural, Archaeological and Cultural Sites, Structures, Districts, and Objects.

(5) All variances shall give the minimum relief necessary and be such that the maximum practical flood protection will be given to the proposed construction.

(6) The Board of Zoning Appeals shall issue a written notice to the recipient of a variance or exception that the proposed construction will be subject to increased risks to life and property and could require payment of excessive flood insurance premiums.

(Prior Code, Ch. 9, Art. VII, § 10) (Ord. 1987-2, passed 2-2-1987; Am. Ord. 1992-4, passed 6-

§ 151.11 DISCLAIMER OF LIABILITY.

The degree of flood protection required by this chapter is considered reasonable for regulatory purposes and is based on available information derived from engineering and scientific methods of study. Larger floods can and will occur on rare occasions. Therefore, this chapter does not create any liability on the part of the community, natural resources, or the State of Indiana, for any flood damage that results from reliance on this chapter or any administrative decision made lawfully thereunder.

(Prior Code, Ch. 9, Art. VII, § 11) (Ord. 1987-2, passed 2-2-1987; Am. Ord. 1992-4, passed 6-15-1992)

§ 151.12 ABROGATION AND GREATER RESTRICTIONS.

This chapter repeals and replaces other ordinances adopted by the Town Council to fulfill the requirements of the National Flood Insurance Program. However, this chapter does not repeal the original resolution or ordinance adopted to achieve eligibility in the program. Nor does this chapter repeal, abrogate, or impair any existing easements, covenants, or deed restrictions. Where this chapter and other ordinance easements, covenants, or deed restrictions conflict or overlap, whichever imposes the more restrictive restrictions shall take precedence. In addition, the Town Council shall assure that all National Flood Insurance regulations (contained in 44 C.F.R. § 60.3) and State Floodplain Management regulations and laws (I.C. 14-28-3) are met. (Prior Code, Ch. 9, Art. VII, § 12) (Ord. 1987-2, passed 2-2-1987; Am. Ord. 1992-4, passed 6-15-1992)

§ 151.99 PENALTY.

(A) Failure to obtain an improvement location permit in the SFHA or failure to comply with the requirements of a permit or conditions of a variance shall be deemed to be a violation of this chapter. All violations shall be considered a common nuisance and be treated as such in accordance with the provisions of the zoning code for the Town of Spencer.

(B) A separate offense shall be deemed to occur for each day the violation continues to exist.

(C) The Spencer Advisory Planning Commission shall inform the owner that any violation is considered a willful act to increase flood damages and therefore may cause coverage by a Standard Flood Insurance Policy to be suspended.

(D) Nothing herein shall prevent the Town of Spencer from taking other lawful action to prevent or remedy any violations. All costs connected therewith shall accrue to the person or persons responsible.

GENERAL PROVISIONS

§ 152.001 PURPOSE.

(A) This chapter regulates the use of land and the location of buildings and structures to promote the health, safety, and general welfare of all citizens of the town; it provides for the most appropriate use of land and the conservation and stabilization of property values; it implements the Spencer Zoning Comprehensive (Master) Plan; and it provides penalties for violations of its provisions.

Zoning

(B) It also creates the Spencer Advisory Zoning Appeals Board, establishes how to file an appeal, provides to public hearings and defines how and when variances special uses, and exceptions may be granted.

(Prior Code, Ch. 9, Art. I) (Ord. 1987-2, passed 2-2-1987)

§ 152.002 APPLICABILITY.

(A) *Area of applicability.* Shall apply to all land use, buildings and structures for residential, commercial, industrial, and any other use in the town.

(B) *Interpretation of Zoning Ordinance.* Shall be read in terms that include any and all other ordinances of the town necessary to understand this chapter and attain its purposes. In addition, the provisions of this chapter shall be held to the minimum necessary for the promotion of public health, safety, and general welfare.

(C) *Conformance.* No building, structure, or land shall be used or occupied, or be erected, constructed, remodeled, or moved unless in conformance with the rules in this chapter for the Zoning District in which it is located or will be located.

(Prior Code, Ch. 9, Art. II) (Ord. 1987-2, passed 2-2-1987)

§ 152.003 DEFINITIONS.

For the purpose of this chapter, the following definitions shall apply unless the context indicates or requires a different meaning.

ACCESSORY BUILDING. A building or structure on the same lot (or on a contiguous lot owned by the same person) as a principal building. This accessory building is clearly an extra building, normally found and used in conjunction with the main or principal building.

BUILDING. Any structure built for the shelter or enclosure of persons, animals, property, or substances of any kind, excluding fences.

BUILDING, DETACHED. Any building or structure separated from another building on the same lot by at least 10 feet.

BUSINESS. An occupation, employment, or enterprise that occupies time, attention, labor, and materials; or where merchandise is sold or exhibited, or where services are offered.

COMMISSION. The Spencer Plan Commission.

Spencer - Land Usage

DWELLING: MULTI-UNIT. A building used by 2 or more households, living independently of each other in separate units; but does not include motels, hotels or resorts.

DWELLING: SINGLE-UNIT. A detached principal building, other than a mobile home, designed or used for a dwelling by only 1 household as an independent living unit.

DWELLING UNIT. Room, or rooms, connected together, kept or established for owner occupancy or for rent, and physically separate from other rooms in the same structure; with cooking; sanitary, living, and sleeping facilities.

FLOOD PLAIN. Any land area that adjoins the channel of a river, stream, lake, or other bodies of water that could be inundated by flood waters which can be reasonably expected in that area.

IMPROVEMENTS. Any work connected with servicing or furnishing facilities, such as grading, street building, curbs, gutters, driveway approaches, sidewalks, water lines, sewers, culverts, bridges, utilities, and other appropriate items.

MANUFACTURED HOME. As set forth in 42 U.S.C. §§ 5401 *et seq.* as it existed on January 1, 2007, a structure, transportable in 1 or more sections, which, in the traveling mode, is 8 body feet or more in width or 40 body feet or more in length, or, when erected on site, is 320 or more square feet, and which is built on a permanent chassis and designed to be used as a dwelling with or without a permanent foundation when connected to the required utilities and includes the plumbing, heating, air conditioning and electrical systems contained therein; except that the term shall include any structure which meets all the requirements of this section except the size requirements and with respect to which the manufacturer voluntarily files a certification required by the Secretary and complies with the standards established under this chapter; and except that the term shall not include any self-propelled recreational vehicle.

MASTER PLAN. A comprehensive plan for the development of the town and any amendments to the plan; prepared by the Spencer Plan Commission.

MOBILE HOME.

- (1) A dwelling, including the equipment sold as part of the dwelling that:
 - (a) Is factory assembled;
 - (b) Is transportable;
 - (c) Is intended for year-round occupancy;
 - (d) Is designed for transportation on its own chassis; and

Zoning

(e) Was manufactured before the effective date of the Federal Manufactured Housing Construction and Safety Standards law of 1974 (42 U.S.C. §§ 5401 *et seq.*)

(2) Provided that the term **MOBILE HOME** also shall not be defined so as to include travel trailers, campers, self-contained motor homes or camper buses.

NON-CONFORMING USE. Any legally existing use, within a building, or on a tract of land that does not conform to the use regulations of this chapter for the district it is located in, either on the effective date of the chapter or as a result of amendments made later.

OWNER. Any person or other legal entity having title or a proprietary interest in a property.

PLANNING AREA. The area of land within the corporate limits of the town.
(Prior Code, Ch. 9, Art. III) (Ord. 1987-2, passed 2-2-1987)

§ 152.004 CONFLICTS WITH OTHER PROVISIONS.

This chapter is not intended to change or alter any easement, covenant, restriction, or private agreement, except that if this chapter is more restrictive, this chapter shall prevail. If the provisions of an easement, covenant, restriction, or private agreement are more restrictive, the provisions shall remain in force.

(Prior Code, Ch. 9, Art. X) (Ord.1987-2, passed 2-2-1987)

§ 152.005 ENFORCEMENT.

(A) *Town Council President responsible.* It shall be the duty of the Town Council President to enforce this chapter, and any violations or non-compliance will be referred to the Town Attorney for legal action.

(B) *Permit issuance.* Any person who has the duty to issue permits shall obey the provisions of this chapter, and shall not issue permits for any building, use, or purpose in conflict with this chapter. Any permit inadvertently issued in conflict with this chapter shall be null and void.

MOBILE HOMES

§ 152.060 MOBILE HOME PARKS DEFINITION.

(A) For the purpose of this subchapter, the following definition shall apply unless the context indicates or requires a different meaning.

(B) A ***MOBILE HOME PARK*** shall be defined as an area of land on which there is located more than 1 mobile home for the purpose of being occupied with or without cost to the owner or occupant.

(Prior Code, Ch. 9, Art. VI, § 1) (Ord.1987-2, passed 2-2-1987)

§ 152.061 LOCATION CRITERIA.

(A) There shall be no more than 1 mobile home on any lot. The placement of the mobile home must comply with all set back ordinances of the Town of Spencer.

(B) Each mobile home, including any expanded portions, shall be at least 20 feet from every other mobile home in the park.

(C) Each mobile home shall be enclosed around the bottom with at least 1 access opening large enough to permit inspection of water and sewer connections. The enclosure material shall be of a non-combustible material, except that wood may be used for the framework of the enclosure.

(D) Each mobile home lot shall abut directly on a road, driveway, or parking lot. There shall be no dead-end streets for vehicle traffic in a mobile home park.

(E) Hard surface area of sufficient size shall be provided for each mobile home as a base for steps to the mobile home, and each mobile home shall have a hard-surface walk to connect the steps with a street, road, driveway or parking lot.

(F) There shall be a house number clearly visible on each mobile home that conforms to the United States Postal Service requirements.

(G) A mobile home cannot be, or remain occupied, if all utility services are not available or are not connected.

(Prior Code, Ch. 9, Art. VI, § 2) (Ord.1987-2, passed 2-2-1987; Am. Ord. 1997-12, passed 10-20-1997)

§ 152.111 NON-CONFORMING USE CESSATION.

(A) If for a continuous period of 6 months, a non-conforming use has ceased, or is removed and has not been replaced, the building or land shall be used only for a conforming use thereafter.

(B) Mobile homes located in R-2 Residential Districts are non-conforming usage. Upon removal of a mobile home from any lot, mobile home park, or other location in R-2, it shall not be replaced without the written approval of the BZA.

(Prior Code, Ch. 9, Art. IX, § 2) (Ord. 1987-2, passed 2-2-1987)

§ 152.112 ZONING DISTRICT CHANGES LIFE SERVICES.

If the boundaries of a Zoning District are changed and it transfers an area from one district to another district with a different zoning classification, the provisions of §§ 152.110 and 152.111 shall apply to non-conforming uses then existing in the new district.

(Prior Code, Ch. 9, Art. IX, § 3) (Ord. 1987-2, passed 2-2-1987)

OFF-STREET PARKING AND LOADING

§ 152.125 SCOPE.

In all Zoning Districts, off-street parking facilities for the storage and parking of self-propelled motor vehicles for the use of occupants, employees and patrons of the buildings hereafter erected, altered so as to require a building permit or extended after the effective date of this subchapter, shall be provided as herein prescribed. The space shall be maintained and shall not be encroached upon so long as the main building or structure remains, unless an equivalent number of the spaces are provided elsewhere in conformance with this subchapter. Any deviation from this subchapter may be granted by the Board of Zoning Appeals after the filing of a petition and notice and hearing. The Board of Zoning Appeals must enter specific findings prior to granting such a request finding the following herein.

(Prior Code, Ch. 24, § 24.1) (Ord. 1996-11, passed 11-4-1996)

§ 152.126 PARKING AREA.

For the purpose of this subchapter, the average parking area consisting of a parking space and adjacent maneuvering aisle space, shall be deemed to be 300 square feet.

(Prior Code, Ch. 24, § 24.2) (Ord. 1996-11, passed 11-4-1996)

Spencer - Land Usage

§ 152.127 PARKING SPACE.

Each parking space shall contain a minimum of 180 square feet, and shall have a direct means of ingress and egress from a public right-of-way.

(Prior Code, Ch. 24, § 24.3) (Ord. 1996-11, passed 11-4-1996)

§ 152.128 LOCATION OF PARKING.

The off-street parking required by this subchapter shall be provided in accordance with the following requirements:

(A) *One and 2 family dwellings.* The off-street parking facilities required for 1 and 2 family dwellings shall be located on the same lot or plot of ground as the building they are intended to serve. Parking is limited to the driveway only and 1 additional parking lane may be allowed with approval. Parking spaces may not be located in the front yard.

(B) *Multiple family dwellings.* The off-street parking facilities for multi-family dwellings shall be located on the same lot or plot of ground as the dwellings they are intended to serve, and shall consist of a parking lot as defined elsewhere in this subchapter. In no event shall any uncovered parking space in a multi-family district be located nearer than 10 feet to any main building. Parking spaces may not be located in the front yard except as provided in § 152.130 (C)(2) herein under.

(C) *Mobile home parks.* Off-street parking required may be located on each site or in parking lots conveniently located and readily accessible to each site. Each parking space must meet the minimum requirements. In no event shall any uncovered parking space in a mobile home park be located nearer than 10 feet to any main building.

(D) *Other land uses.* The off-street parking, other than that addressed under divisions (A) through (C) above required, may be located on each site or in parking lots conveniently located and readily accessible to each site. Each parking space must meet the minimum area requirements and meet any other engineering standards as deemed necessary by the Planning Commission.

§ 152.129 PARKING LOT REQUIREMENTS.

Zoning

All parking facilities, including driveways and maneuvering areas, required for uses mentioned in § 152.132 of this subchapter (except for single family dwellings with a driveway with a slope of 2% or less) shall be hard-surfaced with a pavement having an asphalt or concrete binder, shall be 2% or less) shall be hard-surfaced with a pavement having an asphalt or concrete binder, shall be graded and drained so as to dispose of surface water which might accumulate within or upon the area, and shall be completely constructed prior to a certificate of occupancy being issued. No additional surface water from the parking area shall be permitted to drain onto adjoining property unless a watershed easement has been obtained. The BZA may grant an extension for the placing of the hard surface for up to 1 year due to weather and settling. However, the petitioner must post an adequate bond or other assurances for this extension to be granted.

(Prior Code, Ch. 24, § 24.5) (Ord. 1996-11, passed 11-4-1996)

§ 152.130 PARKING LOT PLANS.

(A) The construction of any parking lot shall be in accordance with the requirements of this subchapter and the construction shall be completed and approved by the Building Commissioner before actual use of the property as a parking lot and before a certificate of occupancy is issued.

(B) Plans for the development of any parking lot must be submitted to the Building Commissioner, prepared at a scale of not less than 1 inch equals 50 feet and indicating existing and proposed grades, drainage, pipe sizes, parking of all dimensions, type of curbing, drive and aisle dimensions, lighting, adjacent main buildings, sidewalks, landscaping, surfacing and base materials to be used and the layout of the proposed parking lot. All parking lots exceeding 10% coverage of any lot shall require a building permit.

(C) The plans are to be prepared in a presentable form by person or persons competent in the work and shall reflect conformance with the following provisions:

(1) All illumination for or on all the parking lots shall be deflected away from adjacent residential areas and roadways and shall be installed in such a manner as to allow the reduction of the amount of light on other than normal parking hours each day. The source of illumination in all parking lots abutting a residential area shall not be more than 20 feet above the parking lot surface.

(2) The required front yard setback area in a multi-family residential area shall be maintained as a green area. In cases of difficult topography, the Building Commissioner may allow the parking lots to extend into the front setback area provided that the average of front setback areas totals at least 30 feet from any public street right-of-way in no case shall the parking lot be any closer than 10 feet to a public street right-of-way.

(3) When a parking lot or area for a non-residential use is situated in a parcel that adjoins a residential district or use, the respective side and rear yard setback in which the parking is located shall be a minimum of 45 feet of which 20 feet nearest the respective property line is developed as a greenbelt; extending from the front yard setback to the rear yard setback in the

Spencer - Land Usage

case of the side yard parking adjoining residential use, or the width of the rear of the lot in the case of rear yard parking adjoining the residential use.

(4) Adequate ingress and egress to the parking lot, by means of limited and clearly defined drive or drives, shall be provided for all vehicles.

(5) Wheel stops shall be provided and so located as to prevent any vehicle from projecting over the lot or setback lines.

(6) Plans for the layout of off-street parking facilities shall be in accordance with the following minimum regulations: The minimum parking space dimensions for a layout not provided for in the following regulations shall be 9 feet in width, 20 feet in length and 180 square feet in area.

(Prior Code, Ch. 24, § 24.6) (Ord. 1996-11, passed 11-4-1996)

§ 152.131 PARKING RESTRICTIONS.

Off-street and on-street parking of vehicles shall be further restricted by the following requirements: After the effective date of this subchapter, it shall be unlawful for the owner, tenant or lessee of any lot, parcel or tract of land in a Residential District or in the residential area of any other district, to permit or allow the open storage or parking, either day or night, thereon of trucks, semi trucks and trailers, mobile homes, tractors, bulldozers, earth carriers, drag lines, cranes, steam shovels and/or any other equipment or machinery. It is provided, however, that the owner, tenant or lessee of a farm may openly store the machinery and equipment used on his or her farm; and it is further provided that equipment necessary to be parked overnight on a lot, parcel or tract of land during construction work thereon shall be exempted from this restriction. Violations shall be subject to penalties of fines, imprisonment or both. This shall not apply to pickup or panel trucks.

§ 152.133 MISCELLANEOUS OFF-STREET PARKING PROVISIONS.

(A) (1) *Existing off-street parking at effective date of subchapter.* Off-street parking existing at the effective date of this subchapter which serves an existing building or use, shall not be reduced in size to less than that required under the terms of this subchapter. This section excludes metered parking areas.

(2) *Fractional requirements.* When units or measurements determining number of required parking spaces result in requirement of a fractional space, any fraction up to and including 1/2 may be disregarded and fractions over 1/2 shall required 1 parking space.

(3) *Other requirements.* Requirements for a use not mentioned shall be the same for that use which is most similar to the use not listed.

(4) *Additional parking.* Additional parking shall be provided and maintained in proper ratio to any increase in floor area or building use capacity.

(B) For the purposes of determining off-street parking and loading requirements, the following provisions shall apply:

(1) In mercantile establishments, usable floor area (UFA) shall mean the floor area used for service to the public. It shall not include floor area used for storage or the processing and packaging of merchandise where it is carried on in a room in which service to the public is not involved.

Spencer - Land Usage

(2) In hospitals, bassinets shall not be counted as beds.

(3) Where benches, pews or other similar seating facilities are used as seats, every 24 inches of the seating facilities shall be counted as 1 seat.

(4) In the case of mixed uses in the same building, the total requirements for off-street parking and loading shall be the sum of the requirements for the different individual uses computed separately. In the event that the uses are non-concurrent, the requirement shall be the greater of the individual, non-concurrent use requirements.

(5) Joint or collective provision of off-street parking for buildings or uses of 2 or more properties shall not be less than the sum of the requirements for the participating individual uses computed separately.

(Prior Code, Ch. 24, § 24.9) (Ord. 1996-11, passed 11-4-1996)

§ 152.134 OFF-STREET LOADING REQUIREMENTS.

(A) On the same premises with every building or part thereof erected and occupied for manufacturing, storage, warehouse, goods display, department store, wholesale, market, hotel, hospital, laundry, dry cleaning, or other similar use involving the receipt or distribution of vehicles, material or merchandise, there shall be provided and maintained on the lot adequate space for standing, loading or unloading services in order to avoid undue interference with street or parking areas.

(B) The loading and unloading space or spaces, unless completely and adequately provided for within a building, shall be a minimum area of 10 feet by 25 feet with 14 foot height clearance, and shall be provided according to the following schedule:

<i>Gross Floor Area In Square Feet</i>	<i>Loading And Unloading Spaces Required In Terms of Square Feet of Gross Floor Area</i>
0-2,000	None
2,000-20,000	1 space
20,000-100,000	1 space plus 1 space for each 20,000 square feet in excess of 20,000
100,000-500,000	5 spaces plus 1 space for each 40,000 square feet in excess of 100,000 square feet
Over 500,000	15 spaces plus 1 space for each 80,000 square feet in excess of 500,000 square feet

§ 152.999 PENALTY.

(A) *Violations are a common nuisance.* The erection, construction, enlargement, conversion, or moving of any building or structure; and the use of any land, premises, or building which is continued, operated, or maintained contrary to this chapter is a common nuisance and a violation of this chapter. The Town Attorney shall request injunction, abatement, or any appropriate action at his or her disposal to prevent, enjoin, abate, or remove violations.

(B) *Civil action against violators.* Civil suit against any violator of this chapter may be instituted by any property owner who may be especially damaged by violations of this chapter. The remedies provided for may be cumulative and in addition to any other remedies prescribed by law.

(Ch. 9, Art. XII) (Ord. 1987-2, passed 2-2-1987)

Spencer - Land Usage

(C) *Failure to comply.* In addition to any other remedy or penalty provided elsewhere in this chapter, any person or entity who violates or refuses compliance, or resists enforcement of this chapter may be fined up to \$1,000 by a court of competent jurisdiction.

(D) *Violations.* Any person or entity who violates this chapter who is not slated to appear in court may be subject to a fine of \$500. Alleged violators may pay to the Clerk-Treasurer the sum required within 7 days of the violation. If this fine is not paid within 7 days, suit shall be instituted for and on behalf of the town by the Town Attorney to collect the costs, including reasonable attorney fees incurred by the town for collection of the account.

GENERAL PROVISIONS

§ 153.001 GENERAL REQUIREMENTS.

(A) The standards set forth in these regulations control the development of land within the jurisdiction of the town.

(1) The purpose of these regulations is to insure provision of adequate light, air, open spaces, drainage, streets and public utilities.

(2) The aim is to develop and maintain a healthy, attractive and efficiently built environment that enhances the quality of life and sustains the natural environment.

(B) (1) The Town of Spencer Comprehensive Plan adopted by the town has a vision of quality development efficiently planned with amenities to increase investment value.

(2) The subdivision regulations must implement the quality development policies found in the Comprehensive Plan.

(C) (1) New residential growth must develop within the context of the existing neighborhoods.

(2) This will add value both within the neighborhoods and to the town's regional area as

Subdivision

well.

(D) (1) Zoning regulation must serve the general welfare of the entire community.

(2) Careful attention to process, public notice and record keeping is required.

(E) Technical as well as administrative early review of each case must be thorough and professional, with written minutes or reports submitted from each meeting.

(1) The idea is to take time on the front end of the process so that subdivision requirements are clear and the case is well prepared for each hearing.

(2) Adding certainty and efficiency, while gaining quality assurance, is the aim of this chapter.

(F) (1) Following state guidelines, the primary plat will be conducted as a public hearing.

(2) The secondary plat will be approved, subject to the petitioner strictly following the subdivision regulations and financially securing the cost of the infrastructure.

(G) Most smaller divisions of land will be approved at the same meeting for both primary and secondary plats.

(H) (1) As a subdivision is being built, a strict compliance with submitted plans and commitments will be mandated.

(2) A follow up by the Director of Planning Services will be required and a written report will be submitted to the Plan Commission every 6 months during the build out.

(Ord. passed - -, § 153.001)

§ 153.002 DEFINITIONS.

Except as otherwise defined in this chapter, the definitions and requirements set forth in the zoning ordinance shall apply throughout this chapter.

(Ord. passed - -, § 153.002)

Spencer - Land Usage

§ 153.003 GENERAL PROVISIONS.

(A) All parties who have a financial interest in the subdivision and subsequent development must be on record as agreeing with the submission provisions in the application to the Plan Commission.

(B) When it is clearly in the town's interest that a parcel should not be developed through further subdivision, the Planning Commission may reject a primary plat. Reasons for property not to be further developed include:

- (1) Property subject to flooding;
- (2) Property underlined by significant caverns and karsts features;
- (3) Property that has marketable dimension limestone;
- (4) Property with archeological significance;
- (5) Property with endangered species habitat; and/or
- (6) Property that has accumulated environmental waste.

(C) Subdivisions must comply with the Town of Spencer Comprehensive Plan.

(D) Subdivision streets must generally comply with the provisions of the Comprehensive Plan.

(E) Subdivision block length maximum is 800 feet.

- (1) Maximum cul-de-sac length is 600 feet.
- (2) Size of all cul-de-sacs will be a 40 foot radius.

(F) Subdivisions must provide utility and drainage easements on the perimeter of the property at not less than 20 feet wide.

(G) Provisions for lot width and depth are to be no more than a 4:1 ratio.

(H) (1) Provision of green space, trails, pathways, park features and playgrounds are required to meet the basic needs of each subdivision.

(2) Encouragement to add extra amenities and features that facilitate the walkability for residents may be established by the Planning Commission, and may be used to determine a density bonus of units within the subdivision.

Subdivision

(I) Clustering or grouping of structures to both save on infrastructure investment and design with nature around a sensitive natural feature may be given a waiver from the strict application of the zoning code, as long as the new subdivision plat:

(1) Conforms generally to the Comprehensive Plan; and

(2) Furthers economic investment quality, health, safety and welfare of the overall community.

(J) A buffering plan to lessen the impact of different land uses may be required.

(1) The buffer may include fences, earthen berms, evergreens and/or shade trees.

(2) The design will be determined on a case-by-case basis, depending on the specific site situation.

(K) Healthy trees over a 30 inch diameter may be required to be saved and marked for conservation on the submitted site plan.

(1) Native shade trees are mandated to be planted at an average of every 50 feet in the front yard of each lot.

(2) Where possible and with the Spencer Town Council written consent, additional trees may line the streets in plots between the sidewalk and the curb.

(L) Each surveyor must follow standard professional practice and leave permanent monuments at appropriate locations.

(M) Only large lot subdivisions, each averaging 3 acres per lot with no lot less than 2 acres, may apply for a waiver of street width.

(N) Waivers from strict application of the zoning code may be requested at the time of site plan review and prior to the approval of the primary plat.

(1) The waiver may be requested for hardship related to a unique physical characteristic of the land to be developed.

(2) If an innovative or creative site plan design is submitted, a waiver may be requested, provided there is substantive research or expert opinion to support the proposed innovation.
(Ord. passed - -, § 153.003)

APPLICATION FOR SUBDIVISION APPROVAL

§ 153.020 PRE-APPLICATION FOR SUBDIVISION APPROVAL.

(A) Prior to the filing of a formal application for approval of a preliminary plat, the petitioner shall submit to the Director of Planning Services the plans and data that outline generally the scope and intent of the proposed subdivision project.

(B) The pre-application plans and data shall include the following (a freehand sketch is acceptable):

(1) Present use and configuration of the land, including existing land uses, improvements, easements, rights-of-way, available utilities, contamination or other hazards of the land, covenants, restrictions, topography and drainage patterns.

(2) Proposed use and configuration of the land, including lot sizes, dedications of public land, dedication of rights-of-way and easements, street and utility layouts, regrading plans and drainage improvements.

(3) Proposed development name.
(Ord. passed - -, § 153.010)

§ 153.021 DIRECTOR OF PLANNING SERVICES PRELIMINARY REVIEW.

(A) The pre-application process is intended to be a reasonably informal review of the proposal.

(B) The Director of Planning Services and petitioner will jointly review the proposal for compliance with the requirements of the Comprehensive Plan, zoning and subdivision regulations.

(C) The petitioner shall deliver the plan to the respective utility organizations and the town's utility for their review and comment.

(D) The Director of Planning Services will make recommendations to the petitioner concerning changes to the plan and the filing of a formal application for preliminary plat review by the Plan Commission.
(Ord. passed - -, § 153.011)

§ 153.022 FORMAL APPLICATION.

(A) A written application for preliminary plat approval shall be filed by the petitioner with the Director of Planning Services.

Subdivision

(B) The application shall be complete and shall include a copy of the proposed subdivision plan and preliminary plat.

(C) The petitioner is responsible for completing, mailing and filing notifications and legal advertisements in accordance with § 153.044.
(Ord. passed - -, § 153.012)

§ 153.023 FILING FEE.

(A) The filing fee and the costs and fees associated with the public hearing shall be as required under § 152.317, and shall be paid by the petitioner.

(B) The filing fee shall be paid prior to scheduling a date for the public hearing.
(Ord. passed - -, § 153.013)

§ 153.024 DIRECTOR OF PLANNING SERVICES FORMAL REVIEW.

(A) After receiving the formal application, the Director of Planning Services shall, within 30 days, review the proposal and make a determination concerning its conformance with the standards under this chapter.

(B) The result of the review shall be one of the following.

(1) If the Director of Planning Services determination is that the proposal does not conform to these regulations, then the application shall be returned to the petitioner for modification.

(a) However, with the concurrence of the Director of Planning Services, the petitioner may proceed with the application together with a request for any waiver by the Plan Commission; and

(b) The Director shall set a date for a public hearing within 30 days of the decision.

(2) If the Director of Planning Services determines that the proposal is in conformance with these regulations, then the Director shall set a date for a public hearing within 30 days of making the determination.
(Ord. passed - -, § 153.014)

PRELIMINARY PLAT AND PRIMARY APPROVAL

§ 153.040 PRELIMINARY PLAT APPROVAL.

(A) The Director of Planning Services shall consider the preliminary plat at a public hearing pursuant to I.C. 36-7-4-706.

(B) At the hearing, the Plan Commission may:

(1) Grant primary approval of the plat as presented;

(2) Grant primary approval of the plat contingent on changes or revisions deemed necessary and in the interests and needs of the community;

(3) Disapprove the plat;

(4) Continue the hearing to another specified date and time; or

(5) Table the request.

(C) The Plan Commission's primary approval shall constitute authorization to proceed with construction of the required improvements, and shall precede secondary approval of the plat.

(1) Primary approval shall not qualify a plat for recording with the County Recorder.

(2) Lots may not convey title until the final secondary plat is approved and signed
(Ord. passed - -, § 153.020)

§ 153.041 NOTIFICATION OF DECISION.

(A) The Director of Planning Services shall notify the petitioner of the Plan Commission's decision within 30 days.

(B) If the preliminary plat was disapproved, the notification shall include a copy of the plat with appropriate notations setting forth the reason(s) for disapproval, and specifying with particularity the aspects in which the proposed plat fails to conform to the requirements of this chapter.

(Ord. passed - -, § 153.021)

Subdivision

§ 153.042 EFFECTIVE TERM OF PRIMARY APPROVAL.

(A) Primary approval shall be effective for a maximum period of 18 months, except that, upon application by the petitioner, the Plan Commission may grant an additional 12 month extension.

(B) Once extensions have been exhausted the process must start over.
(Ord. passed - -, § 153.022)

§ 153.043 PRELIMINARY PLAT REQUIRED FORMAT.

(A) Two copies of the plat, Development Plan and supplementary data sheets shall be delivered to the Zoning Administrator for referral to the Plan Commission.

(B) (1) Paper copies of the plat and Development Plan are acceptable for primary approval.

(2) As a guide, the final plat should be submitted on 20 inch wide by 18 inch high Mylar (or equivalent).

(C) (1) The preferred scale is 100 feet to 1 inch.

(2) Other scales will be considered where the preferred scale compromises legibility.
(Ord. passed - -, § 153.023)

§ 153.044 PRELIMINARY PLAT REQUIRED INFORMATION.

The preliminary plat shall contain the following information.

(A) Name of the subdivision at the top of the plat.

(B) Scale of plat and north point.

(C) Boundary drawing as follows, based on accurate traverse:

(1) Showing angular and lineal dimensions, radii, internal angles, central angles, points of curvature and tangency, lengths of tangents and lengths of arcs;

(2) Showing true courses and distances to the nearest official monuments that shall accurately describe the location of the plat;

(3) Showing township section lines accurately tied to the lines of the subdivision by distances and courses; and

Spencer - Land Usage

(4) Showing municipal corporation lines within and adjacent to the tract.

(D) Boundary description by section, township and range, together with the legal description.

(E) Exact location, dimensions and names, as applicable, of the following.

(1) Existing and proposed rights-of-way, public ways and easements, labeled Public Right-of-Way, Public Way, Public Utility Easement, Public Drainage Easement or Public Utility and Drainage Easement, as appropriate.

(2) All existing or proposed streets within and adjacent to the tract, with existing and proposed names.

(a) Names of proposed streets shall, where possible, conform to the names of corresponding streets that abut and are to be extended into the subdivision.

(b) Except for the extensions, no proposed name shall duplicate that of any other street in the town.

(c) Street names for streets within the town are subject to the approval of the Town Council.

(3) Proposed parks and other open public spaces, and parcels of land to be dedicated or temporarily reserved for public use or set aside for use of the property owners in the subdivision.

(4) Permanent buildings or structures.

(5) In the case of a re-plat, all the descriptive lines of the original plat being vacated shall be shown by dotted lines in their proper position in relation to the new arrangement of the plat, the new plat being clearly shown in solid lines so as to avoid ambiguity or confusion.

(6) Contours of the land as follows.

(a) Where slopes are less than 20%, show vertical intervals of 1 foot.

(b) Where slopes exceed 20%, show vertical intervals of 5 feet.

(7) Where lands are identified as flood hazard areas, show:

(a) The elevation of the regulatory flood; and

(b) The area subject to inundation by the regulatory flood.

(8) Layout and numbering of lots.

Subdivision

(9) Dimensions on all lots, including lines, arcs, curves and easements.

(10) Building setback lines with dimensions.

(F) The private restrictive covenants, if desired, for the plat.

(G) A notation shall be included stating that none of the terms of the plat, except the private restrictive covenants, shall be changed without the approval of the Plan Commission.

(H) The following certifications, names and signatures, in the order shown:

(1) Property owner(s) names and signatures, with the acknowledgment of a notary public.

(2) Petitioner(s) names and signatures, with the acknowledgment of a notary public, if other than the property owner(s).

(3) Signature, registration number and seal of the registered professional land surveyor preparing the plat.

(4) Certification of the President and Secretary of the Plan Commission.

(5) Certification of the Town Council President and the Clerk-Treasurer.
(Ord. passed - -, § 153.024)

FINAL PLAT AND SECONDARY APPROVAL

§ 153.060 SECONDARY APPROVAL.

(A) After primary approval of the plat by the Director of Planning Services, the petitioner shall proceed to install the improvements required by the primary approval.

(B) When the required improvements have been installed and otherwise completed, inspected and accepted by the appropriate utilities and all terms and conditions of the primary approval have been satisfied, the plat or an approved phase thereof, may be granted secondary approval.

(1) No notice or hearing is required for secondary approval.

(2) The Planning and Zoning Administrator, under the authority given by the Plan Commission, has the authority to grant secondary approval, as long as the proposed plat submitted for secondary approval is substantially in compliance with the preliminary plat approved by the Plan Commission.

(3) Secondary approval for minor subdivisions may be requested at the primary approval hearing.

(C) A plat may not be filed and recorded with the County Auditor unless the Plan Commission has granted secondary approval.
(Ord. passed - -, § 153.030)

§ 153.061 RECORDING OF APPROVED PLAT.

(A) Within 60 days after the secondary approval of a plat or a phase thereof, the petitioner shall have a fully-signed original of the plat recorded with the County Recorder, and shall deliver 1 copy of the recorded plat to the following agencies:

- (1) The town; and
- (2) The County Auditor.

(B) The petitioner shall be responsible for payment of all fees required for recording and copying of the plat.
(Ord. passed - -, § 153.031)

§ 153.062 FAILURE TO RECORD PLAT.

If the final plat is not filed and recorded within 60 days following secondary approval, it shall have no validity and shall not be recorded except by re-certification and re-approval of the Plan Commission.
(Ord. passed - -, § 153.032)

§ 153.063 PHASING OF CONSTRUCTION.

(A) Where it is in the interest of the petitioner to complete construction of the improvements required by the primary approval in phases rather than at once, the petitioner shall so state in writing to the Plan Commission, and deliver the request, together with maps and drawings showing the intended phasing of the project.

(B) The Plan Commission may, at its option, provide secondary approval to each phase as it is built, provided that at no time shall the phasing plan produce an unsafe condition or utility layout that is not in compliance with the requirements of Indiana law or this code.
(Ord. passed - -, § 153.033)

Subdivision

§ 153.064 SECONDARY APPROVAL PRIOR TO COMPLETION OF IMPROVEMENTS.

(A) Pursuant to I.C. 36-7-4-709, the Plan Commission may grant secondary approval of a plat prior to completion of the improvements required under the primary approval, provided that the petitioner files 1 or more security instruments with the Clerk-Treasurer, which shall be in an amount determined by the Director of Planning Services and approved by the Plan Commission, as sufficient to complete the required improvements and installations.

(B) Acceptable security instruments include:

(1) A subdivision or performance bond;

(2) A cash bond held in an escrow account;

(3) A certificate of deposit held in the joint names of the petitioner and the town, or assigned to the town;

(4) An irrevocable letter of credit issued to the town, with terms acceptable to the Town Council;

(5) A bond secured with real estate in which the petitioner has marketable fee simple title.

(C) The security instrument that is accepted shall name or run to the Town Council for the estimated time of completion of the improvements, and shall include terms and conditions acceptable to the Board of Public Works and Safety, to ensure that the improvements shall be completed within the allotted time.

(D) Any terms providing for reductions in the face amount of an instrument during the course of installation of improvements shall include a requirement that the Town Council approve any and all reductions.

(Ord. passed - -, § 153.034)

§ 153.065 DETERMINATION OF COMPLIANCE WITH PRIMARY APPROVAL.

(A) The Director of Planning Services shall assist the Plan Commission in determining compliance with the requirements of the primary approval.

(B) In so assisting, the Director of Planning Services shall require a finding by all interested utilities or the County Commissioners, as appropriate, that all required public infrastructure has been installed in accordance with the primary approval.

(Ord. passed - -, § 153.035)

Spencer - Land Usage

§ 153.066 EVIDENCE OF COMPLIANCE WITH PRIMARY APPROVAL.

(A) Satisfactory evidence that the improvements and installations required under a primary approval have been completed and are in accordance with the requirements of this chapter shall include, but not be limited to, all of the following:

(1) Submission of satisfactory test results for all systems that require testing to meet design, local, state and/or federal requirements;

(2) Submission of letters from all private utility agencies and organizations, and/or the town's utilities, stating that the installation of public utility lines and public works has been accomplished in full compliance with the plans and specifications of the preliminary plat and are, therefore, accepted for maintenance; and

(3) The petitioner's submission to the Director of Planning Services of a signed statement that:

(a) The petitioner has performed a review and inspection of the required improvements;

(b) The petitioner has compared those improvements to the requirements of the preliminary plat approval; and

(c) All requirements under the preliminary plat approval have been satisfactorily completed.

(B) With the approval of the Town Council, the Director of Planning Services shall make a final determination concerning the acceptability of each piece of evidence as proof of satisfactory completion of the requirements of the primary approval.
(Ord. passed - -, § 153.036)

§ 153.067 FINAL PLAT REQUIRED FORMAT.

(A) The petitioner shall submit 4 Mylar (or equivalent) tracings of the proposed final plat for original signatures.

(B) The proposed final plat shall be formatted as follows:

(1) As a guideline only, sheets should measure 20 inches in width and 18 inches in height;

(2) Where the plat has been prepared using CAD software, a copy of the plat shall be delivered to the Plan Commission on computer disk; and

(3) Scale shall be the same as that of the preliminary plat.

Subdivision

(Ord. passed - -, § 153.037)

§ 153.068 FINAL PLAT REQUIRED INFORMATION.

The information required for the preliminary plat shall also be provided on the final plat, together with any changes or additions required by the Plan Commission as conditions of primary approval.

(Ord. passed - -, § 153.038)

DEVELOPMENT PLAN

§ 153.085 APPLICABILITY.

Except as noted, the following standards apply to all Development Plans and subdivisions of land.

(Ord. passed - -, § 153.045)

§ 153.086 DEVELOPMENT STANDARDS.

In addition to the requirements under this chapter, each Development Plan for subdivision approval shall contain the requirements under Chapter 152.

(Ord. passed - -, § 153.046)

§ 153.087 SUBDIVISION AND DEVELOPMENT PLANS REQUIRED.

(A) Subdivision of land is permitted in all zoning districts within the planning and zoning jurisdiction of the town.

(B) Subdivision and Development Plans, and subdivision plats, shall be required for all subdivisions of land, except exempt subdivisions of land, in all zoning districts within the planning and zoning jurisdiction of the town.

(Ord. passed - -, § 153.047)

§ 153.088 CERTIFICATION OF DESIGN.

The design of the preliminary plat and secondary or final plat for a subdivision and each Development Plan, shall be certified by a registered professional land surveyor or engineer licensed by the State of Indiana.

(Ord. passed - -, § 153.048)

Spencer - Land Usage

§ 153.089 DEVELOPMENT AND SUBDIVISION PLAN APPROVAL.

(A) The Plan Commission shall approve the Development Plan and site plan for a subdivision of land that requires its approval.

(B) It is hereby required that no plat or subdivision of any lot, or any part thereof, within the town's territorial jurisdiction shall be entitled to be recorded in the county or have any validity until it has been approved in accordance with the criteria of this code.

(Ord. passed - -, § 153.049)

§ 153.090 EXEMPT SUBDIVISIONS OF LAND.

The following subdivisions of land shall be exempt from the requirements of this chapter:

(A) The division of a lot into more than 1 lot as a part of the settlement of an estate by a court of law.

(B) A division of land for a unit of government to acquire or improve a right-of-way.

(C) An adjustment of lot lines between existing adjoining lots that shall not reduce the area, frontage, width, depth or building setback lines on each lot below the minimum standards in this code, and does not change the number of lots.

(D) A division of land into cemetery plots for public or private burial.

(Ord. passed - -, § 153.050)

§ 153.091 DEVELOPMENT PLAN STANDARDS.

(A) Each Development Plan and site plan shall incorporate improvements that conform to the standards under the zoning ordinance and this chapter.

(B) Except where noted, these requirements are minimum requirements.

(C) Where necessary to accommodate the particular needs of the Development Plan and site plan under review, or the particular needs of the community outside of the proposed development that will be impacted by the development, the Plan Commission may include higher standards and greater requirements.

(Ord. passed - -, § 153.051)

Subdivision

§ 153.092 COMPLIANCE WITH COMPREHENSIVE PLAN, SUBDIVISION AND ZONING ORDINANCES.

(A) Before plan approval shall be granted, the Plan Commission shall determine if the Development Plan and site plan complies with the provisions of the Comprehensive Plan, the subdivision and zoning ordinances.

(B) In making its determination, the Plan Commission shall review the Development Plan for, but not limited to, the following.

(1) Compatibility of the Development Plan with surrounding land uses.

(2) Compatibility of the Development Plan with the recommendations of the Comprehensive Plan.

(3) Adequate provisions for internal management of traffic.

(4) Analysis of the capacity of adjacent streets to ensure that they can safely and efficiently accommodate the additional traffic generated by the development.

(5) Adequate provisions for public facilities and infrastructure, and provisions for the extension of infrastructure to adjacent developable properties.

(6) Provisions for the allocation of land for streets, parks, schools, public and semi-public buildings, homes, businesses and industry, as appropriate.

(7) Adequate on-site management of stormwater and erosion control.

(8) Adequate preservation of healthy trees over 30 inches in diameter, and conservation of sensitive and/or unique natural environments, such as view sheds, creeks, wetlands and karsts landscapes.

(C) However, compliance with these provisions shall not exclude other provisions of the Comprehensive Plan or other conditions favorable to health, safety and convenience, and the harmonious development of the territorial jurisdiction of the town.

(Ord. passed - -, § 153.052)

Spencer - Land Usage

§ 153.093 CONDITIONS OF THE LAND.

(A) No land shall be developed if the land:

(1) Is considered by the Plan Commission as unsuitable for the development by reason of flooding, improper drainage or any topographic feature deemed harmful to the health and safety of the community; or

(2) Shall qualify for environmental review by any environmental condition of the land, which has not been reviewed and/or remediated in accordance with federal and state laws.

(B) Due consideration shall be given by the petitioner to the prevention of air and stream pollution, preservation of trees and unique sensitive habitat, and the proper treatment and disposal of waste and refuse.

(Ord. passed - -, § 153.053)

§ 153.094 PUBLIC SITES.

(A) Whenever the reasonable requirements provided by these regulations shall indicate the necessity for providing for a school site, park or other recreational site, or other public lands within any proposed development, and if the lands have not been dedicated to the city, county, local board of education or other appropriate public agency, and if no provision has been made for the dedication, then the lands shall be reserved for acquisition, by purchase or other means, by the appropriate agency having jurisdiction over the land for a period of not less than 4 years.

(B) If the 4 years has expired without acquisition procedures having begun, the owners of the lands shall have the right to develop the lands in any other manner consistent with these regulations.

(Ord. passed - -, § 153.054)

§ 153.095 ESTIMATE OF COST OF CONSTRUCTION.

The petitioner shall employ a registered professional land surveyor or engineer to make an estimate of the probable expenditures necessary to enable the petitioner to build the required improvements in conformance with the standards established in this code and the town.

(Ord. passed - -, § 153.055)

§ 153.096 WAIVER AND MODIFICATION OF DEVELOPMENT PLAN.

Subdivision

(A) Where evidence may support a petitioner's challenge to these regulations, in that extraordinary hardship or practical difficulty may result from strict compliance with these regulations, and/or that the purpose of these regulations may be served to a greater extent by an alternative proposal, innovative concept plan or cluster development, the proposed plan shall be referred to the Plan Commission.

(B) The Plan Commission may grant a waiver to these development regulations so that substantial justice may be done and the public interest secured; provided that:

(1) The waiver shall not have the effect of nullifying the intent and purpose of these regulations; and

(2) The Plan Commission shall not grant a waiver unless it shall make findings in writing based upon the evidence presented to it in each specific case that the following criteria have been affirmatively determined:

(a) If granted, the waiver will not be detrimental to public safety, health or welfare or injurious to other property;

(b) Except for innovative design concept, the conditions upon which the request for a waiver is based on the uniqueness of the property for which waiver is sought, and are not applicable generally to other property;

(c) Due to the peculiar physical surroundings, shape or topographical conditions of the specific property involved, a particular hardship to the owner would result, as distinguished from mere inconvenience, if the strict letter of these regulations is carried out:

1. Financial hardship shall not constitute grounds for a waiver.

2. However, innovative design concept and/or clustering of structures to minimize infrastructure costs and design around natural features may be considered for a waiver to the strict application of the subdivision code.

(d) The waiver shall comply substantially with the provisions of the Comprehensive Plan.

(C) A petition for waiver shall be submitted in writing by the petitioner prior to the Plan Commission's hearing for approval of the preliminary plat.

(1) The petition shall state fully the reasons for the application and the facts relied upon by the petitioner.

(2) Where the waiver has an impact on design and construction of public facilities, all appropriate public agencies shall be given ample time to investigate the petition and comment in writing to the Plan Commission.

Spencer - Land Usage

(3) In approving waivers, the Plan Commission may require the conditions as will, in its judgment, substantially secure the objectives of the subdivision regulations.

(4) Where the waiver requested involves innovative design concept or clustering of structures, additional drawings, site plan attachments, support documentation and/or qualified opinions may be required.

(Ord. passed - -, § 153.056)

§ 153.097 APPEALS TO THE PLAN COMMISSION.

(A) Any person aggrieved by a decision of the Plan Commission concerning any official action on an application for subdivision approval may appeal to the Plan Commission in writing for modification of their decision in accordance with I.C. 36-7-4708.

(B) Where a decision by the Plan Commission was made at a public hearing and that decision is under appeal, a public hearing shall again be required in order to hear the appeal of that decision.

(Ord. passed - -, § 153.057)

§ 153.098 SURVEY MONUMENTS.

(A) For any subdivision of land, permanent survey monuments shall be set:

(1) At the corners and other points of angular change in the perimeter of the subdivision;

(2) At all intersections of lot lines with other lines; and

(3) At points of angular change in lot lines.

(B) Monuments shall be 5/8 inch diameter by 30 inch long steel bars, each with the surveyor's registration number on its cap.

(C) Monuments shall extend not more than 1 inch above nor more than 3 inches below the finished grade of the land.

(Ord. passed - -, § 153.058)

§ 153.099 BLOCKS.

(A) Blocks shall not exceed 800 feet in length, as measured between the right-of-way lines of the cross streets, or from the right-of-way line of the cross street and the rearmost property line of the lot at the end of a cul-de-sac or dead-end street.

Subdivision

(B) Cul-de-sacs may not be any longer than 600 feet, and shall end at a 80 foot diameter circle drive for fire truck turnaround space.

(Ord. passed - -, § 153.059)

§ 153.100 LOTS AND STREETS.

(A) All lots shall be arranged so that each building or structure to be placed thereon shall have adequate space for light, air and fire protection.

(B) Each building shall be so sited as to provide convenient access to streets and parking facilities.

(C) The following specifications shall apply to all lots.

(1) *Rights-of-way and streets.*

(a) Every lot shall abut an improved street in a dedicated public right-of-way.

(b) No double-fronted lots where homes abut 2 parallel streets are allowed.

(2) *Building setbacks.*

(a) Minimum building setback lines shall be established on all lots.

(b) Minimum building setback lines shall be appropriate for the location of the subdivision, for the type of development and the use contemplated.

(c) Provided, however, that they shall be not less than the standards established in the zoning ordinance for the zoning district in which the lot is located.

(3) *Area and frontage.*

(a) The area, minimum frontage, depth and width requirements shall be not less than the standards established in the zoning ordinance.

(b) Waivers may be possible for innovative design concepts or cluster design.

(4) *Lot line design.* Side lot lines at right-angles to street lines are preferred, except for curve or cul-de-sac locations.

(D) Minimum right-of-way, street and alley construction standards are in the subchapter on streets and rights-of-way, §§ 153.120 through 153.136.

(Ord. passed - -, § 153.060)

§ 153.101 ALLEYS.

Spencer - Land Usage

(A) Alleys are generally not recommended and may be considered for innovative, "New Urbanism" designs only.

(B) The waiver process may be followed at the developer's request.
(Ord. passed - -, § 153.061)

§ 153.102 UTILITY EASEMENTS.

(A) *Use of stormwater easements prohibited.* The public utility easement shall not be used as surface stormwater easements, and access to utility easements for utility installation or service shall not be via surface stormwater easements.

(B) *Standards.* Dedicated public utility easements shall be provided in accordance with the following standards.

(1) *Rear lot lines.*

(a) Where a dedicated public alley is not provided along the rear of each lot, each lot shall have a public utility easement of not less than 20 feet in width located along the entire width of the rear lot line.

(b) Where so located along lot lines within the subdivision, 1/2 of the easement shall be taken from the rear of each lot.

(2) *Side lot lines.* Public utility easements shall be dedicated along interior side lot lines, as required by the conditions of the installation of services and as determined by the providers thereof.

(3) *Front lot lines.* In addition to the right-of-way dedication, public utility easements may be required as a condition of approval of a subdivision of land to facilitate the installation of services where the services cannot be provided except under the paved portion of a street.
(Ord. passed - -, § 153.062)

STREETS AND RIGHTS-OF-WAY

§ 153.120 APPLICABILITY.

The street development standards in this subchapter apply to all streets within the towns planning jurisdiction.
(Ord. passed - -, § 153.070)

Subdivision

§ 153.121 GENERAL DESIGN CONSIDERATIONS.

(A) Street layout and construction shall take into account the relationship of the proposed streets to:

- (1) Existing and planned streets;
- (2) Adjacent developments;
- (3) Topographical conditions;
- (4) Public convenience and safety; and
- (5) The proposed uses of the land to be served by the streets.

(B) Where a new street is located in a dedicated public right-of-way and complies with the design and construction requirements for inclusion in the maintenance program of the town or county, as appropriate, the petitioner shall dedicate the street to the town or county as public improvements after construction and acceptance by the town or county.

(Ord. passed - -, § 153.071)

§ 153.122 STREET DESIGN STANDARDS.

(A) The petitioner shall design and provide the proposed development with paved streets in dedicated public rights-of-way in accordance with this code's design criteria.

(B) Plans, profiles and cross sections for paved streets shall be prepared by a registered professional engineer or land surveyor and approved by the Town Council.

(C) Where any design standards are not specified herein, the design standards of the Indiana Department of Transportation's 1995 Standard Specifications, as amended, shall be used.

(Ord. passed - -, § 153.072)

§ 153.123 SIGHT DISTANCE.

At the intersection of any street, alley or driveway with a street, the minimum distance that an observer sitting in an automobile at the intersection shall be able to see a vehicle approaching from any direction on a through street crossing the intersection shall be not less than the distance shown below corresponding to the posted speed limit:

Spencer - Land Usage

<i>Mph</i>	<i>Feet</i>
20	177
25	217
30	267
35	328

(Ord. passed - -, § 153.073)

§ 153.124 EXTENSION OF STREETS.

In order to provide for future development of adjacent land, and as required by the Plan Commission, the following shall apply.

(A) *Proposed streets.* Proposed streets shall be extended to the boundary line of an adjacent tract, and terminated without a turnaround.

(B) *Extension of streets.* Where an existing street terminates at the boundary line of a proposed subdivision, either the street shall be continued in the street pattern of the proposed subdivision, or a turnaround shall be provided in the proposed subdivision in accordance with the requirements for cul-de-sacs.

(C) *Cul-de-sacs.* Except for streets approved for future extension into adjacent developable territory, the closed end of a dead-end street shall be provided with a cul-de-sac for vehicle turnaround with an 80 foot radius.

(D) *Connectivity.*

(1) Except for subdivisions of 10 lots or less, a connecting through street to channel traffic easily from 1 subdivision to another is required.

(2) Loop roads may be used if the through street is blocked by a topographical constraint.

(E) *Access.*

Subdivision

(1) Subdivisions over 10 lots must provide 2 access ways in and out of the subdivision for emergency vehicles.

(2) Loop roads may loop back to 1 main entrance if the loop effectively gives access in 2 directions.

(Ord. passed - -, § 153.074)

§ 153.125 INTERSECTIONS.

Proposed intersections shall comply with the following design criteria:

(A) *Cross streets.*

(1) The extension of a proposed street into the development in alignment with an existing street at an intersection shall be preferred.

(2) Where a proposed intersection cannot match the centerline alignment of an existing street at the intersection, the intersection shall be offset by not less than 125 feet.

(B) *Driveways.* Driveways shall have the following minimum separation distances:

(1) Not closer than 25 feet to the intersection of any streets or alleys;

(2) Not closer than 4 feet to any other curb opening; and

(3) Not closer than 2 feet to a property line.

(C) *Angle of intersection.* Streets and driveways shall intersect as nearly as possible at right angles, but not less than 70 degrees nor more than 110 degrees.

(D) *Arc.* Property lines at intersections shall be rounded by the following arcs:

(1) At the intersection of a local street with another street: at least 25 feet; and

(2) At all other street intersections: at least 50 feet.

(Ord. passed - -, § 153.075)

§ 153.126 GRADING.

Final surface grades on streets shall be not less than 0.5%, nor greater than 8%, as measured along the centerline of the street.

(Ord. passed - -, § 153.076)

Spencer - Land Usage

§ 153.127 TRAVERSE SLOPES.

(A) The slope of the pavement from the crown of the street to the edge of pavement, or pan of the gutter if present, shall be 2.08%.

(B) The slope on shoulders shall be 4%.
(Ord. passed - -, § 153.077)

§ 153.128 MINIMUM RADII OF CURVATURE ON THE CENTERLINE.

Where a deflection angle of greater than 10 degrees in the alignment of a street occurs, a curve shall be introduced as follows:

(A) Collector streets: 500 feet; and

(B) Local and industrial streets: 150 feet.
(Ord. passed - -, § 153.078)

§ 153.129 MINIMUM RIGHT-OF-WAY WIDTHS.

(A) Where a proposed lot abuts an existing public street with a half right-of-way width of less than 30 feet on the side of the street on which the lot is located, the owner shall dedicate land as necessary to provide a half right-of-way of 30 feet width as a public half right-of-way along the entire property line that abuts the street, except, however, that where the street is a state or federal street, the half right-of-way dedication shall conform with the state or federal requirement for the particular street on which the lot abuts, but shall be not less than 30 feet of the total half right-of-way width.

(B) The minimum width of dedicated public right-of-way within a development including a subdivision shall be not less than:

(1) Streets: 60 feet;

(2) Cul-de-sac (local street): outside diameter of 100 feet; and

(3) Cul-de-sac (industrial street): outside diameter of 120 feet.

(C) (1) The right-of-way width for streets under state or federal control shall be as determined by the owner thereof, but shall be dedicated at not less than 60 feet in width.

Subdivision

(2) Arterial streets or streets subject to widening may require a 50 foot dedication from the centerline.

(Ord. passed - -, § 153.079)

§ 153.130 HALF RIGHTS-OF-WAY FOR STREETS AND ALLEYS.

Dedication of half rights-of-way along the boundary of the land to be developed will be permitted only if the owner of the adjoining undeveloped land simultaneously dedicates the other half of the right-of-way as part of the plat.

(Ord. passed - -, § 153.080)

§ 153.131 PAVEMENT WIDTHS.

Minimum widths of paved surfaces of streets and alleys shall be:

<i>Street Classification</i>	<i>Width of Pavement, including Curb and Gutter</i>
Collector and local streets	Director of Planning Services uses the Street Department and thoroughfare plan
Cul-de-sac: local street	80 feet back-to-back of curb and gutter
Cul-de-sac: industrial street	100 feet back-to-back of curb and gutter

(Ord. passed - -, § 153.081)

§ 153.132 PAVEMENT MATERIALS AND MINIMUM DEPTHS.

Pavements shall meet the following standards:

<i>Material</i>	<i>Depth</i>	
	Industrial and Collector Streets	Local Streets
Sub-Base (under all pavements)		
Compacted aggregate #53 (95% density)	8 inches	6 inches
Flexible asphaltic pavement

(Ord. passed - -, § 153.082)

§ 153.133 CURBS AND GUTTERS.

(A) Concrete curbs and gutters shall be installed on each side of the paved street surface.

(B) The type selected shall be either stand-up, rolled or V-curb and according to the following specifications:

(1) *Base.* The base for the curb and gutter shall be 3 inches of compacted #53 aggregate or #11 stone.

(2) *Expansion and control joints.*

(a) Expansion joints shall be provided at the ends of each radius section and every 150 feet.

(b) Control joints shall be provided every 10 feet.

(c) Joints shall be filled with approved foams.

(3) *Concrete.* All concrete used in the curb and gutter shall be 3,500 p.s.i. or greater, as required by the traffic load, and shall meet the standard specifications for curbs and gutters of the Indiana Department of Transportation.

(Ord. passed - -, § 153.083)

Subdivision

§ 153.134 SHOULDERS.

Grass-surfaced shoulders, with a width of not less than 6 feet and a slope with a run and/or rise ratio of 3:1 or flatter, shall be installed along and adjacent to each side of a developed street or alley, and shall blend into the adjoining yard or drainage improvements as required.
(Ord. passed - -, § 153.084)

§ 153.135 SIDEWALKS.

(A) Sidewalks are required.

(1) Where installed, they shall be constructed of Portland cement concrete, not less than 4 inches thick and 5 feet wide, on 3 inches of compacted #53 aggregate.

(2) The slopes shall have run/rise ratios of 12:1 longitudinal and 50:1 lateral or flatter.

(3) Terminations at streets and driveways shall be ADA compliant.

(B) The following are encouraged:

(1) Tree plots between the sidewalk and the curb;

(2) Walking trails through natural areas and along the boundary of the subdivision; and

(3) Trails to other natural locations and parks.

(C) Added walking trails, green space and playgrounds may qualify a development for a density bonus.

(Ord. passed - -, § 153.085)

§ 153.136 SIGNS.

The petitioner shall provide the development with street signs, including, but not limited to, stop, street identification, parking control and information signs, in accordance with the standards of the town and the County Highway Department, and those in the *Indiana Manual on Uniform Traffic Control Devices for Streets and Highways*.

WASTEWATER SERVICE

§ 153.150 WASTEWATER TREATMENT; SANITARY SEWER STANDARDS.

(A) Where the system is to be connected to a public wastewater treatment system, the plans shall be certified by a professional engineer registered in Indiana.

(B) Where the system will connect to the town's wastewater facilities:

(1) The system shall be designed in accordance with the town's design standards;

(2) The plans shall be approved by the Town Council; and

(3) The petitioner shall obtain Indiana Department of Environmental Management construction permits.

(C) In all other cases, design and plan approval shall be by the appropriate county, state and federal agencies as required.

(D) The town may enter into contractual services to run, maintain or advise the operation of the town's wastewater facilities.

(E) Expansion and sizing of wastewater facilities must consult the land use policies of the Comprehensive Plan.

(Ord. passed - -, § 153.090)

§ 153.151 ACCEPTANCE OF IMPROVEMENTS.

(A) Where a new system is connected to the town's wastewater treatment facilities, conforms with the town's design and construction requirements, is located in a public right-of-way or dedicated public utility easement, and is accepted by the town. The petitioner may dedicate the public components of the system to the town as public improvements after installation.

(B) As-built plans for the completed system shall be filed with the Town Wastewater Department.

(Ord. passed - -, § 153.091)

§ 153.152 WASTEWATER TREATMENT OPTIONS.

(A) Options for the method of wastewater treatment for a proposed development do not exist.

Subdivision

(B) New methods for waste water disposal may be designed and models may be built on a small scale for research.

(C) However, no residential, commercial or industrial waste water system may be substituted for the town's public waste water system that is already in place.
(Ord. passed - -, § 153.092)

WATER SERVICE

§ 153.170 WATER SUPPLY SYSTEM STANDARDS.

(A) Where the system is to be connected to a public potable water system, the plans shall be certified by a professional engineer registered in Indiana.

(B) Where the system will connect to the town's or another public water distribution system:

(1) The system shall be designed in accordance with the town's design standards;

(2) The plans shall be approved by the Town Council or another utility board; and

(3) The petitioner shall obtain Indiana Department of Environmental Management construction permits.

(C) In all other cases, design and plan approval shall be by the appropriate county, state and federal agencies as required.
(Ord. passed - -, § 153.100)

§ 153.171 ACCEPTANCE OF IMPROVEMENTS.

(A) Where a new system is connected to the town's water facilities, conforms with the town's design and construction requirements, is located in a public right-of-way or dedicated public utility easement, and is accepted by the town, the petitioner shall dedicate the public components of the system to the town as public improvements after installation.

(B) As-built plans for the completed system shall be filed with the Town Water Utility Department.
(Ord. passed - -, § 153.101)

Spencer - Land Usage

§ 153.172 FIRE HYDRANTS.

(A) On any potable water supply system installed in an area served by the Town Fire Department, the petitioner shall install fire hydrants along the water main at intervals not to exceed 600 feet.

(B) Fire hydrant plans and installation shall be approved by the Town Council.

(C) Fire truck ease of access is required.
(Ord. passed - -, § 153.102)

ELECTRIC AND COMMUNICATIONS SERVICES

§ 153.190 ELECTRIC SERVICE.

(A) The petitioner shall arrange for the provision of a complete electric service supply system, providing not less than 2 phase, 120 volt, 60 cycle electric service, and located within dedicated public rights-of-way or public utility easements.

(B) Within the town, provisions shall be included for locating street lights at intersections, as required under the town's street light policy.

(C) The developer shall pay for the provision of street lights.

(D) Providing numbers of street lights sufficient for safety must be balanced by a concern for not adding to overall light pollution.
(Ord. passed - -, § 153.110)

§ 153.191 COMMUNICATIONS SERVICES.

(A) The petitioner is required to arrange for the provision of a system of telephone and other communications services.

(B) Dedicated public rights-of-way or public utility easements shall be provided for these services.
(Ord. passed - -, § 153.111)

Subdivision

ADMINISTRATION AND ENFORCEMENT

§ 153.205 DUTIES OF THE DIRECTOR OF PLANNING SERVICES.

The designated Town Director of Planning Services is hereby vested with the duty to administer and enforce the regulations under this chapter.
